Naughty Or Nice:

Naughty Or Nice Dale R. Gross, 2013-08 *Naughty or Nice* may be the first Christmas story of its kind that is written for adults with adult content but also with a truly compelling story Christmas is coming and so is Santa and your children may have invited him to your house for this holiday He has enchanted parchment and his magic bag will bring the nice children gifts and sweets but not the naughty after receiving their letters His elves toil to keep Santa's home running and Santa cared for in a first rate manner while Santa's adversary Madam Ari knows he is bringing the children and would like nothing more but to have them for herself and her own magical house He does however find that the parents are more naughty than nice in his travels Santa visiting year after year becomes too much for the parents and all too real They command their loving children to tell him not to come any longer since he had become more than they had bargained for and now he has their children After Santa Decides to take the children to his home he leaves the parents to answer to law enforcement and the press as to what happened to their dearly loved offspring The tension grows when they are caught being less than completely honest with the investigation Don't miss the continuation to the story with *Ari's Revenge* 1,001 Ways to Celebrate Family Cider Mill Press, 2020-05-12 Kids get bored no matter what the occasion This book remedies that with fun and unique ideas that will add excitement to any gathering and keep them off the phone And as any parent knows a grumpy child can make for a grumpy adult these fun educational and unplugged activities from games to play in the car to scavenger hunts and ideas for trying new foods will keep everyone happy No matter if you are going camping visiting family hosting a family reunion or just looking to make your next car ride more exciting this book drives home the importance of making each and every day a family day without screen time Poems, Piety, and Psyche David John Keighley, 2020-10-23 Confronting the crisis facing Christianity this anthology of post modern progressive Christian poems with a rebellious tone demythologizes Christian theology *Poems Piety and Psyche* is a brave departure from literal Christian dogma and challenges the outdated ideas of doctrine and Scripture to disclose hidden truths still valid today This volume is an attempt to revitalize the church and reshape its future for current congregations and the missing generation of young people scientifically literate who are exiled from the church through its inability to absorb contemporary teaching of biblical criticism the reality of evolution the false idea of a God up there and an institutional insistence on an unconvincing supernatural theology Christianity must be adapted to incorporate these and change or it will die David Keighley reclaims the original gospel message and takes us on a turbulent and challenging journey to the heart of what it is to be truly Christian There is in these poems an emphasis on the teaching of the historical Jesus while rejecting nature miracles the virgin birth and bodily resurrection Jesus's divinity is that we can see God in him in the same way as we see God in the lives of each other if we look closely enough **Having a Wonderful Christmas Time Film Guide** Terry Rowan, 2014-04-27 A comprehensive Holiday look at the films that are the joyful part of the year and our lives The story of the film people who bring you joy during the holiday season Plus many other

Christmas traditions customs decorative ideas and other tales as well as facts from this festive time Plus a Christmas Media Trivia Quiz

Dwell, 2004-03 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines

The Psychic Life of George Herbert Leigh Mallory Ray Eugene Harkleroad, Junior, 2014-01-27 The same soul returns in this lifetime with knowledge of those events of the past and with knowledge of future events that have been shared with persons of prominence and potential and the ability to understand and convey the myriad entwining and entanglements resulting from karmic interaction with loved family and ancient foe Tasks directly given by God through Metatron the Voice of God brings the author to Palm Springs California where this book is written as history instruction and counsel for those seeking greater understanding of their worth and purpose for existence and an understanding of challenges confronting each person in their daily life

The Emotions of Protest James M. Jasper, 2018-05-24 In Donald Trump s America protesting has roared back into fashion The Women s March held the day after Trump s inauguration may have been the largest in American history and resonated around the world Between Trump s tweets and the march s popularity it is clear that displays of anger dominate American politics once again There is an extensive body of research on protest but the focus has mostly been on the calculating brain a byproduct of structuralism and cognitive studies and less on the feeling brain James M Jasper s work changes that as he pushes the boundaries of our present understanding of the social world In *The Emotions of Protest* Jasper lays out his argument showing that it is impossible to separate cognition and emotion At a minimum he says we cannot understand the Tea Party or Occupy Wall Street or pro and anti Trump rallies without first studying the fears and anger moral outrage and patterns of hate and love that their members feel This is a book centered on protest but Jasper also points toward broader paths of inquiry that have the power to transform the way social scientists picture social life and action Through emotions he says we are embedded in a variety of environmental bodily social moral and temporal contexts as we feel our way both consciously and unconsciously toward some things and away from others Politics and collective action have always been a kind of laboratory for working out models of human action more generally and emotions are no exception Both hearts and minds rely on the same feelings racing through our central nervous systems Protestors have emotions like everyone else but theirs are thinking hearts not bleeding hearts Brains can feel and hearts can think

Breaking Down the State Jan Willem Duyvendak, James Jasper, 2025-10-01 In this important book Jan Willem Duyvendak and James M Jasper bring together an internationally acclaimed group of contributors to demonstrate the complexities of the social and political spheres in various areas of public policy By breaking down the state into the players who really make decisions and pursue coherent strategies these essays provide new perspectives on the interactions between political protestors and the many parts of the state from courts political

parties and legislators to police armies and intelligence services By analyzing politics as the interplay of various players within structured arenas Breaking Down the State provides an innovative look at law and order versus opposition movements in countries across the globe

Santa Claus Letlhokwa George Mpedi,2020-11-30 The origins of Santa Claus or so I am told is that the young Bishop Nicholas secretly delivered three bags of gold as dowries for three young girls to their indebted father to save them from a life of prostitution Armed with immortality a factory of elves and a fleet of reindeer his has been a lasting legacy inextricably linked to Christmas Of course this Christmas looks a little different Amidst a global pandemic shimmying down the chimneys of strangers certainly does not adhere to social distancing guidelines Some borders remain closed and in some instances the quarantine period is far too long After all he only has 24 hours to spread cheer across the world As with the rest of us Santa Claus is likely to get the remote working treatment The reindeers this year are likely to be self driving reminiscent of an Amazon swarm of technology and the naughty and nice lists are likely to be based on algorithms derived from social media accounts In the age of the fourth industrial revolution it is difficult to imagine that letters suffice anymore How many posts were verified as real before shared Enough to get you a drone Fake news Here is a lump of coal Will we see elves in personal protective equipment PPE and will Santa Claus high risk because of age and his likely comorbidities from the copious amount of cookies have to self isolate in the North Pole In fact will there be any toys at all this year Surely production has been stalled with the restrictions on imports and exports into the North Pole Perhaps there is a view to outsourcing or perhaps there is a shift towards local production and supply chains More importantly as we have done in many instances in this period maybe we should pause to reflect on the current structures in place The sanctification of a figure so clearly dismissive of the Global South and to be critical quite classist must be called into question From some of the keenest minds the contributions in this book make a

strong case against this holly jolly man We traverse important topics such as is the constitution too lenient with a clear intruder who has conveniently branded himself a Good Samaritan Allegations of child labour under the guise of elves blatant animal cruelty constant surveillance in stark contrast to many democratic ideals and his possible threat to national security come to the fore Nevertheless as the song goes he is aware when you are asleep and he knows when you are awake Is feminism a farce to this beloved man what role does Mrs Claus play and why are there inherent gender norms in his toys Then is the worry of closed borders and just how accurate his COVID 19 tests are Of course this brings his ethics into question While there is an agreement that transparency justice and fairness nonmaleficence responsibility and privacy are the core ethical principles the meaning of these principles differs particularly across countries and cultures Why are we subject to Santa Claus notions of good and evil when he is so far removed from our context As Richard Thaler and Cass Sunstein would tell you this is fundamentally a nudge from Santa Claus for children to fit into his ideals A nudge coined by Thaler is a choice that predictably changes people s behaviour without forbidding any options or substantially changing their economic incentives Even with pinched cheeks and an air of holiday cheer Santa Claus has to come under scrutiny In the process of decolonising knowledge and looking at various epistemologies does Santa still make the cut
