Navaho Religion A Study Of Symbolism

Gladys A. Reichard

Navaho Religion A Study Of Symbolism:

Navaho Religion Gladys Amanda Reichard, 1974 In this in depth exploration of the symbols found in Navaho legend and ritual Gladys Reichard discusses the attitude of the tribe members toward their place in the universe their obligation toward humankind and their gods and their conception of the supernatural as well as how the Navaho achieve a harmony within their world through symbolic ceremonial practice Originally published in 1963 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Navaho Religion Gladys A. Reichard, 1990 *Navaho religion; a study of symbolism. In two volumes* Gladys A. Reichard, 1950 **Navaho Religion. A Study of Symbolism, Etc. (Second Edition.) [With Folding Charts.]** Gladys Amanda REICHARD, 1963 Navaho Religion. A Study of Symbolism. Second Printing. [With Plates.] Gladys Amanda REICHARD, 1950 **Lived Topographies and Their Mediational Forces** Gary Backhaus, John Murungi, 2005-01-01 This collection explores the various forms of narrative semiotic and technological mediation that shape the experience of place From the East End of London to Navajo lands to Ground Zero Lived Topographies examines the great effect of language mass media surveillance and other incursions of the contemporary world on topographical experience and description Gary Backhaus and John Murungi have assembled a wide array of scholars to provide an interdisciplinary approach to this subject giving this collection a unique perspective on the phenomenology of place BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Molded in the Image of Changing Woman Maureen Trudelle Schwarz, 2022-03-29 What might result from hearing a particular song wearing used clothing or witnessing an accident Ethnographic accounts of the Navajo refer repeatedly to the influences of events on health and well being yet until now no attempt has been made to clarify the Navajo system of rules governing association and effect This book focuses on the complex interweaving of the cosmological social and bodily realms that Navajo people navigate in an effort alternately to control contain or harness the power manifested in various effects Following the Navajo life course from conception to puberty Maureen Trudelle Schwarz explores the complex rules defining who or what can affect what or whom in specific circumstances as a means of determining what these effects tell us about the cultural construction of the human body and personhood for the Navajo Schwarz shows how oral history informs Navajo conceptions of the body and personhood showing how these conceptions are central to an ongoing Navajo identity She treats the vivid narratives of emergence life origins as compressed metaphorical accounts rather than as myth and is thus able to derive from what individual Navajos say about the past their understandings of personhood in a worldview that is actually a viable philosophical system Working with Navajo

religious practitioners elders and professional scholars Schwarz has gained from her informants an unusually firm grasp of the Navajo highlighted by the foregrounding of Navajo voices through excerpts of interviews These passages enliven the book and present Schwarz and her Navajo consultants as real multifaceted human beings within the ethnographic context

The Elementary Structures of Kinship Claude Levi-Strauss, 2016-05-10 Professor L vi Strauss s first major work *Les Structures mentales de la Parenté* has acquired a classic reputation since its original publication in 1949 and it has become the constant focus of academic debate about central theoretical concerns in social anthropology It is however a long and difficult book for many students to read in French and its arguments have consequently become known even among professional anthropologists largely through critical analysis It was republished in a revised French edition in 1967 with a new foreword by the author and it is this text with his further emendations that has been used in this translation L vi Strauss applies his intellectual powers to the perennial problem of incest which he elucidates by means of the concept of exchange as formulated by Marcel Mauss in his famous analysis of the gift *Essai sur le don* 1925 He distinguishes two elementary modes of exchange which govern not only the conventional variety of goods and services but also the transfer of women in marriage these are restricted and generalized exchange With a mass of ethnographic evidence he demonstrates how the formidable intricacy of marriage customs comprising moral and jural ideas and institutions which appear to be essentially arbitrary can be seen as local and historical rules of exchange Charles L vi Strauss traces these rules throughout a vast range of simple societies chiefly in Australia and mainland Southeast Asia but also in the Americas in Oceania and in other parts of the world To this survey he adds two extended sections on the great civilizations of China and India He continues with a briefer consideration of the passage from elementary to complex structures with particular reference to African societies and concludes with a stimulating chapter on the principles of kinship exchange as the universal basis for marriage prohibitions and the formal relations between the sexes as part of a universe of communication Although much of the work is technical consisting of detailed analyses of types of social organization with which social anthropologists will be most familiar it also contains much that will be of interest to psychologists linguists and philosophers and to all who are interested in the possibility and the technique of the structural analysis of human activity After the successes moreover of L vi Strauss s subsequent books notably *Structural Anthropology* *Tristes Tropiques* *Totemism* and *The Savage Mind* this new edition of the work which founded his present outstanding reputation will have additional value as a further means of contact with one of the original minds of this century The translation has been made by James Harle Bell and John Richard von Sturmer of the University of New England Australia and by Rodney Needham of the University of Oxford Dr Needham also acted as general editor and supplied the work with a new general index He is the translator of L vi Strauss s *Le Totémisme aujourd hui* and author of *Structure and Sentiment* 1962 and numerous papers which have contributed to the recognition of Professor L vi Strauss s work in the English speaking world *Native American Literature* Helen May Dennis, 2006-11-22 *Native American*

Literature underwent a Renaissance around 1968 and the current canon of novels written in the late twentieth century in American English by Native American or mixed blood authors is diverse exciting and flourishing Despite this very few such novels are accepted as part of the broader American literary canon This book offers a valuable and original approach to contemporary Native American literature Dennis s contemplation of space and spatialized aesthetics is compelling and persuasive Considering Native American literature within a modernist framework and comparing it with writers such as Woolf Stein T S Eliot and Proust results in a valuable and enriching context for the selected texts Vital reading for scholars of Native American Literature this book will also provide good grounding in the subject for those with an interest in American and twentieth century literature more generally

Women, Language and Linguistics Julia S. Falk, 2002-01-31 This book explores the vital part which women have played in preserving a linguistics based on the reality and experience of language bringing to light a much neglected perspective for those working in linguistics
