The Collected Works of W.H. Hudson William Henry Hudson,1923      Finding W. H. Hudson Conor Mark Jameson,2023-08-01 An imposing life size oil painting dominates the main meeting room at the RSPB s base in the heart of England the man above the fireplace always present rarely mentioned Curious about the person in the portrait the author began a quest to rediscover William Henry Hudson 1841 1922 It became a mission of restoration stitching back together the faded tapestry of Hudson s life re colouring it in places and adding new threads from the testaments of his closest friends This book traces the unassuming field naturalist s path through a dramatic and turbulent era from Hudson s journey to Britain from Argentina in 1874 to the unveiling by the prime minister of a monument and bird sanctuary in his honour 50 years later in the heart of Hyde Park a place where the young immigrant had for a time slept rough At its core this extraordinary story reveals Hudson s deep influence on the creation of his beloved Bird Society by its founding women and the rise of the conservation movement It reveals the strange magnetism of this mysterious man from the Pampas unschooled battle scarred and once penniless that made his achievements possible and left such a profound impression on those who knew him By the end of his life Hudson had Hollywood studios bidding for his work He was a household name through his luminous and seminal nature writing and the Bird Society had at last reached the climax of a 30 year campaign working to create the first global alliance of bird protectionists A century after Hudson s death this is a long overdue tribute to perhaps our most significant and most neglected writer naturalist and wildlife campaigner      **The Collected Works of W.
