Osterman,2015-09-21 What God Says About Music is written to address issues that have consistently been raised about the effect of music upon the mind body and spirit This book was born out of a desire to address these three areas from biblical and scientific research not merely from personal opinion You will see that God is not silent when it comes to these issues but has indeed addressed them through His word and through the Spirit of Prophecy You will learn that music has a role to play in the new world order and that it has profound effect upon the character the only part of our being that will be transported to heaven Finally the book gives practical principles for choosing music that will be edifying enriching and enjoyable on this earth until we are able to gather around the throne of God and render perfect songs of praise to Jesus Christ our Lord and Saviour in gratitude for the gift of eternal life *Books and Pamphlets, Including Serials and Contributions to Periodicals* Library of Congress.
