Remember Maksim Goldenshteyn, 2022-01-20 When we think of Nazi camps names such as Auschwitz Bergen Belsen and Dachau come instantly to mind Yet the history of the Holocaust extends beyond those notorious sites In the former territory of Transnistria located in occupied Soviet Ukraine and governed by Nazi Germany s Romanian allies many Jews perished due to disease starvation and other horrific conditions Through an intimate blending of memoir history and reportage So They Remember illuminates this oft overlooked chapter of the Holocaust In December 1941 with the German led invasion of the Soviet Union in its sixth month a twelve year old Jewish boy named Motl Braverman along with family members was uprooted from his Ukrainian hometown and herded to the remote village of Pechera the site of a Romanian death camp Author Maksim Goldenshteyn the grandson of Motl first learned of his family s wartime experiences in 2012 Through tireless research Goldenshteyn spent years unraveling the story of Motl his family members and their fellow prisoners The author here renders their story through the eyes of Motl and other children who decades later would bear witness to the traumas they suffered Until now Romanian historians and survivors have served as almost the only chroniclers of the Holocaust in Transnistria Goldenshteyn s account based on interviews with Soviet born relatives and other survivors archival documents and memoirs is among the first full length books to spotlight the Pechera camp ominously known by its prisoners as Mertvaya Petlya or the Death Noose Unfortunately as the author explains the Pechera camp was only one of some two hundred concentration sites spread across Transnistria where local Ukrainian policemen often conspired with Romanian guards to brutalize the prisoners In March 1944 the Red Army liberated Motl s family and fellow captives Yet for decades according to the author they were silenced by Soviet policies enacted to erase all memory of Jewish wartime suffering So They Remember gives voice to this long repressed history and documents how the events at Pechera and other surrounding camps and ghettos would continue to shape remaining survivors and their descendants Jews and Gentiles in Central and Eastern Europe during the Holocaust Hana Kubátová, Jan Láníček, 2017-09-11 Providing diverse insights into Jewish Gentile relations in East Central Europe from the outbreak of the Second World War until the reestablishment of civic societies after the fall of Communism in the late 1980s this volume brings together scholars from various disciplines including history sociology political science cultural studies film studies and anthropology to investigate the complexity of these relations and their transformation from perspectives beyond the traditional approach that deals purely with politics This collection thus looks for interactions between the public and private and what is more it does so from a still rather rare comparative perspective both chronological and geographic It is this interdisciplinary and comparative perspective that enables us to scrutinize the interaction between the individual majority societies and the Jewish minorities in a longer time frame and hence we are able to revisit complex and manifold encounters between Jews and Gentiles including but not limited to propaganda robbery violence but also help and rescue In doing so this collection challenges the representation of these encounters in post war literature films and the historical consciousness This book was originally published as a special issue of Holocaust Studies

The Politics of Famine in European History and Memory Ingrid de Zwarte, Miguel Ángel del Arco Blanco, 2025-05-15

This is the first book to bring together groundbreaking scholarship focusing on the various ways in which famines result from political decision making and how the threat occurrence relief or memory of famine is instrumentalized as a political and military tool Contributions to this volume reveal the complexities variations and motivations behind the instrumentalization of famine by political actors and regimes and how the politics of perpetrating hunger and the politics of relieving it have often been intertwined They also address how famine legacies have been subsequently politicized in public debates educational practices and popular media and how these socially and politically constructed memories and myths in turn have shaped broader narratives about hunger and humanitarianism both in history and today The Politics of Famine in European History and Memory provides a crucial resource for scholars and students from all disciplines interested in the study of famines as well as those interested in the history of war and troubled pasts more generally

Olesya Khromeychuk **The Historiography of Genocide** Anton Weiss-Wendt, Robert Krieken, Alfred A. Cave, Ben Kiernan, Doris Bergen, David Moshman, Victoria Sanford, John Docker, Robert Hitchcock, 2008-02-13 The Historiography of Genocide is an indispensable guide to the development of the emerging discipline of genocide studies and the only available assessment of the historical literature pertaining to genocides *Ukraine* Serhy Yekelchuk, 2007-03-29 Among the largest states in Europe Ukraine first appeared on the world map in 1991 and has been in the newspaper headlines since the Orange Revolution of 2004 which brought Victor Yushchenko to power In current events this state has been seen as symbolic of the relationship between Russia and the United States Yekelchuk a Ukrainian born and Western trained historian delivers a concise volume tracing the complex multiethnic history of Ukraine from the late 19th century to the present **Erased** Omer Bartov, 2015-02-22 In *Erased* Omer Bartov uncovers the rapidly disappearing vestiges of the Jews of western Ukraine who were rounded up and murdered by the Nazis during World War II with help from the local populace What begins as a deeply personal chronicle of the Holocaust in his mother's hometown of Buchach in former Eastern Galicia carries him on a journey across the region and back through history This poignant travelogue reveals the complete erasure of the Jews and their removal from public memory a blatant act of forgetting done in the service of a fiercely aggressive Ukrainian nationalism Bartov a leading Holocaust scholar discovers that to make sense of the heartbreaking events of the war he must first grapple with the complex interethnic relationships and conflicts that have existed there for centuries Visiting twenty Ukrainian towns he recreates the histories of the vibrant Jewish and Polish communities who once lived there and describes what is left today following their brutal and complete destruction Bartov encounters Jewish cemeteries turned into marketplaces synagogues made into garbage dumps and unmarked burial pits from the mass killings He bears witness to the hastily erected monuments following Ukraine's independence in 1991 memorials that glorify leaders who collaborated with the Nazis in the murder of Jews He finds that the newly independent Ukraine with its ethnically cleansed and deeply anti-Semitic population has recreated its past by suppressing all memory of its victims Illustrated with dozens of hauntingly beautiful photographs from Bartov's travels *Erased* forces us to recognize the shocking intimacy of genocide **Bringing the Dark Past to Light** John-Paul Himka, Joanna Beata Michlic, 2019-06-12 Despite the Holocaust's profound impact on the history of Eastern Europe the communist regimes successfully repressed public discourse about and memory of this tragedy Since the collapse of communism in 1989 however this has changed Not only has a wealth of archival sources become available but there have also been oral history projects and interviews recording the testimonies of eyewitnesses who experienced the Holocaust as children and young adults Recent political social and cultural developments have facilitated a more nuanced and complex understanding of the continuities and discontinuities in representations of the Holocaust People are beginning to realize the significant role that memory of Holocaust plays in contemporary discussions of national identity in Eastern Europe This volume of original essays explores the memory of the Holocaust and the Jewish past in postcommunist

Eastern Europe Devoting space to every postcommunist country the essays in *Bringing the Dark Past to Light* explore how the memory of the dark pasts of Eastern European nations is being recollected and reworked In addition it examines how this memory shapes the collective identities and the social identity of ethnic and national minorities Memory of the Holocaust has practical implications regarding the current development of national cultures and international relationships **Zero Point Ukraine** Olena Stiazhkina, 2021-03-30 In her *Four Essays on World War II* Olena Stiazhkina inscribes the Ukrainian history of World War II into a wider European and world context Among other aspects she analyzes the mobilization measures on the eve of the war and reconsiders Soviet narratives on them Scrutinizing social and political processes initiated by the Bolshevik leadership in the 1920s and 1930s she outlines how mobilization and militarization became integral parts of Soviet politics Today the Kremlin uses Soviet and post Soviet Russian narratives of World War II to justify its aggressive policies towards a number of democratic countries Russia is engaged in falsification of the past to underpin claims of a so called Russian World and its ongoing war against Ukraine Against this background Stiazhkina offers a new understanding of what happened in Ukraine before during and after World War II
