Navajos Woman

Raymond Friday Locke

Navajos Woman:

Women and Power in Native North America Laura F. Klein, Lillian A. Ackerman, 1995 Power is understood to be manifested in a multiplicity of ways through cosmology economic control and formal hierarchy In the Native societies examined power is continually created and redefined through individual life stages and through the history of the society The important issue is autonomy whether or to what extent individuals are autonomous in living their lives Each author demonstrates that women in a particular cultural area of aboriginal North America had and have more power than many previous observers have claimed *Tall Woman* Rose Mitchell, 2001 Portrays Navajo weaver and midwife Tall Woman who held onto traditional Navajo ways raised twelve children and cared for the farm throughout her marriage to political leader and Blessingway singer Frank Mitchell Molded in the Image of Changing Woman Maureen Trudelle Schwarz, 1997-07 What might result from hearing a particular song wearing used clothing or witnessing an accident Ethnographic accounts of the Navajo refer repeatedly to the influences of events on health and well being yet until now no attempt has been made to clarify the Navajo system of rules governing association and effect This book focuses on the complex interweaving of the cosmological social and bodily realms that Navajo people navigate in an effort alternately to control contain or harness the power manifested in various effects Following the Navajo life course from conception to puberty Maureen Trudelle Schwarz explores the complex rules defining who or what can affect what or whom in specific circumstances as a means of determining what these effects tell us about the cultural construction of the human body and personhood for the Navajo Schwarz shows how oral history informs Navajo conceptions of the body and personhood showing how these conceptions are central to an ongoing Navajo identity She treats the vivid narratives of emergence life origins as compressed metaphorical accounts rather than as myth and is thus able to derive from what individual Navajos say about the past their understandings of personhood in a worldview that is actually a viable philosophical system Working with Navajo religious practitioners elders and professional scholars Schwarz has gained from her informants an unusually firm grasp of the Navajo highlighted by the foregrounding of Navajo voices through excerpts of interviews These passages enliven the book and present Schwarz and her Navajo consultants as real multifaceted human beings within the ethnographic context **The Book of the Navajo** Raymond Friday Locke, 2001 **A History of the Chaco Navajos** David M. Brugge, 1980 In the present report David Brugge a National Park Service anthropologist and a recognized authority on the Athabaskans of the Southwest carefully and meticulously details the history of the Navajo people of the Chaco area Brugge's account is fundamentally descriptive and consciously impartial Yet at times he presents us alternative views to the published accounts of historical events of the area offering the Navajo version as gleaned from interviews with the old people themselves *Blood and Voice* Maureen Trudelle Schwarz, 2003-08 Drawing on interviews with seventeen Navajo women practitioners and five apprentices the author examines Navajo women's role as ceremonial practitioners examining the gender differences dictated by the Navajo origin

story detailing how women came to be practitioners and revealing their experiences and the strategies they use to negotiate being both woman and singer

A Woman's Place Maureen E. Reed, 2005 Profiles of six remarkable women writers and artists whose work was shaped significantly by their relationship with New Mexico

Spider Woman Gladys Amanda Reichard, 1997 This lively account of a pioneering anthropologist's experiences with a Navajo family grew out of the author's desire to learn to weave as a way of participating in Navajo culture rather than observing it from the outside In 1930 when Gladys Reichard came to stay with the family of Red Point a well known Navajo singer it was unusual for an anthropologist to live with a family and become intimately connected with women's activities First published in 1934 for a popular audience Spider Woman is valued today not just for its information on Navajo culture but as an early example of the kind of personal honest ethnography that presents actual experiences and conversations rather than generalizing the beliefs and behaviors of a whole culture Readers interested in Navajo weaving will find it especially useful but Spider Woman's picture of daily life goes far beyond rugs to describe trips to the trading post tribal council meetings curing ceremonies and the deaths of family members

Women in Navajo Society Ruth Roessel, 1981
