Passage Through History:

Passage through Hell David L. Pike, 2018-09-05 Taking the culturally resonant motif of the descent to the underworld as his guiding thread David L Pike traces the interplay between myth and history in medieval and modernist literature Passage through Hell suggests new approaches to the practice of comparative literature and a possible escape from the current morass of competing critical schools and ideologies Pike's readings of Louis Ferdinand Celine and Walter Benjamin reveal the tensions at work in the modern appropriation of structures derived from ancient and medieval descents His book shows how these structures were redefined in modernism and persist in contemporary critical practice In order to recover the historical corpus of modernism he asserts it is necessary to acknowledge the attraction that medieval forms and motifs held for modernist literature and theory By pairing the writings of the postwar German dramatist and novelist Peter Weiss with Dante's *Commedia* and Christine de Pizan with Virginia Woolf Pike argues for a new level of complexity in the relation between medieval and modern poetics Pike's supple and persuasive reading of the *Commedia* resituates that text within the contradictions of medieval tradition He contends that the Dantean allegory of conversion altered to suit the exigencies of modernism maintains its hold over current literature and theory The postwar writers Pike treats Weiss Seamus Heaney and Derek Walcott exemplify alternate strategies for negotiating the legacy of modernism The passage through hell emerges as a way of disentangling images of the past from their interpretation in the present The English Novel in History, 1950 to the Present Professor Steven Connor, Steven Connor, 2008-03-07 Steven Connor provides in depth analyses of the novel and its relationship with its own form with contemporary culture and with history He incorporates an extensive and varied range of writers in his discussions such as George Orwell William Golding Angela Carter Doris Lessing Timothy Mo Hanif Kureishi Marina Warner Maggie Gee Written by a foremost scholar of contemporary culture and theory The English Novel in History 1950 to the Present offers not only a survey but also a historical and cultural context to British literature produced in the second half of this century **Passage from India to El Dorado** Dave Hollett, 1999 At the instigation of William Gladstone this challenge was met by implementing a controversial plan he had conceived namely the recruitment and importation of indentured workers from various places but primarily from India then the jewel in the Crown of the British Empire This book is the story of these immigrants who were transported from one side of the globe to another almost exclusively in sailing ships **BOOK JACKET** **A Passage to China** Chien-Hsin Tsai, 2020-05-11 This book the first of its kind in English examines the reinvention of loyalism in colonial Taiwan through the lens of literature It analyzes the ways in which writers from colonial Taiwan including Qiu Fengjia Lian Heng Wu Zhuoliu and others creatively and selectively employed loyalist ideals to cope with Japanese colonialism and its many institutional changes In the process these writers redefined their relationship with China and Chinese culture Drawing attention to select authors lesser known works author Chien Hsin Tsai provides a new assessment of well studied historical and literary materials and a nuanced overview of literary and cultural productions

in colonial Taiwan During and after Japanese colonialism the islanders perception of loyalism sense of belonging and self identity dramatically changed Tsai argues that the changing tradition of loyalism unexpectedly complicates Taiwan s tie to China rather than unquestionably reinforces it and presents a new line of inquiry for future studies of modern Chinese and Sinophone literature
