New Woman Revised:

The "new Woman" Revised Ellen Wiley Todd, 1993-01-01 In the years between the world wars Manhattan's Fourteenth Street Union Square district became a center for commercial cultural and political activities and hence a sensitive barometer of the dramatic social changes of the period. It was here that four urban realist painters Kenneth Hayes Miller, Reginald Marsh, Raphael Soyer, and Isabel Bishop placed their images of modern new women. Bargain stores, cheap movie theaters, pinball arcades, and radical political organizations were the backdrop for the women shoppers, office and store workers, and consumers of mass culture portrayed by these artists. Ellen Wiley Todd deftly interprets the painters' complex images as they were refracted through the gender ideology of the period. This is a work of skillful interdisciplinary scholarship combining recent insights from feminist art history, gender studies, and social and cultural theory. Drawing on a range of visual and verbal representations as well as biographical and critical texts, Todd balances the historical context surrounding the painters with nuanced analyses of how each artist's image of womanhood contributed to the continual redefining of the new woman's relationships to men, family, work, feminism, and sexuality.

The "New Woman" Revised Ellen Wiley Todd, 2021 *The True Woman (Updated Edition)* Susan Hunt, 2019-05-17 A classic must-read. Bold, countercultural, and more relevant than ever. Mary A. Kassian, author *Girls Gone Wise*. Have you sensed God's call to change your world? Do you believe you can be one of those women who by her virtue, wisdom, dignity, and faith makes an impact in her home and community? Maybe you've heard the call but weren't sure how to maximize the opportunities. Maybe society's definition of true womanhood has clouded your view of who you are in Christ. Or maybe you've just been waiting for a little encouragement and inspiration. In any case, Susan Hunt says, Start now. And let this book be your encourager and companion. You will read how other Christian women are reflecting Christ despite difficult and sometimes tragic circumstances, and how you can reflect him too. You'll explore what the Bible says about your identity as a true woman of God. And you'll discover how to further develop a biblically shaped and Spirit-driven character that people are drawn to. Begin today to draw closer to God and deepen your impact. This exhortation to biblical womanhood will set your heart on fire and help you take up the unique opportunity you have: an opportunity to make a difference for eternity.

Illustrated Sheet Music in the U.S., 1830-1930 Theresa Leininger-Miller, Kenneth Hartvigsen, 2025-01-23 Illustrated sheet music was one of the most democratic forms of visual imagery in the U.S. owned by millions of Americans. Wooed by compelling lithographic covers, who displayed and performed compositions on home pianos. Advancements in printing technologies in the 19th century, together with an emergent commercial system that facilitated the publication and broad distribution of popular music, led to a surge of elaborately illustrated sheet music. This book features essays by cutting-edge scholars who analyze the remarkable images that persuaded U.S. citizens to purchase mass-produced compositions for both personal and social pleasure. With some songs selling millions of copies as printed musical scores, music publishers commissioned artists to draw every conceivable subject as promotional illustrations, including genre scenes.

beyond the question of whether shopping promoted or limited women's freedom the author draws on diverse sources to explore how business practices legal decisions and cultural changes affected women in the market In particular she focuses on how and why stores presented themselves as pleasurable secure places for the urban woman in some cases defining themselves as instrumental to civic improvement and women's emancipation Rappaport also considers such influences as merchandizing strategies credit policies changes in public transportation feminism and the financial balance of power within the home Shopping for Pleasure is thus both a social and cultural history of the West End but on a broader scale it reveals the essential interplay between the rise of consumer society the birth of modern femininity and the making of contemporary London **Harvard Alumni Bulletin** ,1928 Artists on the Left Andrew Hemingway,2002-01-01 Examination of the relation between visual artists and the American communist movement in the first half of the twentieth century from the rise in prestige of the party during the Great Depression to its decline in the 1950s Account of how left wing artists responded to the party's various policy shifts the communist party exerted a powerful force in American culture **Reforming America** Jeffrey A. Boylan,2017-04-20 Arriving in New York City in the first decade of the twentieth century six painters Robert Henri John Sloan Everett Shinn Glackens George Luks and George Bellows subsequently known as the Ashcan Circle faced a visual culture that depicted the urban man as a diseased body under assault Ashcan artists countered this narrative manipulating the bodies of construction workers tramps entertainers and office workers to stand in visual opposition to popular political and commercial cultures They did so by repeatedly positioning white male bodies as having no cleverness no moral authority no style and no particular charisma crafting with consistency an unspectacular man This was an attempt both radical and deeply insidious to make the white male body stand outside visual systems of knowledge to resist the disciplining powers of commercial capitalism and to

simply be with no justification or rationale Ashcan Art Whiteness and the Unspectacular Man maps how Ashcan artists reconfigured urban masculinity for national audiences and reimagined the possibility and privilege of the unremarkable white male body thus shaping dialogues about modernity gender and race that shifted visual culture in the United States

Bigger Than Life Mary Ann Doane, 2021-10-18 In Bigger Than Life Mary Ann Doane examines how the scalar operations of cinema especially those of the close up disturb and reconfigure the spectator's sense of place space and orientation Doane traces the history of scalar transformations from early cinema to the contemporary use of digital technology In the early years of cinema audiences regarded the monumental close up particularly of the face as grotesque and often horrifying even as it sought to expose a character's interiority through its magnification of detail and expression Today large scale technologies such as IMAX and surround sound strive to dissolve the cinematic frame and invade the spectator's space immersing them in image and sound The notion of immersion Doane contends is symptomatic of a crisis of location in technologically mediated space and a reconceptualization of position scale and distance In this way cinematic scale and its modes of spatialization and despatialization have shaped the modern subject interpolating them into the incessant expansion of commodification
