Each chapter ends with an extensive bibliography and is further enriched by tables, black and white illustrations, and examples of documents. Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find.

Just a Family History Glenn L. Bower, 2011-08-11

Glenn Bower's ancestors came from England, Germany, and Scotland. They included farmers, sailors, teachers, merchants, ministers, poets, and politicians. Many of them fought and died in wars. The varied themes of each chapter are common to previous generations of many American families. The storylines include the following persons:

- Wilhelm Bar: William Bower came to America in 1833 with his five brothers because his parents were concerned about militarism in their native Württemberg. He joined the 29th Ohio in the Civil War as did 3 brothers and he died in prison after being captured in their second battle.
- Margaret Polk Colburn: was the first woman physician in Henry County, Indiana. Her husband had served with her father in Accomac, Virginia, during the Revolutionary War. Her ancestors included members of three notable Scottish clans: Maxwells, Pollocks, and Sempills, and her distant cousins included Confederate General and Episcopal Bishop Leonidas Polk and President James K. Polk. Margaret's son, John R. Colburn, was born in North Carolina and became an abolitionist preacher in Missouri during the Civil War. His son served as an armed guard at the services of ten-year-old Georg Trimmers, mother and 159 other passengers on the *Davy* as well as the captain, and both mates died during the 1738 voyage from Amsterdam to Philadelphia. Georg and his father, Hans, were among the 121 surviving passengers brought into port by the ship's carpenter, who had become the senior officer. Charles Wright wrote a book about the service of his regiment, the 81st Ohio, during the Civil War; he later served many years as town clerk for Oxford, Ohio, and briefly as mayor. General Israel Putnam was famous for his leadership and bravery during the French and Indian War as well as the Revolutionary War. In 1767, a pregnant Irish girl named Katie was waiting for Israel with her wedding dress when she heard of his marriage to a wealthy widow; she raised their son, John, in western Massachusetts. An older sister and brother of Samuel Jones were taken from their farm by Wyandot Indians in 1777; they survived separately for many years in captivity and were both ultimately reunited with their family. Stephen Hopkins survived the 1609 shipwreck of the *Sea Venture* on its way to Jamestown and then brought his family to America in 1620 on the *Mayflower*. The Royalls were watermen in Norfolk, England; Edmund was crushed to death between a boat and the dock in the late 1800s; several of his children emigrated to Canada and then Washington, D.C. Amos Bassett was 13 when the Civil War started; 2 of his 3 brothers, who were old enough to serve, died soon after they enlisted. One of his wife Matilda's brothers lost his left leg in the war 8 days before it ended and 6 days after he turned 21. Amos's first Bassett ancestor in America arrived in 1621 on the *Fortune*, the second ship to land at the Plymouth Colony.

Memories of Madagascar and Slavery in the Black

Atlantic Wendy Wilson-Fall, 2015-10-21 From the seventeenth century into the nineteenth thousands of Madagascar's people were brought to American ports as slaves In *Memories of Madagascar and Slavery in the Black Atlantic* Wendy Wilson Fall shows that the descendants of these Malagasy slaves in the United States maintained an ethnic identity in ways that those from the areas more commonly feeding the Atlantic slave trade did not Generations later hundreds if not thousands of African Americans maintain strong identities as Malagasy descendants yet the histories of Malagasy slaves sailors and their descendants have been little explored Wilson Fall examines how and why the stories that underlie this identity have been handed down through families and what this says about broader issues of ethnicity and meaning making for those whose family origins if documented at all have been willfully obscured by history By analyzing contemporary oral histories as well as historical records and examining the conflicts between the two Wilson Fall carefully probes the tensions between the official and the personal the written and the lived She suggests that historically the black community has been a melting pot to which generations of immigrants enslaved and free have been socially assigned often in spite of their wish to retain far more complex identities Innovative in its methodology and poetic in its articulation this book bridges history and ethnography to take studies of diaspora ethnicity and identity into new territory
