**The Prester John Legend between East and West During the Crusades** Ahmed M. A. Sheir, 2022-06-22 This book considers the history of the Prester John legend and its impact on the Crusades investigating its entangled mythical history between East and West during the twelfth and thirteenth centuries The present study thus responds to the still pressing need for a comprehensive historical investigation of the twelfth and thirteenth crusading history of the legend and its impact on the Muslim Crusader encounters examining various Latin Arabic Syriac and Coptic accounts It further reflects on new eastern aspects of the legend presenting a new Arab scholarly view This book first charts a pre history of the legend in the late ancient Christian prophecy of the Last Emperor down to the emergence of the legend in the mid twelfth century Second the work presents a historical discussion of the legend and its association with actual occurrences in the Far East and the Levant analysing the legend history under the crusading crisis and the imperial papal schism in Europe Meanwhile the work considers the vague Prester John Letter addressed to Manuel I Komnenus Byzantine Emperor and its elaborate conception of a mythical eastern kingdom revealing imaginative parallels on the wondrous East and legendary Eastern Christian kings in Arabic Muslim and Christian accounts of the Muslim geographer and cartographer al Idrisi the Coptic Abu al Makarim and the Syriac Ibn al Ibri Bar Hebraeus among others Moreover the book examines how the legend impacted war and peace processes between the Ayyubids and the Crusaders during the Fifth Crusade against Egypt 1217 1221 revealing how it was mingled with Arabic and Eastern Christian prophecies at the time The study concludes by investigating the perception of Prester John by the papal and European envoys to the Mongols in the thirteenth century revealing how the legend was instrumentalised and even weaponised to establish a Latin Mongol crusade through a parallel exploration of relevant Latin Arabic and Syriac sources

Why Law? Peter van Schilfgaarde, 2019-03-25 This book is based on the assumption that the world is governed by a  
 widespread field of interconnected laws In this field man made laws legal laws have to coexist with the laws of nature the  
 laws of science and the laws of logic They have to find their place in relation to a certain society They have to relate to the  
 demands of morality ethics custom and trust They have to follow the laws of language They have to deal with a variety of  
 professional and esthetic rules They have to defend their position between art and craft Finally and significantly they have to  
 cope with a host of different ideas about truth This book approaches law as a human construct meant to strengthen society as  
 it develops through the ages Knowledge of the law legal knowledge is of doubtful value if it ignores the demands and ideals  
 of society The same goes for the thinking leading to legal knowledge This book focuses on a basic concept That concept is  
 met if the legal thinking leading to legal knowledge reaches the level of an independent law and society oriented
