Naturalism Subjectivism:

Naturalism and Subjectivism Marvin Farber, 1959-01-01 This book will assist readers of philosophical literature to understand and to appraise a large section of the controversial philosophical thought of our time The central theme is the conflict between naturalism and idealism The idealist philosophy is considered in its historical outcome of subjectivism as developed in the phenomenological movement The use of phenomenology is discussed as a general philosophy as well as with respect to representative philosophies of human existence The naturalistic view of experience as represented by Dewey is contrasted with the subjectivistic treatment of pure experience which is taken to be somehow prior to nature **The**
