Una petici n escandalosa que result en una semana de pasi n A Alejandro Corder su amigo Luca le hab a pedido dos cosas en el banquete de su boda que entretuviera a su cu ada Sienna Thornton Rose y que se abstuviera de intentar seducirla Deber a haber sido una tarea sencilla pero cuando pos sus ojos en la hermosa Sienna Alejandro se dio cuenta de lo peligrosamente tentadora que era Tras su ardiente primera vez con Alejandro Sienna que no pod a quit rselo de la cabeza viaj hasta Barcelona para pedirle que volviera a hacerle el amor Lo que no se esperaba era que Alejandro le propusiera que se quedara una semana con l Una semana entera Tras a os bajo la sombra de su controladora madre Sienna sinti que era su oportunidad de sentirse libre y hacer lo que quisiera El problema era que pronto descubrir a que siete noches de pasi n con Alejandro no ser an suficientes para ella *Lesbian Voices From Latin America* Elena M. Martínez,2017-10-06 In spite of the attention that Latin American women writers have attracted in recent years a book dedicated exclusively to those writers whose work primarily articulates a lesbian perspective was until now missing The purpose of this book first published in 1996 is to bring attention to and examine the articulation of lesbian themes motifs and issues in the works of these writers It aims to study the problems pertaining to the specific literary representations of lesbianism and to examine the dimensions of a lesbian view in the works By undertaking the study of the works of these women writers this book contributes to the recognition and legitimization of a lesbian literary discourse **Latin American Writers on Gay and Lesbian Themes** David William Foster,1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author s writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe Deadline Robert Samet,2019-07-08 Since 2006 Venezuela has had the highest homicide rate in South America and one of the highest levels of gun violence in the world Former president Hugo Ch vez who died in 2013 downplayed the extent of violent crime and instead emphasized rehabilitation His successor President Nicol s Maduro took the opposite approach declaring an all out war on crime mano dura What accounts for this drastic shift toward more punitive measures In *Deadline* anthropologist Robert Samet answers this question by focusing on the relationship between populism the press and what he calls the will to

security Drawing on nearly a decade of ethnographic research alongside journalists on the Caracas crime beat he shows how the media shaped the politics of security from the ground up Paradoxically Venezuela's punitive turn was not the product of dictatorship but rather an outgrowth of practices and institutions normally associated with democracy Samet reckons with this apparent contradiction by exploring the circulation of extralegal denuncias accusations by crime journalists editors sources and audiences Denuncias are a form of public shaming or expos that channels popular anger against the powers that be By showing how denuncias mobilize dissent Deadline weaves a much larger tale about the relationship between the press popular outrage and the politics of security in the twenty first century *Sugar and Vice* Eve Calder,2020-04-28 In Eve Calder's *Sugar and Vice* things are heating up at the Cookie House when star pastry chef and amateur sleuth Kate McGuire finds herself in the midst of a shocking murder mystery OUT OF THE OVEN Lately Kate has a lot on her dessert plate She's launching a cookie of the day challenge in the heart of Coral Cay providing sweet treats for the reception of the town's handsome new veterinarian not to mention dealing with tourists in town for a pirate festival and the surprise arrival of her former fiancé Evan who seems determined to win her back AND INTO THE FIRE And if that's not enough a skeleton has been found in the backyard behind her best friend Maxi's floral shop Kate knows Maxi could never hurt a fly Maybe the remains belong to Sir George Bly a long dead pirate whose name has become urban legend until now It's time for Kate to use every trick in the recipe book to prove Maxi's innocence and find the truth about the skeleton before the last of the cookies crumble Praise for the Cookie House mystery series Delightful memorable satisfying Booklist Marvelous Fresh Fiction

George,2001-08-30 The continuing cultural encounters of the Americas between European and indigenous cultures and between scientific materialism and premodern supernaturalism have originated new narrative forms While supernatural short fiction of the Americas belongs to the broad category of the fantastic which is generally approached synchronically reading audiences of the past 200 years have shifted their beliefs about the supernatural several times While nineteenth century readers understood science as real and the supernatural as imaginary modern audiences recognize both as inaccurate a shift which allows authors of supernatural fiction to celebrate premodern indigenous beliefs which were once disdained by a materialist culture This book situates supernatural short fiction of the Americas within the changing cultural and epistemological contexts of the last 200 years and explores how authors have drawn upon a wealth of indigenous traditions The book begins with a discussion of theories of the supernatural and the fantastic It then looks at some of the first encounters of European and Native American supernatural beliefs and points to the common elements of these early traditions The volume next focuses on American literature of the nineteenth century which has a complex fusion of materialist biases and metaphysical fascinations The final portion of the book gives greater attention to Spanish American literature and the blending of the supernatural with attitudes of nostalgia and uncertainty
