Natural Law Modernized:

Natural Law Modernized David Braybrooke, 2003-01-01 Braybrooke challenges received scholarly opinion by arguing that canonical theorists Hobbes Locke Hume and Rousseau took St Thomas Aquinas as their point of reference reinforcing rather than departing from his natural law theory Modern Catholic Social Teaching Kenneth R. Himes, 2018-01-02 Including contributions from twenty two leading moral theologians this volume is the most thorough assessment of modern Roman Catholic social teaching available In addition to interrogations of the major documents it provides insight into the biblical and philosophical foundations of Catholic social teaching addresses the doctrinal issues that arise in such a context and explores the social thought leading up to the modern era which is generally accepted as beginning in 1891 with the publication of Pope Leo XIII s *Rerum Novarum* The book also includes a review of how Catholic social teaching has been received in the United States and offers an informed look at the shortcomings and questions that future generations must address This second edition includes revised and updated essays as well as two new commentaries one on Pope Benedict XVI s encyclical *Caritas in Veritate* and one on Pope Francis s encyclical *Laudato Si* An outstanding reference work for anyone interested in studying and understanding the key documents that make up the central corpus of modern Catholic social teaching
