Vakhtin**

Passage From Russia A Personal History:

Passage from Russia Robert N. Maupin, 1987-01-01 **The Personal History of a Bukharan Intellectual** Muḥammad Sharif-i Ṣadr-i Ziyā, 2021-11-22 Sadr i Ziya s Diary lends valuable perspective to numerous studies narrowly focused upon the modern Reformists Jadids of his area It also and perhaps in the first place reveals the endless occupational and mortal uncertainties tormenting a Central Asian Islamic judge practicing his profession within an aged political and economical system deteriorating during the last decades ca 1880 1920 of the state of Bukhara By supplying a Bukharan intellectual s personal history Sadr i Ziya author poet and calligrapher also reveals himself as an admirable human being who enjoys life but endures the repeated scalding experience of losing beloved children their mothers and other family members in an era when medicine and prayer scarcely deterred the multitude of prevailing inflictions Notwithstanding this strong focus upon his personal life Sadr i Ziya provides an unparalleled view of the central role played by the omnipresent religious hierarchy in his homeland *The Personal History of a Bukharan Intellectual* Sharīf Jān Makhdūm Ṣadr Zīyā', 2004 The Diary offers priceless documentation and guidance for an understanding of the rigidity that characterized the Bukharan Amirate throughout its tumultuous final decades of existence ca 1880 1920 **Passages in the Life of an Old Maid** I. C. K., 1864

Passages From My Life; Together With Memoirs Of The Campaign of 1813 And 1814 General Freiherr (Baron) Friedrich Karl Ferdinand von Müffling, 2011-07-12 Baron von Müffling was an eye witness to some of the most decisive events of the Napoleonic Wars born into a noble family he went into the Prussian service and saw action in the early campaigns of the Revolutionary wars in Holland and Belgium during which he said he learned very little He was party to the birth of the famed Prussian General staff and comments of the different personalities such as Scharnhorst Gneisenau and to a lesser extent Massenbach On a less happy note he was also a member of the Prussian army that was destroyed by Napoleon in 1806 and notes with some regret of the bumbling planning ancient commanders and ineffective tactics used After spending some time kicking his heels away from Prussia where he might be a liability due to his anti French views the collapse of the Grande Armée in 1812 offers a chance for further service and liberation of his country Attached to the army of Silesia and Blücher for the campaigns of 1813 and 1814 during which he and his countrymen fight their way across Europe into the heart of France He comments on the battles of Lützen Bautzen and the battle of Nations at Leipzig the strained relationships within the allied headquarters and the deeds of hard fighting and long marches that the Russian and Prussian soldiers make under Blücher His comments on the 1814 campaign in France are particularly interesting as he was at the heart of the action and at the side of the conductors of the campaign from the Allied side He is quick to take issue with erroneous statements made at the time and by later commentators as to the decisions made and the actions taken Müffling was allowed little respite after the peace of 1814 plunging back into the fray in 1815 as the Prussian liaison officer at the Duke of Wellington s headquarters Vivid details and important facts are recounted with extreme modesty and unlike staff officers of later years his place on the

battlefield at the Duke's side was one of grave danger as the Anglo Dutch army struggled to hold on to the ridge at Waterloo His own action was indeed decisive in two incidents the first in directing the Prussian reinforcements to the right of the hard pressed allied line and secondly in bringing up two British cavalry brigades to take part in the final assault on the French lines He was appointed the Governor of Paris a particularly tricky job given the recent struggles and the large numbers of armed men roaming the city which he dispatched with aplomb Muffling would go on to many important postings in the Prussian army and even as an international mediator An excellent read full of details of how the Napoleonic Wars was fought and the personalities that brought down the Napoleonic colossus Author General Baron Friedrich Karl Ferdinand von Muffling 1775-1851 Editor Colonel Philip Yorke 1799-1874 **Russia and Eastern Europe, 1789-1985** Raymond Pearson, 1989

Tsereteli — A Democrat in the Russian Revolution W.H. Roobol, 2012-12-06 About Tsereteli relatively little has been written in historical literature A study of his political career fits well into the current gradually widening interest in the men who were the losers in the Russian revolution A biography of Tsereteli is certainly not out of place alongside S.H. Baron's biography of Plekhanov I Getzler's work on Martov and the biography of Akselrod by A. Ascher While Plekhanov, Martov and Akselrod laid down the theoretical principles of Menshevism Tsereteli was certainly their superior in the field of practical politics The quantity and quality of the available source material is unequally divided over the different periods of Tsereteli's life There is very little more about his youth than the brief notes which he himself made much later in his life and the recollections which Boris Nikolaevskii and Tsereteli's sister Eliko noted down from things he said There is quite a lot of material about the student movement in Moscow between 1900 and 1902 in which he took an active part so that it is possible to get a good general picture Since the students often acted anonymously however it is not easy to determine Tsereteli's role

Cronies or Capitalists? The Russian Bourgeoisie and the Bourgeois Revolution from 1850 to 1917 David Lockwood, 2009-05-27 Why wasn't there a successful bourgeois revolution in Russia Was it because Russian capitalists were too servile in their relationship with the Tsarist autocracy Or was it because Russian states Tsarist republican and Soviet were just too strong This book is a political history of the Russian capitalist class from 1850 to 1917 that seeks to answer these questions The book covers the consistent opposition of the Russian bourgeoisie to the Tsarist autocracy up to and including the revolution of 1905 It then considers its alliance from 1909 with new state elements officials politicians army officers and technical experts who were convinced of the possibility of reform and renovation through a radically reorganised state cleansed of its autocratic detritus Such a reorganisation was expected as a result of the Great War While these ideas came to a temporary fruition in the February Revolution of 1917 they also laid the basis for a much more demanding Soviet state in October and the destruction of the bourgeoisie itself The book ends with a consideration of the wider implications for the concept of the bourgeois revolution implications that stretch well beyond Russia that are revealed by the rise and fall of the Russian bourgeoisie *Revolutionary Russia* Rex A. Wade, 2004-07-31 This collection presents the major recent writings

on the Russian Revolution and its context It brings together key texts to illustrate new interpretive approaches and covers the central topics and themes Together the chapters in this volume form a coherent representation of both the events and the theories and debates that relate to them The Russian Revolution of 1905 Anthony J. Heywood,Jonathan D.

Smele,2013-04-03 2005 marks the centenary of Russia s first revolution an unplanned spontaneous rejection of Tsarist rule that was a response to the Bloody Sunday massacre of 9th January 1905 A wave of strikes urban uprisings peasant revolts national revolutions and mutinies swept across the Russian Empire and it proved a crucial turning point in the demise of the autocracy and the rise of a revolutionary socialism that would shape Russia Europe and the international system for the rest of the twentieth century The centenary of the Revolution has prompted scholars to review and reassess our understanding of what happened in 1905 Recent opportunities to access archives throughout the former Soviet Union are yielding new provincial perspectives as well as fresh insights into the roles of national and religious minorities and the parts played by individuals social groups political parties and institutions This text brings together some of the best of this new research and reassessment and includes thirteen chapters written by leading historians from around the world together with an introduction from Abraham Ascher *The Russian Revolution of 1905* Jon Smele,Anthony Heywood,2005 This book presents

new perspectives and fresh insight into the roles of national and religious minorities and the parts played by individuals social groups political parties and institutions in the 1905 Russian revolution *The Bibliographical Dictionary of Russian and Soviet Economists* Robert Campbell,2012-08-21 Despite the restrictions on their work and actions the economists of the Soviet period produced a great deal of bold and important work With the erosion of the old Stalinist controls economists in the Soviet Union themselves became very interested in the history of their profession not least in order to find authentic voices that might offer reinforcement or counterpoint to the policy analyses and recommendations with which policy makers in the transition countries are today being bombarded This major new reference work pulls together many years of research in order to present a bio bibliographic dictionary of Russian and Soviet economists many of whom have previously had no coherent record compiled of their careers achievements and wider significance Through exploring this rich tradition of economic thought we can go some way in understanding the role of economists in the functioning of the Soviet system as well as bringing previously forgotten work to light raising new questions and providing a memorial to those who suffered as a result of the system This hugely detailed and important new volume takes into account all the nuances of the story of Russian and Soviet economic thought such as regional issues the reform and transition to a market economy and the economic output of non economists Featuring nearly 500 entries and including a detailed contextual introduction this landmark volume will be a vitally important reference work for all those with an interest in the history of economic thought the history of economics and Russian and Soviet history more generally **The End of the Russian Imperial Army, Volume II** Allan K.

Wildman,2019-10-08 Allan Wildman presents the first detailed study of the Army s collapse under the strains of war and of

the front soldiers efforts to participate in the Revolution Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Jewish Intelligentsia and Russian Marxism Robert J. Brym, 1978-06-17 Passages in the Life of Mrs. Margaret Maitland of Sunnyside Mrs. Oliphant (Margaret), 1862 *Illustrious Immigrants: The Intellectual Migration from Europe, 1930-41* Laura Fermi, 2021-10-09 Migration from Europe has occurred without interruption since the time America was discovered There have always been some intellectuals educated abroad whose presence and work enriched our culture Laura Fermi however analyzes a new and unique phenomenon in the history of immigration the wave of intellectuals from continental Europe that from 1930 to 1941 brought to these shores well over 20 000 professional refugees Most immigrant intellectuals were pushed out of the European continent by the dictatorships of that period they were the men and women who came to America fully made with their Ph D s or diplomas from art academies or music conservatories in their pocket and who continue to engage in intellectual pursuits in this country Among them we find Franz Alexander Bruno Bettelheim Enrico Fermi Hannah Arendt Albert Einstein Igor Stravinsky John von Neumann Paul Tillich and a long sequence of Nobel Prize winners and exceptional scholars Their contribution to American life continues to the present Working with a sample of about 1 900 names and relying on personal contacts interviews memoirs newspaper accounts obituaries and similar sources Mrs Fermi succeeds in conveying the significance of the intellectual immigration and the areas of its impact on America She describes the personal trials and the successes of these persons caught up in the web of persecution and peregrinations leading to higher institutions of learning in the United States the delightful style of the book the new light it throws on the period studied from a participant observer s position and the insight it brings forth concerning the mutual enrichment of American and European intellectual communities make it enjoyable and instructive reading Silvano M Tomasi The International Migration Review *Illustrious Immigrants* is an honest and informative book it is well organized well informed well balanced crammed with information with illuminating anecdotes often moving incidents and revealing statistics Peter Gay The New York Times Rich in personal anecdote and communication which make delightful reading in so many ways a splendid and useful book tackling with imagination industry and a rare combination of personal concern and emotional detachment a subject that would frighten indeed thus far has frightened professional social historians by its magnitude and complexity Alice Kimball Smith Science Laura Fermi has made an effort to bring together materials that exist nowhere else and to juxtapose them so as to reveal patterns that would otherwise be invisible For this we should be grateful Mrs Fermi s work is earnest and responsible Harriet Zuckerman Physics Today Laura Fermi is an immensely knowledgeable discerning

and unpretentious guide to the influx of the intellectual migration from Fascist Europe as well as a personal example of its lustrous quality this engaging book will prove to be indispensable to all students of transatlantic interactions Cushing Strout The Annals of the American Academy of Political and Social Science This is an optimistic book a contribution to a singular chapter in the history of American science and learning Philip Morrison Scientific American

Russian Cultural Anthropology after the Collapse of Communism Albert Baiburin, Catriona Kelly, Nikolai Vakhtin, 2012-06-25 In Soviet times anthropologists in the Soviet Union were closely involved in the state's work of nation building They helped define official nationalities and gathered material about traditional customs and suitably heroic folklore whilst at the same time refraining from work on the reality of contemporary Soviet life Since the end of the Soviet Union anthropology in Russia has been transformed International research standards have been adopted and the focus of research has shifted to include urban culture and difficult subjects such as xenophobia However this transformation has been and continues to be controversial with for example strongly contested debates about the relevance of Western anthropology and cultural theory to post Soviet reality This book presents an overview of how anthropology in Russia has changed since Soviet times and showcases examples of important Russian anthropological work As such the book will be of great interest not just to Russian specialists but also to anthropologists more widely and to all those interested in the way academic study is related to prevailing political and social conditions

Alexander Kerensky Richard Abraham, 1987 In this innovative biography Richard Abraham offers a comprehensive analysis of Alexander Kerensky's politics and an intimate portrait of the Russian revolutionary's role during the turbulent times of the 1917 Revolution and World War I

Strikes and Revolution in Russia, 1917 Diane P. Koenker, William G. Rosenberg, 2014-07-14 More than seventy years since the Bolsheviks came to power there is still no comprehensive study of workers' activism in history's first successful workers' revolution Strikes and Revolution in Russia 1917 is the first effort in any language to explore this issue in both quantitative and qualitative terms and to relate strikes to the broader processes of Russia's revolutionary transformation Diane Koenker and William Rosenberg not only provide a new basis for understanding essential elements of Russia's social and political history in this critical period but also make a strong contribution to the literature on European labor movements Using statistical techniques but without letting methodology dominate their discussion the authors examine such major problems as the mobilization of labor and management-factory relations perceptions the formation of social identities and the relationship between labor protest and politics in 1917 They challenge common assumptions by showing that much strike activity in 1917 can be understood as routine but they are also able to demonstrate how the character of strikes began to change and why Originally published in 1990 The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase

access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Experiment* Eric Lee, 2017-09-15 For many the Russian Revolution of 1917 was a symbol of hope In the eyes of its critics however Soviet authoritarianism and the horrors of the gulags have led to the revolution becoming synonymous with oppression threatening to forever taint the very idea of socialism The experience of Georgia which declared its independence from Russia in 1918 tells a different story In this riveting history Eric Lee explores the little known saga of the country s experiment in democratic socialism detailing the epic turbulent events of this forgotten chapter in revolutionary history Along the way we are introduced to a remarkable cast of characters among them the men and women who strove for a more inclusive vision of socialism that featured multi party elections freedom of speech and assembly a free press and a civil society grounded in trade unions and cooperatives Though the Georgian Democratic Republic lasted for just three years before it was brutally crushed on the orders of Stalin it was able to offer however briefly a glimpse of a more humane alternative to the Soviet reality that was to come

Passage From Russia A Personal History Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Passage From Russia A Personal History PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Passage From Russia A Personal History PDF books and manuals is

convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Passage From Russia A Personal History free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Passage From Russia A Personal History Books

1. Where can I buy Passage From Russia A Personal History books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Passage From Russia A Personal History book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Passage From Russia A Personal History books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
