

Getting a Good Night's Sleep

A good night's sleep is essential to feeling good, being able to learn and staying healthy. A lack of sleep can make you feel poorly, unable to learn and not want to go out with your friends and family.

If you are struggling to get a good night's sleep, follow these top tips:

- Think about your bedtime routine - what time do you go to bed? If you are going to bed too late, you will not get enough sleep. Try bringing your bedtime forward by 15 minutes at a time.

- Make sure you are really tired before you go to bed - the less time you spend awake in bed, the better.

- Spend at least 15 minutes' quiet time before trying to go to sleep so your body and brain can relax and prepare to sleep.

- Don't use your phone or computer before bed - this can stimulate your brain and make it more awake.

- Try having a lukewarm bath (not too hot or cold) - this can relax your body more.

- Try to go to bed at the same time every day once you have settled on a routine.
