Rising Sun The Decline Fall Of The Jap:

The Rising Sun John Toland, 2003-05-27 The Rising Sun is quite possibly the most readable yet informative account of the Pacific war Chicago Sun Times This Pulitzer Prize winning history of World War II chronicles the dramatic rise and fall of the Japanese empire from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki Told from the Japanese perspective The Rising Sun is in the author s words a factual saga of people caught up in the flood of the most overwhelming war of mankind told as it happened muddled ennobling disgraceful frustrating full of paradox In weaving together the historical facts and human drama leading up to and culminating in the war in the Pacific Toland crafts a riveting and unbiased narrative history In his Foreword Toland says that if we are to draw any conclusion from The Rising Sun it is that there are no simple lessons in history that it is human nature that repeats itself not history Unbelievably rich readable and exciting The best parts of Toland s book are not the battle scenes but the intimate view he gives of the highest reaches of Tokyo politics Newsweek

The Rising Sun John Toland, 2003-05-27 The Rising Sun is quite possibly the most readable yet informative account of the Pacific war Chicago Sun Times This Pulitzer Prize winning history of World War II chronicles the dramatic rise and fall of the Japanese empire from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki Told from the Japanese perspective The Rising Sun is in the author s words a factual saga of people caught up in the flood of the most overwhelming war of mankind told as it happened muddled ennobling disgraceful frustrating full of paradox In weaving together the historical facts and human drama leading up to and culminating in the war in the Pacific Toland crafts a riveting and unbiased narrative history In his Foreword Toland says that if we are to draw any conclusion from The Rising Sun it is that there are no simple lessons in history that it is human nature that repeats itself not history Unbelievably rich readable and exciting The best parts of Toland s book are not the battle scenes but the intimate view he gives of the highest reaches of Tokyo politics Newsweek

The Rising Sun John Toland, 2011-10-04 A chronicle of the World War II rise and fall of the Japanese empire from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki from the Japanese perspective

Atomic Salvation Tom Lewis, 2020-07-20 A thought provoking analysis of the bombing of Hiroshima and Nagasaki and what might have happened if conventional weapons were used instead It has always been a difficult concept to stomach that the atomic bombs dropped on Hiroshima and Nagasaki in 1945 causing such horrific suffering and destruction also brought about peace Attitudes toward the event have changed through the years from grateful

relief that World War II was ended to widespread condemnation of the United States Atomic Salvation investigates the full situation examining documents from both Japanese and Allied sources but also using in depth analysis to extend beyond the mere recounting of statistics It charts the full extent of the possible casualties on both sides had a conventional assault akin to D Day gone ahead against Japan The work is not concerned solely with the military necessity to use the bombs it also investigates why that necessity has been increasingly challenged over the successive decades Controversially the book demonstrates that Japan would have suffered far greater casualties likely around 28 million if the nation had been attacked in the manner by which Germany was defeated by amphibious assault artillery and air attacks preceding infantry insertion and finally by subduing the last of the defenders of the enemy capital It also investigates the enormous political pressure placed on America as a result of their military situation The Truman administration had little choice but to use the new weapon given the more than a million deaths that Allied forces would undoubtedly have suffered through conventional assault By charting reaction to the bombings over time Atomic Salvation shows that there has been relentless pressure on the world to condemn what at the time was seen as the best and only military solution to end the conflict Never has such an exhaustive analysis been made of the necessity behind bringing World War II to a halt

A Patriot's History of the United States Larry Schweikart, Michael Allen, 2014-11-25 For the past three decades many history professors have allowed their biases to distort the way America's past is taught These intellectuals have searched for instances of racism sexism and bigotry in our history while downplaying the greatness of America's patriots and the achievements of dead white men As a result more emphasis is placed on Harriet Tubman than on George Washington more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin A Patriot's History of the United States corrects those doctrinaire biases In this groundbreaking book America's discovery founding and development are reexamined with an appreciation for the elements of public virtue personal liberty and private property that make this nation uniquely successful This book offers a long overdue acknowledgment of America's true and proud history

Japanese History & Culture from Ancient to Modern Times John W. Dower, 1986

General Nonfiction Award 1962 - 1993 Heinz-D. Fischer, 2012-02-14 The School of Journalism at Columbia University has awarded the Pulitzer Prize since 1917 Nowadays there are prizes in 21 categories from the fields of journalism literature and music The Pulitzer Prize Archive presents the history of this award from its beginnings to the present In parts A to E the awarding of the prize in each category is documented commented and arranged chronologically Part F covers the history of the prize biographically and bibliographically Part G provides the background to the decisions

Stalin's War on Japan Charles Stephenson, 2021-06-09 This WWII military study examines the critical yet overlooked Soviet offensive on Japan's puppet state and its influence on winning the Pacific War Did Japan surrender in 1945 because the Americans dropped atomic bombs on Hiroshima and Nagasaki Or because of the crushing defeat inflicted by the Soviet Union in Manchukuo the Japanese

puppet state in north east China In Stalin s War on Japan Charles Stephenson describes the Soviet offensive from the top level decision making and early planning stages to its decisive outcome on the ground He also considers to what extent Japan s capitulation is attributable to the atomic bomb or the stunningly successful entry of the Soviet Union into the conflict Stephenson combines a vividly detailed narrative of the invasion itself with an absorbing account of the political and diplomatic process that gave rise to the offensive with particular focus on the Yalta conference There Stalin allowed the Americans to persuade him to join the war in the east a conflict he was determined on entering anyway Stalin s War on Japan sheds new light on the last act of the Second World War **Imperial Japan's World War Two** Werner Gruhl,2017-07-12

Gruhl s narrative makes clear why Japan s World War II aggression still touches deep emotions with East Asians and Western ex prisoners of war and why there is justifiable sensitivity to the way modern Japan has dealt with this legacy Knowledge of the enormity of Japan s total war is also necessary to assess the United States and her allies policies toward Japan and their reactions to its actions extending from Manchuria in 1931 to Hiroshima in 1945 Gruhl takes the view that World War II started in 1931 when Japan crowded and poor in raw materials but with a sense of military invincibility saw empire as her salvation and invaded China Japan s imperial regime had volatile ambitions but limited resources thus encouraging them to unleash a particularly brutal offensive against the peoples of Asia and surrounding ocean islands Their 1931 to 1945 invasions and policies further added to Asia s pre war woes particularly in China by badly disrupting marginal economies leading to famines and epidemics Altogether the victims of Japan s World War Two aggression took many forms and were massive in number Gruhl offers a survey and synthesis of the historical literature and documentation statistical data as well as personal interviews and first hand accounts to provide a comprehensive overview analysis The sequence of diplomatic and military events leading to Pearl Harbor as well as those leading to the U S decision to drop the atom bomb are explored here as well as Japan s war crimes and postwar revisionist apologist views regarding them This book will be of intense interest to Asian specialists and those concerned with human rights issues in a historical context [Black Gold and Blackmail](#)

Rosemary A. Kelanic,2020-05-15 Black Gold and Blackmail seeks to explain why great powers adopt such different strategies to protect their oil access from politically motivated disruptions In extreme cases such as Imperial Japan in 1941 great powers fought wars to grab oil territory in anticipation of a potential embargo by the Allies in other instances such as Germany in the early Nazi period states chose relatively subdued measures like oil alliances or domestic policies to conserve oil What accounts for this variation Fundamentally it is puzzling that great powers fear oil coercion at all because the global market makes oil sanctions very difficult to enforce Rosemary A Kelanic argues that two variables determine what strategy a great power will adopt the petroleum deficit which measures how much oil the state produces domestically compared to what it needs for its strategic objectives and disruptibility which estimates the susceptibility of a state s oil imports to military interdiction that is blockade Because global markets undercut the effectiveness of oil sanctions blockade is in practice the

only true threat to great power oil access That combined with the devastating consequences of oil deprivation to a state s military power explains why states fear oil coercion deeply despite the adaptive functions of the market Together these two variables predict a state s coercive vulnerability which determines how willing the state will be to accept the costs and risks attendant on various potential strategies Only those great powers with large deficits and highly disruptible imports will adopt the most extreme strategy direct control of oil through territorial conquest

Japan and the Security of Asia Louis D. Hayes,2001-01-01 In Japan and the Security of Asia Louis Hayes studies modern Japan s frustrated search for national security The book charts Japan s attempts to fashion its own place in the sun in the face of Great Power interventionism and national demands for regional hegemony first through nascent internationalism and later disastrous totalitarianism that culminated in war in the Pacific Hayes expertly tracks Japan s shifting foreign policy goals up to the present day moving from the preservation of the nation state by force to the drive for economic self aggrandizement as a Cold War client of the United States The book reveals to the student of modern Asian history a twenty first century Japan that has rejected unarmed neutrality and is reasserting its security independence in post Cold War Asia

The Turn of the Tide in the Pacific War Sean M. Judge,Jonathan M. House,2018-03-15 Midway through 1942 Japanese and Allied forces found themselves fighting on two fronts in New Guinea and the Solomon Islands These concurrent campaigns conducted between July 1942 and February 1943 proved a critical turning point in the war being waged in the Pacific as the advantage definitively shifted from the Japanese to the Americans Key to this shift was the Allies seizing of the strategic initiative a concept that Sean Judge examines in this book particularly in the context of the Pacific War The concept of strategic initiative in this analysis helps to explain why and how contending powers design campaigns and use military forces to alter the trajectory of war Judge identifies five factors that come into play in capturing and maintaining the initiative resources intelligence strategic acumen combat effectiveness and chance all of which are affected by political will His book uses the dual campaigns in New Guinea and the Solomon Islands as a case study in strategic initiative by reconstructing the organizations decisions and events that influenced the shift of initiative from one adversary to the other Perhaps the most critical factor in this case is strategic acumen without which the other advantages are easily squandered Specifically Judge details how General Douglas MacArthur and Admiral Chester Nimitz in designing and executing these campaigns provided the strategic leadership essential to reversing the tide of war whose outcome Judge contends was not as inevitable as conventional wisdom tells us The strategic initiative once passed to American and Allied forces in the Pacific would never be relinquished In its explanation of how and why this happened *The Turn of the Tide in the Pacific War* holds important lessons for students of military history and for future strategic leaders

If you ally craving such a referred **Rising Sun The Decline Fall Of The Jap** ebook that will give you worth, get the very best seller from us currently from several preferred authors.
