Nazi War Aims

John Robert Bengtson

Nazi War Aims:

Hitler's War Aims Norman Rich,1973 Dealing with the military phase of Hitler s expansion Rich tells an absorbing story of Germany s relentless drive in every direction and provides a vivid account of the relations between Hitler and his newly acquired subjects and satellites Hans W Gatzke Political Science Quarterly **Nazi War Aims** John Robert Bengtson,1962

Nazi War Aims John Robert Bengtson,2011-04 *War Aims in the Second World War* Victor Rothwell,2019-08-07 No detailed description available for War Aims in the Second World War [Nazi Ideology and the Pursuit of War Aim: 1941-45](#) Kenneth Burgess,2014 Author s abstract The purpose of this thesis is to examine what can be considered a military blunder on the part of the Nazi Germans On June 22 1941 Nazi Germany launched a massive invasion into the Soviet Union and Soviet territories The political goals of Operation Barbarossa were to seize hold of the expanses of land belonging to the Soviet Union This would serve as the foundation for increased agricultural production and the enslavement of any remaining Slavic people for the supposed greater good Germany Additionally the Nazis desired to erase the presence of all Jews living within the Soviet Union and Soviet held territories Eventually this goal would be aimed at eliminating Jews across all of Europe and would be dubbed the Final Solution Furthermore the Nazis desired the supply of oil fields within the region surrounding the Caucasus Mountains This would help fuel the Nazi war machine as Adolf Hitler continued to progress towards his goal of establishing a Third Reich The goals of the military were to achieve a complete victory over the Red Army Nazi plans called for a quick conquest which would enable the Wehrmacht to encircle and defeat the bulk of the Red Army within the first four months of the campaign By studying Operation Barbarossa historians can equate the operation to a pursuit of war aims These included a two pronged war that was aimed at both crushing the Red Army and eliminating the Jews Militarily the Nazis did not have the manpower to pursue both the Final Solution and war against the Red Army This thesis will examine how the Nazis misused vial resources of manpower in the name of Nazi ideology from the commencement of Operation Barbarossa to the end of the war in 1945 *Hitler's War Aims* Norman Rich,1974-02 After an opening chapter that describes the treatment of the Jews in German society the focus shifts to the government and administration of the conquered countries ranging from those nations with a substantial population of ethnic Germans to those such as the Balkan states where few if any Germanic peoples could be found To round out the account Professor Rich also deals with Hitler s intentions toward countries and continents that never were brought into the Nazi empire The volume provides a comprehensive picture of the world that would have existed had Hitler achieved the totality of his war aims **The War Aims and Strategies of Adolf Hitler** Oscar Pinkus,2005-06-29 Many have commented upon Hitler s inexplicable behavior during World War II He failed to invade England he neglected his air force he engaged enemies on multiple fronts Viewed in terms of Germany s struggle against the West these and other actions made little sense In truth however the war against Western powers had little to do with Hitler s grand plan to conquer Russia and lands to the east of Germany eradicate or

enslave their populations and create a vast Teutonic empire In light of this goal Hitler s actions were consistent throughout In line with his dictum of All or Nothing once Hitler failed to defeat Russia in December 1941 he conducted the rest of the war with the sole purpose of inflicting maximum bloodshed and desolation including upon Germany itself Weakened sensing defeat he knew he was a drowning man and he was determined to take friend and foe alike down with him This evaluation of Hitler s objectives in World War II expands upon a theory gaining prominence among historians Hitler s true motive was a crusade against the East and he had little interest in waging war with England much less the United States It examines the different nature of the war on the Eastern and Western fronts the disparate treatment afforded the two groups of POWs and civilians and Hitler s scorched earth policy adopted after his primary objective proved beyond his grasp In poignant painful detail it recreates the Russians devastating four year struggle against Germany which went much further towards ensuring its defeat than any of the comparatively belated Western efforts **Nazi War Aims** John Robert Bengtson,1962 **British War Aims** John Knox,1941 **Diffidence And Ambition** Carlo Maria Santoro,2019-04-11 This book argues that the period of U S neutrality at the beginning of World War II was crucial in developing the concepts of interdependence and national security that remain integral to U S foreign policy today
