

THE NATURE OF SEXUAL DESIRE

JAMES GILES

Nature Of Sexual Desire

P. Langford

Nature Of Sexual Desire:

Sexual Nature/Sexual Culture Paul R. Abramson, Steven D. Pinkerton, 1995-07 In this multidisciplinary study of human sexuality an international team of scholars looks at the influences of nature and nurture biology and culture and sex and gender in the sexual experiences of humans and other primates Using as its center the idea that sexual pleasure is the primary motivational force behind human sexuality and that reproduction is simply a byproduct of the pleasurability of sex this book examines sexuality at the individual societal and cultural levels Beginning with a look at the evolution of sexuality in humans and other primates the essays in the first section examine the sexual ingenuity of primates the dominant theories of sexual behavior the differences in male and female sexual interest and behavior and the role of physical attractiveness in mate selection The focus then shifts to biological approaches to sexuality especially the genetic and hormonal origins of sexual orientation gender and pleasure The essays go on to look at the role of pleasure in different cultures Included are essays on love among the tribespeople of the Brazilian rain forest and the regulation of adolescent sexuality in India Finally several contributors look at the methodological issues in the study of human sexuality paying particular attention to the problems with research that relies on people's memories of their sexual experiences The contributors are Angela Pattatucci Dean Hamer David Greenberg Frans de Waal Mary McDonald Pavelka Kim Wallen Donald Symons Heino Meyer Bahlburg Jean D Wilson Donald Tuzin Lawrence Cohen Thomas Gregor Lenore Manderson Robert C Bailey Alice Schlegel Edward H Kaplan Richard Berk Paul R Abramson Paul Okami and Stephen D Pinkerton Spanning the chasm of the nature versus nurture debate Sexual Nature Sexual Culture is a look at human sexuality as a complex interaction of genetic potentials and cultural influences This book will be of interest to a wide range of readers from scholars and students in psychology anthropology sociology and history to clinicians researchers and others seeking to understand the many dimensions of sexuality If we ever expect to solve the sexually based problems that modern societies face we must encourage investigations of human sexual behavior Moreover those investigations should employ a broad range of disciplines looking at sex from all angles which is precisely what Sexual Nature Sexual Culture does Mike May American Scientist This timely and relevant book reminds us that we cannot rely on simple solutions to complex problems It represents a transdisciplinary approach integrating knowledge from diverse fields and provides the reader with a challenging and rewarding experience Especially for those who are involved in teaching human sexuality to medical students and other health care professionals this book is highly recommended Gerald Wiviott M D Journal of Nervous and Mental Disease In short this volume contains much to stimulate inform and amuse in varying proportions What more can one ask Pierre L van den Berghe Journal of the History of Sexuality the book succeeds in bring together some of the sharpest thinkers in the field of human sexuality and goes a long way toward clarifying the diverse perspectives that currently exist David M Buss and Todd K Shackelford Quarterly Review of Biology

The Nature of Love Irving Singer, 1984 In this concluding volume of his impressive study of the history of

Western thought about the nature of love Irving Singer reviews the principal efforts that have been made by 20th Century thinkers to analyze the phenomenon of love The bulk of the book is taken up with critical accounts of the modern thinkers who have systematically called into question the possibility itself of love as a union of distinct human selves For the most part these critiques are effectively executed and they bring a high level of critical acumen to bear on skeptical theses about love that are now too often accepted as truisms Frederick A Olafson Los Angeles Times Book Review Irving Singer has developed a method of historical analysis flexible enough to deal with all kinds of love from Greek homosexual love in Plato to the philia and agape of the New Testament to the courtly love of medieval romance to the Romantics for whom love was magic This final volume brings us to the present In The Modern World Singer offers readings of Freud Proust and Sartre among others He shows how their work was formed in reaction to the 19th century ideal of merging of the identities of lover and beloved More often than not the great modern writers portray love as impossible as a field of failure and regret This masterpiece of critical thinking is a timely eloquent and scrupulous account of what after all still makes the world go round Thomas D Evelyn Christian Science Monitor This is the third of a three volume history of the philosophy of love It begins with Kierkegaard Tolstoy and Nietzsche in the nineteenth century and treats Freud Proust Bergson D H Lawrence G B Shaw Santayana Sartre and others in the twentieth Although the author s approach is primarily historical he intersperses critical remarks throughout Most of the major themes which are discussed by philosophers of love make their way into this history including friendship sexual love and the distinction between love that is based on the value of the beloved and love that bestows value on the beloved Singer devotes a number of pages to his own views on falling in love being in love and staying in love Singer s exposition is lucid and organized his criticisms are insightful Ethics In this third volume of historical overview of the development of the Western conception of love Singer uses writers philosophers and psychologists to provide the reader with an overview of love in the late 19th and 20th century Analyzing authors such as Tolstoy Proust D H Lawrence and Shaw and philosophers such as Nietzsche Kierkegaard Sartre and Santayana as well as Freud Singer links each contributor s thoughts to the influence of previous writers and also provides some psycho historical insight into their personal lives that might have been either a source or direct result of their views In this final volume Singer proceeds to look at not just the great men influence but also provides a chapter overviewing scientific contributions to our understanding of love Singer s work is a significant contribution to understanding the social construction of important abstract social and personal values By tracing love through different historical periods through a variety of voices Singer has created a rich history of the struggle between the ideal and the real between the dreams of what love should provide and the reality of what relationships have been in each historical period By personalizing the voice through psychohistorical analysis Singer also provides insight into the shaping of ideas through the intimate struggles of the shapers Mark V Chaffee Contemporary Psychology Nature, Sex, and Goodness in a Medieval Literary Tradition Hugh White, 2000 Nature is a highly important term in the ethical discourse of the

Middle Ages and as such a leading concept in medieval literature This book examines the moral status of the natural in writings by Alan of Lille Jean de Meun John Gower Geoffrey Chaucer and others showing how particularly in the erotic sphere the influences of nature are not always conceived as wholly benign Though medieval thinkers often affirm an association of nature with reason and therefore with the good there is also an acknowledgement that the animal the pre rational the instinctive within human beings may be validly considered natural In fact human beings may be thought to be urged almost ineluctably by the force of nature within them towards behaviour hostile to reason and the right

Sex, Cells, and Same-Sex Desire David A Parker, 2014-02-25 This fascinating new book explores the myriad aspects of biological theories of sexual preference Sex Cells and Same Sex Desire describes reviews and questions recent biological research on sexual preference from the point of view of knowledgeable scientists and of scholars in the social sciences and humanities representing the emerging field of gay studies The issues involved have a vibrant history are wide ranging and remain the objects of much controversy This book demystifies biological research on sexual preference and makes it accessible to readers unfamiliar with biological and medical research Sex Cells and Same Sex Desire is divided into several sections each of which is introduced by an explanation of key concepts and terms found in that section The book begins with a discussion of the history of biological theories and sociocultural concepts of gender and sexuality The next 3 sections explore specialized areas of biological science and related issues genetics and evaluation hormones and the endocrine system and brain physiology and structure A final section discusses social stigma science and medicine A glossary of terms used by the authors is included so readers may look up those that may be unfamiliar

Kant on Sex, Love, and Friendship Pärttyli Rinne, Martin Brecher, 2023-10-04 Sex love and friendship play an integral role in Immanuel Kant's conception of human life Against common prejudices Kant provides substantial contributions to the philosophical discussion of these topics This unique collection of essays sheds light on how the notions function in Kant's philosophy both individually and in conjunction with each other The essays examine intertwined issues such as theory of sexuality marriage including same sex marriage morality and sexual objectification love and autonomy love of human beings the conceptual structure of love friendship misanthropy and the highest good The contributors include internationally well known experts in the field They approach the topics diversely from historical philosophical critical and interpretative perspectives The collection will be an invaluable resource for Kant scholars and for anyone interested in affective social relations in the history of philosophy and beyond

Nature redeemed Eric Laguardia, 2015-07-24 No detailed description available for Nature redeemed

Modern Philosophies of Human Nature P. Langford, 2012-12-06 General Argument My aim is to survey some of the most influential philosophical writers on human nature from the time that Augustine codified Christian belief to the present During this period philosophical opinions about human nature underwent a transformation from the God centered views of Augustine and the scholastics to the human centered ideas of Nietzsche Freud and Sartre While one aim has simply been to provide a handy

survey I do have three polemical purposes One is to oppose the notion that the modernism of more recent writers was produced by methodological innovations According to both Freud and Sartre as well as other key figures like Lacan and Heidegger their views were the product of new methods of investigating human nature namely those of psychoanalysis and the phenomenological reduction Psychoanalysis claimed to use the interpretation of both dreams and the relationship between analyst and patient to penetrate the unconscious Phenomenology has claimed that trained philosophers are able to obtain a privileged view of consciousness by a special act of thought called the phenomenological reduction which enables them to view consciousness without preconceptions On many issues my sympathies are with Nietzsche rather than with Freud or phenomenology This is also the case regarding methodology Nietzsche saw quite clearly that the possibility of popularising the views he himself held came from the decline of Christianity My rejection of exclusive reliance upon the methodologies of psychoanalysis and phenomenology is based on two lines of argument

How Sexual Desire Works

Frederick Toates, 2014-09-18 Shows how the diversity of sexual desires both normal and unusual emerge from the interactions between underlying brain processes

Chemistry of Human Nature

Tom Husband, 2020-08-28 Why does chocolate taste so good Why do we seek the one How do traits such as intelligence creativity and violence arise and what purpose do they serve This book links these characteristics to the origins of life showing that the conditions necessary to bring life into existence echo through our modern day behaviour The chemistry of the body is not only fascinating but also highly relevant to everyone since we are all concerned with maximising our health and enjoyment of life Currently there are not many popular science books concerned with biochemistry One reason for this might be the particularly complex nature of the science involved This book starts with the fundamentals and then works towards a deeper understanding of the chemistry of human nature Essential reading for anyone with an interest in this science and written at a level accessible to experts and non experts alike

The Nature of Love, Volume 3

Irving Singer, 2009-02-27 The final volume of Singer's trilogy discusses ideas about love in the work of writers ranging from Kierkegaard Nietzsche and Tolstoy to Freud Proust D H Lawrence Shaw and others in the contemporary world Irving Singer's trilogy The Nature of Love has been called majestic New York Times Book Review monumental Boston Globe one of the major works of philosophy in our century Nous wise and magisterial Times Literary Supplement and a masterpiece of critical thinking that is a timely eloquent and scrupulous account of what after all still makes the world go round Christian Science Monitor In the third volume Singer examines the pervasive dialectic between optimistic idealism and pessimistic realism in modern thinking about the nature of love He begins by discussing anti Romantic Romantics focusing on Kierkegaard Nietzsche and Tolstoy influential nineteenth century thinkers whose views illustrate much of the ambiguity and self contradiction that permeate thinking about love in the last hundred years He offers detailed studies of Freud Proust Shaw D H Lawrence and Santayana and he maps the ideas about love in Continental existentialism particularly those of Sartre and de Beauvoir Singer finally envisages a future of cooperation between

pluralistic humanists and empirical scientists This last volume of Singer's trilogy does not pretend to offer the final word on the subject any more than do most of the philosophers he discusses but his masterful work can take its place beside their earlier investigations into these vast and complex questions

Yeah, reviewing a book **Nature Of Sexual Desire** could amass your close connections listings. This is just one of the solutions for you to be successful. As understood, expertise does not recommend that you have fabulous points.

Comprehending as well as harmony even more than new will present each success. next-door to, the message as competently as perspicacity of this Nature Of Sexual Desire can be taken as without difficulty as picked to act.

Nature Of Sexual Desire Introduction

In the digital age, access to information has become easier than ever before. The ability to download Nature Of Sexual Desire has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nature Of Sexual Desire has opened up a world of possibilities. Downloading Nature Of Sexual Desire provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nature Of Sexual Desire has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nature Of Sexual Desire. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nature Of Sexual Desire. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nature Of Sexual Desire, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nature Of Sexual Desire has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the

vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Nature Of Sexual Desire Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Nature Of Sexual Desire is one of the best book in our library for free trial. We provide copy of Nature Of Sexual Desire in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Nature Of Sexual Desire. Where to download Nature Of Sexual Desire online for free? Are you looking for Nature Of Sexual Desire PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Nature Of Sexual Desire. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Nature Of Sexual Desire are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Nature Of Sexual Desire. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Nature Of Sexual Desire To get started finding Nature Of Sexual Desire, you are right to find our website which has a comprehensive collection

of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Nature Of Sexual Desire So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Nature Of Sexual Desire. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Nature Of Sexual Desire, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Nature Of Sexual Desire is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Nature Of Sexual Desire is universally compatible with any devices to read.
