Passing Strangers:

New York-Paris Laure Katsaros, 2012-10-15 A comparison of the mid 19th century city in the poetry of Walt Whitman and Charles Baudelaire and their responses to the inescapable push of modernization **400 Tons + of Song Lyrics**

Adrian Burton, 2018-01-17 A book of 422 song lyrics written from 2006 2018 About love affection romance marriage divorce fiction scientific political and just about anything that enters my head Most of what i write is basically my views which are influenced by sight or sound or words that just enter my head I try and write as simple as possible so anyone can understand or relate to it I like to make it sound as if it s for anyone whether male or female As a self acclaimed musician in retirement years I have arranged music on the internet or my keyboard and sing to the backing track With 15 songs done myself all alone in my room using either a DV mini cam or my camera phone With so many song lyrics i can t possible put music to all so anyone wishing to use my lyrics please contact me You can find me on Face Book YouTube Sound cloud Reverb nation Myspace Twitter and just about everywhere Google my name and i m there Afterlives of Georges Perec Rowan Wilken, 2017-03-08 Examines Perec s impact on architecture art design media electronic communications computing and the everyday What do Perec s descriptions of the minutiae of everyday life reveal about our use of information and communications technologies What happens if we read Life A Users Manual as a toolbox of ideas for games studies What light does the concept of the *ainfra* ordinary shed on social media What insights does algorithmic writing generate for the digital humanities What lessons can architects artists game designers and writers draw from Perec s fascination with creative constraints Through an examination of such questions this collection takes Perec scholarship beyond its existing limits to offer new ways of rethinking our present Contributors Tom Apperley Monash University Australia Caroline Bassett University of Sussex UK David Bellos Princeton USA Justin Clemens University of Melbourne Australia Ben Highmore University of Sussex UK Alison James University of Chicago USA Sandra Kaji OGrady University of Sydney Australia Christian Licoppe TA c la c com ParisTech France Anthony McCosker Swinburne University of Technology Melbourne Australia Mireille Ribí A re independent scholar translator and author Darren Tofts Swinburne University of Technology Melbourne Australia Rowan Wilken RMIT Melbourne Australia Mark Wolff Hartwick College in Oneonta New York USA *Pieces of the Heart* Mike Haszto, 2008-05-29 Emotions Life The saying goes that the eyes are the windows to your soul Given that to be true then I submit that life s experiences are the lifeline to the heart For every experience there is a new piece added to the heart With each new experience comes an emotion Many come with emotions Many emotions are new many are somewhat the same yet independent of themselves Each also carries varying degrees at which each emotion is felt each experience a piece of varying size of the heart And it s the culmination of those experiences that make up our heart Which emotions do we feel strongest Which emotions seem to control us Which emotions make us weak We all experience differently create differently and envision differently We all have varying degrees of emotions through our experiences and through our

creativity and visions This collection of experiences will take the reader into a past of memories triggering thoughts and maybe a smile or two This collection may take the reader into a present thought process triggering experiences that readers may be encountering now Finally this collection will take the reader deep into thought about their visions of the future This is a feel good collection of poems that will set the reader at ease yet will delve into some deep emotions Enjoy **Sijobang** Nigel Phillips,1981-09-24 Sijobang the singing of a poetic narrative about the legendary hero Anggun Nan Tungga is a form of popular entertainment in the area around Payakumbuh in the highlands of West Sumatra Although the story exists as a written text it is best known locally as drama and sung narrative and it is its character as an oral performance that forms the subject of this book Nigel Phillips begins by setting sijobang in its cultural and literary context and then goes on to describe the social background and training of the paid storytellers who perform the narrative He presents a summary of the story and discusses its transient fragmentary and unstandardized form Transcriptions and translations of two recorded performances follow leading into a description of sijobang s main linguistic and literary features Finally Dr Phillips examines in some detail the extent to which performances vary from one occasion to another and what connection this may have with the storyteller s degree of experience **Passing Strangers** Felix Riesenber,1932 City Living Quill R Kukla,2021-10-08 City Living is about urban spaces urban dwellers and how these spaces and people make shape and change one another More people live in cities than ever before more than 50% of the earth s people are urban dwellers As downtown cores gentrify and globalize they are becoming more diverse than ever along lines of race ethnicity socioeconomic class sexuality and age Meanwhile we are in the early stages of what seems sure to be a period of intense civil unrest During such periods cities generally become the primary sites where tensions and resistance are concentrated negotiated and performed For all of these reasons understanding cities and contemporary city living is pressing and exciting from almost any disciplinary and political perspective Quill R Kukla offers the first systematic philosophical investigation of the nature of city life and city dwellers The book draws on empirical and ethnographic work in geography anthropology urban planning and several other disciplines in order to explore the impact that cities have on their dwellers and that dwellers have on their cities It begins with a philosophical exploration of spatially embodied agency and of the specific forms of agency and spatiality that are distinctive of urban life It explores how gentrification is enacted and experienced at the level of embodied agency arguing that gentrifying spaces are contested territories that shape and are shaped by their dwellers The book then moves to an exploration of repurposed cities which are cities materially designed to support one sociopolitical order but in which that order collapsed leaving new dwellers to use the space in new ways Through detailed original ethnography of the repurposed cities of Berlin and Johannesburg Kukla makes the case that in repurposed cities we can see vividly how material spaces shape and constrain the agency and experience of dwellers while dwellers creatively shape the spaces they inhabit in accordance with their needs The book concludes with a reconsideration of the right to the city asking what would be involved

in creating a city that enabled the agency and flourishing of all its diverse inhabitants **A Political Companion to Walt Whitman** John Evan Seery,2011-01-01 A Political Companion to Walt Whitman is the first full length exploration of Whitman's works through the lens of political theory Editor John E Seery and a collection of prominent theorists and philosophers uncover the political awareness of Whitman's poetry and prose analyzing his faith in the potential of individuals his call for a revolution in literature and political culture and his belief in the possibility of combining heroic individualism with democratic justice from publisher description **Lost Children Archive** Valeria Luiselli,2019-02-12 NEW YORK TIMES 10 BEST BOOKS OF THE YEAR An epic road trip that also captures the unruly intimacies of marriage and parenthood This is a novel that daylights our common humanity and challenges us to reconcile our differences The Washington Post One of The Atlantic's Great American Novels of the Past 100 Years In Valeria Luiselli's fiercely imaginative follow up to the American Book Award winning Tell Me How It Ends an artist couple set out with their two children on a road trip from New York to Arizona in the heat of summer As the family travels west the bonds between them begin to fray a fracture is growing between the parents one the children can almost feel beneath their feet Through ephemera such as songs maps and a Polaroid camera the children try to make sense of both their family's crisis and the larger one engulfing the news the stories of thousands of kids trying to cross the southwestern border into the United States but getting detained or lost in the desert along the way A breath taking feat of literary virtuosity Lost Children Archive is timely compassionate subtly hilarious and formally inventive a powerful urgent story about what it is to be human in an inhuman world **The Advanced Dictionary of Marketing** Scott Dacko,2008 This advanced dictionary of marketing focuses on leading edge terminology for use by people who are serious about the theory and practice of marketing With over 1 000 entries ranging in length and depth it is the ideal reference guide for researchers directors managers and anyone studying marketing for a professional or academic qualification **The Golden Bough** James George Frazer,2012-04-26 The greatly revised and enlarged twelve volume third edition 1911 15 of Sir James Frazer's controversial work on classical religion **Fame & Folly** Cynthia Ozick,2011-10-12 From one of America's great literary figures a new collection of essays on eminent writers and their work and on the war between art and life The perilous intersection of writers lives with public and private dooms is the fertile subject of many of these remarkable essays from such literary giants as T S Eliot Isaac Babel Salman Rushdie and Henry James A genuine literary education Each of these pieces is informed gracefully written and propelled with narrative energy San Francisco Chronicle A glittering new collection Each essay shimmers with intelligence The New York Times *Child of Fortune* Norman Spinrad,2013-10-31 In the exotic interstellar civilization of the Second Starfaring Age youthful wanderers are known as Children of Fortune This is the tale of one such wanderer who seeks her destiny on an odyssey of self discovery amid humanity's many worlds *Child of Fortune* , **Sarah Vaughan** Denis Brown,1991-12-11 A true labor of love and appreciation for Sarah Vaughan's vast contributions to American popular music this comprehensive discography documents
