Party Politics In Taiwan

Dafydd Fell

Party Politics In Taiwan:

Party Politics in Taiwan Dafydd Fell, 2006-09-27 In 1991 Taiwan held its first fully democratic election. This first single volume of party politics in Taiwan analyzes the evolution of party competition in the country looking at how Taiwan's parties have adjusted to their new multi party election environment. It features key chapters on the development of party politics in Taiwan, the impact of party change on social welfare, corruption and national identity, party politics in the DPP era. Including interviews with high ranking Taiwanese politicians and material on the 2004 Presidential election, this important work brings the literature up to date. It provides a valuable resource for scholars of Chinese and Taiwanese politics and a welcome addition to the field of regime transition and democratization.

Taiwan's Party Politics and Cross-Strait Relations in Evolution (2008-2018) Gang Lin, 2019-03-01 This book explores the dynamics of party politics in Taiwan and cross Strait relations over the past decade. While power transfer from the pro independence Democratic Progressive Party (DPP) back to the pro status quo Chinese Nationalist Party (Kuomintang KMT) in 2008 ushered a great leap of cross Strait relations, in the following years the DPP's coming back to power in 2016 has reversed the trend and brought back a cold peace between the two sides of the Taiwan Strait. Featuring the period of the Chen Shui-bian administration, social cleavage and partisan confrontation on the island have justified Beijing's strategy of selective engagement with the two main parties within Taiwan. The state of cross Strait relations therefore has become a by-product of volatile party politics on the island. As speculation about Taiwan's future mounts, this book will interest scholars, China watchers and policymakers.

Government and Politics in Taiwan Dafydd Fell, 2018-01-22 Written by an experienced teacher and scholar, this new and revised second edition of *Government and Politics in Taiwan* introduces students to the big questions concerning change and continuity in Taiwanese politics and governance. Taking a critical approach, Dafydd Fell provides students with the essential background to the history and development of the political system as well as an explanation of the key structures, processes and institutions that have shaped Taiwan over the last few decades. Using key features such as suggestions for further reading and end of chapter study questions, this textbook covers the transition to democracy and party politics, cross Strait relations and foreign policy, electoral politics and voting, social movements, national identity, gender politics. Having been fully updated to take stock of the 2012 and 2016 General Elections, the Sunflower Movement and new developments in cross Strait relations, this is an essential text for any course on Taiwanese politics, Chinese politics and East Asian politics.

Taiwan's Politics in the 21st Century Wei-chin Lee, 2010 This unique volume highlights Taiwan's ongoing efforts to mediate between competing political actors, a means to ensure domestic stability and national security without severely affecting its continuous economic growth and sovereign status in the international society. Taiwan's Politics in the 21st Century concentrates on three general areas: domestic politics, political economy and external relations. Written by prominent scholars in the field including John Hsieh, Shelley Rigger, Cal Clark, Alex Tan, Joseph Wong, T-Y Wang, Quansheng Zhao, Guoli Liu and Chyungly Lee, it also provides

an overview of Taiwan's process of democratic consolidation unravels dynamic interactions among various domestic and international actors in policy design and implementation and explores future challenges to Taiwan thus leaving readers with a better understanding of the political complexity of Taiwan's attempts to strengthen its democratic governance and institutions

Taiwan's Democracy Robert Ash, John W. Garver, Penelope Prime, 2013-07-03 Taiwan's rapid industrialization during the 1960s and 1970s combined with the democratic revolution that began with the lifting of martial law in 1987 were of deep historic importance. Over the next decade Taiwan's political miracle matched its earlier economic miracle creating a vibrant liberal democracy complete with freedom of speech, association and assembly, rule of law and competitive and fair multi-party elections. The continuation of these achievements and the new challenges that have surfaced are addressed in rich detail in the chapters of this volume by an international team of experts. One of the biggest such challenges is Mainland China's economic success which has added to the complexity of Taiwan's economic and political policy options. A number of the contributors to this volume consider Taiwan's response to China's economic rise and show how Taiwanese companies have strategically taken advantage of the changing economic environment by moving up the value chain of production within Taiwan while also taking the opportunity to invest overseas. With chapters covering a wealth of topics including Constitutional reform, National identity, Party politics, Taiwan's development model, Industrial policy, Trade and investment, Globalization, Sustainable development, Taiwan's Democracy will be of huge interest to students and scholars of Taiwan studies, Chinese politics and economics, international politics and economics and development studies.

Migration to and From Taiwan Kuei-fen Chiu, Dafydd Fell, Lin Ping, 2014-01-21 Migration has transformed Taiwanese society in the last 20 years. The main inflows have been temporary workers from Southeast Asian countries and female spouses from Southeast Asia and China marrying Taiwanese husbands. The main outflow has been migration to China as a result of increased economic integration across the Taiwan Strait. These changes have significantly altered Taiwan's ethnic structure and have profound social and political implications for this new democracy. As large numbers of these migrants take Taiwanese citizenship and their offspring gain voting rights, the impact of these new Taiwanese will continue to increase. This book showcases some of the leading researchers working on migration to and from Taiwan. The chapters approach migration from a range of disciplinary perspectives including international relations, sociology, social work, film studies, political science, gender studies, geography and political economy and so the book has great appeal to scholars and students interested in the politics of Taiwan, Taiwanese society and ethnic identity as well as those focusing on migration in East Asia and comparative migration studies.

Taiwan's Social Movements under Ma Ying-jeou Dafydd Fell, 2017-02-17 In the spring of 2014 the Sunflower Movement's three-week occupation of the Legislative Yuan brought Taiwan back to international media attention. It was the culmination of a series of social movements that had been growing in strength since 2008 and have become even more salient since the spring of 2014. Social movements in Taiwan have emerged as a powerful new actor that needs to be

understood alongside those players that have dominated the literature such as political parties local factions Taishang China and the United States This book offers readers an introduction to the development of these social movements in Taiwan by examining a number of important movement case studies that focus on the post 2008 period The return of the Kuomintang KMT to power radically changed the political environment for Taiwan s civil society and so the book considers how social activists responded to this new political opportunity structure The case chapters are based on extensive fieldwork and are written by authors from a variety of disciplinary backgrounds and methodological approaches in some cases authors combine being both academics and activists themselves Together the chapters focus on a number of core issues providing the book with four key aims Firstly it investigates the roots of the movements and considers how to best explain their emergence Secondly it examines the development trajectories of these movements Thirdly it looks at the best way to explain their impact and development patterns and finally it assesses their overall impact questioning whether they can be regarded as successes or failures Covering a unique range of social movement cases the book will be of interest to students and researchers interested in Taiwanese society and politics as well as social movements and civil society Public Opinion, Policy Responses, and Party Politics under the COVID-19 Pandemic Masahiro Yamada, 2023-12-06 The outbreak of the COVID 19 pandemic silently started in early 2020 and no one was prepared for it Unlike the outbreak of SARS in 2002 2003 a similar coronavirus it was less contagious than COVID 19 but tended to be more deadly The COVID 19 virus is much more contagious with a relatively lower chance of causing death Nevertheless it is still one of the most dangerous viruses in human history Studies of COVID 19 have attracted tremendous attention from academia and governments However they tend to focus on the fields of biology virology public health and psychology instead of the politics policies and political attitudes related to the pandemic Of course it is critical to understand the nature of this virus and seek proper policy remedies to stop the pandemic and help citizens to regain their everyday lives but how the pandemic has affected the public and their views toward politics is equally important as it will determine political outcomes in the near future We compare the impact of the COVID 19 pandemic on public opinion the dynamics of party politics in Taiwan and some of its strategic neighbors

Politics in Taiwan Shelley Rigger, 2002-05-03 This book shows that Taiwan unlike other countries avoided serious economic disruption and social conflict and arrived at its goal of multi party competition with little blood shed Nonetheless this survey reveals that for those who imagine democracy to be the panacea for every social economic and political ill Taiwan s continuing struggles against corruption isolation and division offer a cautionary lesson This book is an ideal one stop resource for undergraduate and postgraduate students of political science particularly those interested in the international politics of China and the Asia Pacific *From Opposition to Power* Shelley Rigger, 2001 This title provides an overview of the Democratic Progressive Party of Taiwan its history policies and structure It traces the party s origins in opposition movements of the 1960s and 1970s and recounts how it was founded in defiance of martial law in 1986 **Taiwan Studies**

Revisited Dafydd Fell, Hsin-Huang Michael Hsiao, 2019-08-28 This book examines and reviews some of the key figures in Taiwan Studies to plot the development of the field by revisiting their earlier influential books and bodies of work. Often autobiographical in detail, each chapter asks the author to discuss the origins of their research and how their engagement with the field has developed since. The contributors then discuss their methodologies, fieldwork, and arguments, as well as how their work was received at the time. They also go on to reflect on their chosen methods and core findings, assessing whether they have stood the test of time. Reflecting the diversity of the Taiwan Studies field, subjects covered in this volume include sociology, musicology, linguistics, comparative politics, international relations, and anthropology. As such, this comprehensive overview adopts a distinctly interdisciplinary approach to understanding Taiwan. Painting a picture of the changing state of international Taiwan Studies through the work of leading scholars, this book will be invaluable to students and scholars of Taiwan Studies, Chinese Studies, and Asian politics, culture, and society.

Political Parties, Party Systems And Democratization In East Asia Liang Fook Lye, Wilhelm Hofmeister, 2011-03-11 Some fledgling democracies in the world have encountered setbacks due to political parties trying to grapple with the expectations of sophisticated electorates and introducing gradual political reforms over the years. This book describes how democracy is evolving in East Asia and how it assumes different forms in different countries with political parties adapting and evolving alongside. It has a two-fold intent. First, it contends that the existing variety of party systems in East Asia will endure and may even flourish rather than converge as liberal democracies. Second, it highlights the seeming political durability of one-party systems unlike two-party or multi-party systems in the US and Europe and their enduring predominance in countries such as Cambodia, China, Singapore, and Vietnam.

Political Parties, Party Systems and Democratisation in East Asia Liang Fook Lye, 2011 Some fledgling democracies in the world have encountered setbacks due to political parties trying to grapple with the expectations of sophisticated electorates and introducing gradual political reforms over the years. This book describes how democracy is evolving in East Asia and how it assumes different forms in different countries with political parties adapting and evolving alongside. It has a two-fold intent. First, it contends that the existing variety of party systems in East Asia will endure and may even flourish rather than converge as liberal democracies. Second, it highlights the seeming political durability of one-party systems unlike two-party or multi-party systems in the US and Europe and their enduring predominance in countries such as Cambodia, China, Singapore, and Vietnam.

Routledge Handbook of Contemporary Taiwan Gunter Schubert, 2024-12-31 This fully revised 2nd edition of the Routledge Handbook of Contemporary Taiwan provides a comprehensive overview of both contemporary Taiwan and the Taiwan studies field. Written by an international team of Taiwan experts, the Handbook includes major topics in Taiwanese history, domestic politics, political economy, society, culture, and international relations. Each chapter summarises the major findings in the field and highlights long-term trends, recent observations, and potential future developments in Taiwan, revealing its long journey from a frontier island to a highly

industrialised country struggling for international recognition Up to date interdisciplinary and academically rigorous the Handbook offers the reader an accessible and fascinating insight into contemporary Taiwan and will be of interest to students academics and policymakers with an interest in all things Taiwan The Taiwan Voter Christopher Henry Achen,T. Y. Wang,2017-07-26 Examines how Taiwan s voters navigate a dangerous environment to demonstrate how identities matter everywhere

Political Changes in Taiwan Under Ma Ying-jeou Jean-Pierre Cabestan,Jacques deLisle,2014-07-17 In 2008 Ma Ying jeou was elected President of Taiwan and the Kuomintang KMT returned to power after eight years of rule by the Democratic Progressive Party DPP Since taking power the KMT has faced serious difficulties as economic growth has been sluggish society has been polarised over issues of identity and policy and rapprochement between Taipei and Beijing has met with suspicion or reservation among large segments of Taiwanese society Indeed while improved relations with the United States have bolstered Taiwan s security warming cross Strait relations have in turn made Taiwan more dependent upon and vulnerable to an increasingly powerful China This book provides a comprehensive analysis of the return of the Kuomintang KMT to power and examines the significant domestic political economic social and international challenges and changes that have characterized Taiwan since 2008 It identifies the major domestic cross Strait and foreign policy trends and addresses key issues such as elections and Taiwan s party system the role of the presidency and legislature economic development social movements identity politics developments in cross Strait relations Taiwan s security environment and national defence policies relations with the US and Japan In turn the contributors look towards the final years of Ma s presidency and beyond and the structural realities both domestic and external that will shape Taiwan s future

Political Changes in Taiwan Under Ma Ying jeou will be of great interest to students and scholars of Taiwan studies comparative politics international relations and economics It will also appeal to policy makers working in the field Presidential Politics in Taiwan Steven M. Goldstein,Julian Chang,2008 Routledge Handbook of Democratization in East Asia Tun-jen Cheng,Yun-han Chu,2017-09-01 This handbook provides a comprehensive analysis of the dynamics and prospects of democratization in East Asia A team of leading experts in the field offers discussion at both the country and regional level including analysis of democratic attitudes and movements in China Japan South Korea and Taiwan Evaluating all the key components of regime evolution from citizen politics to democratic institutions the sections covered include Regional Trends and Country Overviews Institutions Elections and Political Parties Democratic Citizenship Democratic Governance The Political Economy of Democratization Examining the challenges that East Asian emerging democracies still face today as well as the prospects of the region s authoritarian regimes the Routledge Handbook of Democratization in East Asia will be useful for students and scholars of East Asian Politics Comparative Politics and Asian Studies

Taiwan's Green Parties Dafydd Fell,2021-03-15 Examining the Green Party Taiwan GPT since its establishment through the aftermath of the most recent national elections in January 2020 this book focuses on Taiwan s most important movement party over the last two and a half

decades Despite its limited electoral impact its leaders have played a critical role in a range of social movements including anti nuclear and LGBT rights campaigns Plotting the party s evolution in electoral politics as well as its engagement with the global green movement this volume analyses key patterns of party change in electoral campaign appeals organisation and its human face The second half of the volume concentrates on explaining both the party s electoral impact and why the party has adjusted ideologically and organisationally over time Based on a wide range of material collected including focus groups interviews and political communication data the research relies heavily on analysis of campaign material and the voices of party activists and also considers other Green Parties such as the splinter Trees Party and GPT Social Democratic Alliance Applying a wide range of theoretical frameworks to plot and explain small party development this book will appeal both to students and scholars of Taiwan s politics and civil society but also to readers with an interest in small parties and particularly environmental parties and movements

What Has Changed? Dafydd Fell, Henning Klöter, Bi-yu Chang, 2006 In March 2000 for the first time in its history Taiwan witnessed a democratic change in ruling parties Given the contrasting stances on Taiwan s political and cultural belonging held by the defeated party the KMT and the new ruling party the pro independence DPP the change was a historical turning point Although there has been increasing interest in Taiwan Studies in the last decade no single volume has yet addressed the complexity and impact of the change in ruling parties in Taiwan This book aims to fill that gap by comparing the years before and after the DPP s transition to power Although the analytical starting point is the regime change of 2000 the scope of topics goes beyond party politics Designed to provide an all encompassing view the thirteen chapters examine and evaluate the extent to which the change in Taiwan s ruling party has resulted in a political social economic and cultural transformation of the island They build a complex picture of the differences and the perhaps surprisingly high degree of continuities between the two regimes The book addresses readers interested in interdisciplinary approaches to Taiwan s recent political social and cultural changes
