

A close-up, low-angle shot of a wooden gavel resting on a stack of old, leather-bound books. The gavel is made of dark wood with a fluted head and a smooth handle. The books are stacked vertically, with the spines showing signs of age and wear. The lighting is dramatic, highlighting the textures of the wood and leather. The background is dark and out of focus.

New York Cases on Business Law Joseph Vincent O'Neill, Bernard Joseph O'Connell, 1940 **The Journal of Business Education** ,1929 The magazine for teachers of business subjects **The New York Weekly Digest of Cases Decided in the N.Y. Court of Appeals, and General Terms of the N.Y. Supreme, Common Pleas and Superior Courts** ,1881

New York Cases in Business Law Karen Morris, James Petrosino, 1988 **A Selection of Leading Cases Upon Commercial Law Decided by the Supreme Court of the United States** ,1847 New York Tenants' Rights Mary Ann Hallenborg, 2002 Offers legal advice for tenants in New York discusses common rental problems and solutions and includes instructions for preparing legal forms and letters International Business Law: Cases and Materials George D. Cameron III, 2015-08-09 INTERNATIONAL BUSINESS LAW CASES AND MATERIALS is a timely and useful book Uncounted millions of international transactions occur daily as goods and services are purchased across the national boundaries of some 200 political units Capital flows from nation to nation and so to a lesser extent do jobs as companies seek more favorable locations for their business operations The rules laws governing these exchanges quickly become complex as persons and governments from different countries are involved If problems arise in a cross border relationship whose rules apply What forums are available to resolve disputes Are there tax implications to the transaction If so where These and similar questions need to be factored into the decision to go overseas Each of the six chapters in this book begins with a brief overview of the subject matter followed by short previews of the chosen case examples The primary content of the chapters consists of some 120 court and arbitration decisions in real disputes between real parties The actual text of the decisions in these cases has been edited some excerpts are quite brief others are more substantial Most background facts have been summarized by the author but the edited decision part of each case is quoted from the actual recorded text of the court or arbitrator who decided it Clearly a minute sample from tens of thousands of cases cannot provide comprehensive coverage of what all the world's legal rules are Our objectives here are simply to indicate some of the major potential flash points of doing international business to illustrate some of the significant differences in the applicable legal rules and to provide an exposure to the language and process by which international business disputes are resolved Fore warned is fore armed Being aware of these potential trouble spots a sensible business manager will presumably consider them in making the decision to engage in cross border transactions and take appropriate steps to avoid or minimize potential adverse consequences Chapter I of this book introduces International Law its course of development and its two major sources custom and treaties Chapter II examines the use of national and international courts and arbitrators to resolve cross border disputes Chapter III provides basic coverage of the United Nations Convention on Contracts for the International Sale of Goods when it applies how the sale contract is formed when risk of loss on the goods passes from Seller to Buyer and what responsibilities the Seller has for the quality of the goods sold Chapter IV looks at some of the legal questions that might arise in conducting cross border

commercial operations employment issues intellectual property issues and investment issues Chapter V considers potential questions regarding taxation of international activities and the regulation of adverse environmental effects Chapter VI reviews the efforts by national governments to apply their competition regulations to international business transactions and the difficulties that private parties might have in attempting to enforce legal claims against governments and their agencies While these are surely not the only legal issues that might arise in connection with international business they do constitute a significant set of concerns of which managers need to be aware as they venture into the international stream of commerce
