Passing Judgments:

Passing Judgment: Praise and Blame in Everyday Life Terri Apter, 2018-01-09 Terri Apter reveals how everyday judgments impact our relationships and how praise blame and shame shape our sense of self Do you know that praise is essential to the growth of a healthy brain That experiences of praise and blame affect how long we live That the conscious and unconscious judgments we engage in every day began as a crucial survival technique Do you think people shouldn't be judgmental But how judgmental are you and how does this impact your relationships Keenly perceptive The Atlantic psychologist and writer Terri Apter reveals how everyday judgments impact our relationships and how praise blame and shame shape our sense of self Our obsession with praise and blame begins soon after birth Totally dependent on others rapidly we learn to value praise and to fear the consequences of blame Despite outgrowing an infant's dependence we continue to monitor others judgments of us and we ourselves develop what relational psychologist Terri Apter calls a judgment meter which constantly scans people and our interactions with them and registers a positive or negative opinion In *Passing Judgment* Apter reveals how interactions between parents and children within couples and among friends and colleagues are permeated with praise and blame that range far beyond specific compliments and accusations Drawing on three decades of research Apter gives us the tools to learn about our personal needs goals and values to manage our biases to tolerate others views and to make sense of our most powerful and often confusing responses to ourselves and to others

Rushdoony,2009-11-23 Essentially all of mankind is on some sort of exodus However the path of fallen man is vastly different from that of the righteous Apart from Jesus Christ and His atoning work the exodus of a fallen humanity means only a further descent from sin into death But in Christ the exodus is now a glorious ascent into the justice and dominion of the everlasting Kingdom of God Therefore if we are to better understand the gracious provisions made for us in the promised land of the New Covenant a thorough examination into the historic path of Israel as described in the book of Exodus is essential **Bowing to Our Divine Essence, Within And Suppressing aspects of our ego-mind That impedes our Divine connection** Barbara Johnston,2025-02-11 The purpose of this book is to encourage us all to develop within the ability to distinguish between our Divine voice and that of our ego In doing so we will become inspired through our Divine wisdom to navigate life with clarity that frees us of inner conflict and allows us to embrace our strengths and weaknesses We all have a quiet Divine essence within that is often dominated by the noisy aspirations of our ego mind Yet life for us all would be entirely different if we all made a point daily of living life through our Divine lens Bowing to the Divine essence within allows our awareness merge into the sacred core of our being to discover our Divine nature It is in this sacred space that we are able to reawaken our inner wisdom We then experience life through our Divine lens and we will never view our earthly life the same again even after painful moments We step into our inner power and it is not about

averting painful emotions but rather seeing all from a higher perspective Even though our Divine essence is not visible and is buried in the recesses of our being it is vividly present within us all and vibrates at an authentic higher reality Until we connect and sense it within we will not clearly understand who we are and who we are not This is not a complicated path and does not require adherence to any particular practice or organisation It is not an intellectual journey of our mind and it is not based on any religion philosophy or belief It s a simple one that is inherent within us all One that moves us into a higher consciousness and enriches our life through our journey of self discovery self understanding and spiritual inspiration
