Reincarnation: a Passage Through Time Robert Colacurcio,2014-04-07

This book invites readers who consider themselves savvy investors in their long term future to give some serious thought to the lifetime s that may come next The authors approach is to investigate the essential relationship of the human soul to time Whether the reader currently believes in one lifetime or many the relationship of the soul to time will condition whatever comes next on the other side of the portal of death There are many nave portrayals and gross misconceptions about what comes next whether one believes in an eternity in heaven or an indefinite number of reincarnations This book tries to get beyond many of these limited conceptions Too many people have only childhood information to work with when thinking about their long term future Unfortunately everything you need to know to make savvy investments in your long term future was not taught in kindergarten

West,2015-09-29 What do you believe about souls There are many very different doctrines taught in the world today concerning souls that are believed to be in all humans By most a soul is believed to be something that is wholly apart from the person a soul is in that a soul is something that is that is believed to be complete in its self without the person it will live after the person it is in is dead it is believed that a soul will exist forever without the person it will never be dead therefore a soul cannot be resurrected from the dead It is believed that a soul must live someplace forever and it will live either in Heaven or Hell even if there is no resurrection The doctrine of unconditional immortality of a deathless soul being in a person and that soul leaving that person at the death of the person makes it impossible for Christ to have give His life to save that soul from death if a soul had immortality it would already have life and could never not have life all Christ could do is give it a reward or punish it *The World of Horrotica* David Edward Collier,2013-09-05 THE APOCALYPSE CODEX
