Passage To Dusk:

Passage to Dusk Rachid al-Daif, 2001-08-15 *Passage to Dusk* deals with the Lebanese civil war of the 1970s in a postmodern poetic style. The narrative focuses on the deranged, destabilized, confused, and hyper-perceptive state of mind created by living on the scene through a lengthy war. The story is filled with details that transcend the willed narcissism of the main character while giving clues to the culture of the time. It is excellent fiction written in a surrealistic mode but faithful to the characters of the people of Lebanon, their behavior during the war, and their contradictions. Issues of gender and identity are acutely portrayed against Lebanon's shifting national landscape. The English language reader has not been much exposed to Lebanese literature in translation, and Rashid al-Daif is one of Lebanon's leading writers. He has been translated into eight languages, including French, German, Italian, Polish, and Spanish. Translator Nirvana Tanoukhi manages to preserve Daif's unusual, moving, and at times humorous style in her English rendition. **Rachid Daif's Passage to Dusk**

Rashid Da'if, 2001, **Displacement, Diaspora, and Geographies of Identity** Smadar Lavie, Ted Swedenburg, 2013-07-22 *Displacement, Diaspora, and Geographies of Identity* challenges conventional understandings of identity based on notions of nation and culture as bounded or discrete. Through careful examinations of various transnational, hybrid, border, and diasporic forces and practices, these essays push at the edge of cultural studies, postmodernism, and postcolonial theory and raise crucial questions about ethnographic methodology. This volume exemplifies a cross-disciplinary cultural studies and a concept of culture rooted in lived experience as well as textual readings. Anthropologists and scholars from related fields deploy a range of methodologies and styles of writing to blur and complicate conventional dualisms between authors and subjects of research, home and away, center and periphery, and first and third world. Essays discuss topics such as Rai, a North African pop music viewed as westernized in Algeria and as Arab music in France; the place of Sephardic and Palestinian writers within Israel's Ashkenazic-dominated arts community; and the use and misuse of the concept postcolonial as it is applied in various regional contexts. In exploring histories of displacement and geographies of identity, these essays call for the reconceptualization of theoretical binarisms such as modern and postmodern, colonial and postcolonial. It will be of interest to a broad spectrum of scholars and students concerned with postmodern and postcolonial theory, ethnography, anthropology, and cultural studies. Rabbi David Jacob Neusner,2012-04-05 Rabbinic documents of David progenitor of the Messiah carry forward the scriptural narrative of David the king But he also is turned by Rabbinic writings of late antiquity from the Mishnah through the Yerushalmi and the Bavli into a sage Consequently the Rabbis Messiah is a rabbi How did this transformation come about Of what kinds of writings does it consist What sequence of writings conveyed the transformation And most important what do we learn about the movement from one set of Israelite writings to take over or submit to the values of another set of writings These are the questions answered here for David king of Israel Rabbi David proves that the first exposition of the figure of Rabbi David in a program of elaboration and of protracted exposition of law and Scripture is found in the Bavli Prior to the closure of that document that is in the Rabbinic documents that came to closure before the Bavli we do not find an elaborate exposition of the figure of David as a rabbi By contrast in the Bavli ample canonical evidence attests to the sages transformation of David king of Israel into a rabbi So while bits and pieces of Rabbi David find their way into most of the canonical documents we find the elaborately spelled out Rabbi David to begin with in the Bavli now represented as a disciple of sages and a devotee of study of the Torah That usage attracts attention because when we encounter David in Rabbinic literature as in all other Judaic canons not only Rabbinic this signals we are meeting the embodiment of the Messiah The representation of the kings of Israel in the Davidic line as heirs of David forms a chapter in exposing the Messianic message of Rabbinic Judaism
