[The St Gall Passion Play](#) Peter MacArdle, 2007-01-01 The early fourteenth century St Gall Passion Play comes from the Central Rhineland Unfortunately its music over one hundred Latin and German chants is given in the manuscript only as brief incipits without any musical notation This interdisciplinary study reconstructs the musical stratum of the play It is the first full scale musical reconstruction of a large German Passion play in recent times using the latest available scholarly data in drama liturgy and

music It draws conclusions about performance practice and forces and offers a sound basis for an authentic performance of the play The study applies musical and liturgical data to the problem of localizing the play the first time this has been systematically attempted and assesses how applicable this might be to other plays It presents a detailed study of the distinctive medieval liturgical uses of three German dioceses Mainz Speyer and Worms The comparative approach suggests how the music of other plays might be reconstructed and understood and shows that a better understanding of the music of medieval drama has much to teach us about other aspects of the genre The book should be of interest to literary scholars theatre historians musicologists liturgical scholars and those involved in the performance of early drama *Fresh Passion Leadership* Michael D Brown,2017-02-21 In an era of economic uncertainty layoffs high unemployment and underemployment and hiring freezes creating and promoting a top flight personal brand that stands out in the crowd is more important than ever Furthermore no matter what level position you are seeking companies want to hire invest in and promote proven branded leaders people who exude confidence and authority through their mastery of important branded skills that delivers world class results individually and through and with people In this case study of Michael D Brown s two years spent showing leaders of a Fortune 5 oil and gas company how to become distinct branded leaders instead of extinct generics Michael D Brown shows you how to employ his unique and proven Fresh PASSION methodology to build a personal brand that will maximize your potential and help you to achieve success beyond your dreams in whatever field you choose Fresh PASSION is the pathway to outperform and outshine your peers and competitors and obtain the professional and personal rewards you deserve in a manner that will encourage people to follow your lead with passion conviction and determination without being asked or begged Brown outlines both the Fresh PASSION method and how he applied it in this particular situation with easy to follow detail personal assessments and an interactive action guide that will lead to you developing enhancing and positioning your personal brand for exponential personal professional and economic success You will discover how longtime employees left behind their generic ways of thinking and conducting business to create an entire experience they could present to employers bosses clients and co workers that left them begging for their services and produced double digit top and bottom line results for the company and their clients This process positioned them as sought after brands in the organization and lead to them earning record financial compensation consistent recognition and promotions With Fresh PASSION they avoided the pitfalls of a generic career and instead obtained the benefits and leadership credentials that come from being a branded entity **Walter de Gruyter Publishers** Anne-Katrin Ziesak,2013-07-05 No detailed description available for Walter de Gruyter Publishers **The Master Passion** Florence Marryat,1886 *The Ruling Passion: an Occasional Poem, Etc* Thomas PAINE (Poet., afterwards Robert Treat),1797 **J.
