Passion For Equality:

A Passion for Equality Nick Kotz, Mary Lynn Kotz, 1977-01 A Passion for Equality traces the life of George Wiley one of the most original and controversial leaders of the social movements of the 1960s and early 1970s **The Passion for Equality** Kenneth Cauthen, 1987 From the Revolutionary War through the Civil War to the debates of today the passion for equality has been one of the keystones of American society This study offers an historical survey of the idea of equality in America a philosophical analysis of the concept and a proposal for a more balanced integration of equality in the structure of American society The Passion for Equality is an important book grounded in the traditions of John Rawls and Robert Nozick It is recommended for philosophers ethicists economists political scientists and social theorists of all political persuasions **A Passion for Equality** Vicki Miles-LaGrange, Bob Burke, 1999 Jimmy Stewart was at the forefront of the struggle for civil rights in Oklahoma for almost a half century Among his many great qualities were integrity and a passion for equality As a national leader of the NAACP he played a major role in developing local state and national civil rights policies He headed the NAACP in Oklahoma City during tumultuous times of school desegregation and integration *Tocqueville and the Nature of Democracy* Pierre Manent, 1996 One of France's leading and most controversial political thinkers explores the central themes of Tocqueville's writings the democratic revolution and the modern passion for equality What becomes of people when they are overcome by this passion and how does it transform the contents of life Pierre Manent's analysis concludes that the growth of state power and the homogenization of society are two primary consequences of equalizing conditions The author shows the contemporary relevance of Tocqueville's teaching to love democracy well one must love it moderately Manent examines the prophetic nature of Tocqueville's writings with breadth clarity and depth His findings are both timely and highly relevant as people in Eastern Europe and around the world are grappling with the fragile complicated and frequently contradictory nature of democracy This book is essential reading for students and scholars of political theory and political philosophy as well as general readers interested in the nature of modern democracy **The Democratic Horizon** Alessandro Ferrara, 2014-03-24 Alessandro Ferrara explains what he terms the democratic horizon and reviews the challenges under which democracies must operate **In the Workshop of History** François Furet, 1984-12 Those concerned with the practice of history as a discipline and as an intellectual activity will be intrigued by the view of history that François Furet offers in this collection of essays After twenty five years as a professional historian at the Ecole des Hautes Etudes and in the ranks of the Annales school Furet sets out to reexamine the methodological and intellectual cleavages that exist today among historians Furet views history as a field bounded at each end by two ideal types One end is concerned with the history of periods and with the empiricism of facts rather than received ideas At the other end is problem oriented history which substitutes for the supposed coherence of a period the analytical examination of a question Furet's own work leans toward the second more conceptually oriented kind of historiography The essays in this volume most of them

never before published in English illustrate the breadth of his approach Furet's discussion ranges through Tocqueville's conceptual system to present day America from the origins of history in France to the Jewish experience in the late twentieth century Among Furet's recurrent themes is the contention that the historian constructs the object or field of his research rather than receiving it from the past *A Pure Theory of Democracy* Antonio García-Trevijano, 2009 This is not a democracy Antonio García-Trevijano denounces in the first pages of this book To confront the great lie that Europe does have democratic regimes a lie rooted in people's confounding of the liberties they enjoy with the political freedom that they lack the author builds a realistic theory of democracy to end the false idea that corruption state crime and public immorality are democracy's undesirable products and not the natural and inevitable fruits of oligarchic regimes Thanks to a superb review of the events that mark the history of democracy the author reveals the obstacles that from the 17th century English revolution the United States War of Independence and the French Revolution opposed political freedom deviating old Europe's democratic possibilities toward the current parties state There exist important theories of the state and of constitution but none that can be called a theory of democracy Antonio García-Trevijano's original theory a modern synthesis of Rousseau's pure democracy and Montesquieu's political freedom responds to European need for a theory of democracy as a real alternative to the corrupted parties regime that was engendered by Western pragmatism during the Cold War

Democracy Growing Up Laura Janara, 2012-02-01 Finalist for the 2004 C B Macpherson Prize presented by the Canadian Political Science Association Winner of the Best First Book Award presented by the Foundations of Political Theory section of the American Political Science Association Tocqueville's *Democracy in America* continues to be widely read but for all this familiarity the vivid imagery with which he conveys his ideas has been overlooked left to act with unexamined force upon readers' imaginations In this first sustained feminist reading of *Democracy in America* Laura Janara assesses the dramatic feminine masculine and infantile metaphorical figures that represent the historical political drama that is Tocqueville's primary topic These tropes are analyzed as both historical artifacts and symbols for psychoanalytic interpretation deepening and complicating the standing interpretations of Tocqueville's work *Democracy Growing Up* comments critically upon the peculiar gendered and familial foundations of modern Western democracy and upon the notion of democratic maturity that Tocqueville offers us *Passion for Justice* Harlan Beckley, 1992-01-01 This valuable book explores how theology ethics and public policy are related in the thoughts and lives of Walter Rauschenbusch John A Ryan and Reinhold Niebuhr three individuals who have each had a great impact on Christian thinking about justice **Passion for Peace** Stuart Rees, 2003 *Passion for Peace* considers the use of non violence and attaining human rights for all It also raises questions about current issues including peace in the Middle East US unilateralism the war on terrorism powerlessness associated with poverty racism and justice for asylum seekers **BOOK JACKET** **A Passion for Democracy** Tzvetan Todorov, 2007 The French Revolution rang the death knell not only for a form of society but also for a way of feeling

and of living and it is still not clear as yet what did we gain from the changes Benjamin Constant was one of the first to draw up this dark diagnosis We no longer know how to love neither to believe nor to want As a result Heaven no longer offers hope the earth dignity the heart refuge But is it enough to deplore it Constant does not think so and having become the first French thinker of democracy he undertakes to seek remedies to the problem a political framework that guarantees the dignity of the individual without dissolving the social bond a religion stripped of its oppressive forms a love finding the place which is due to values higher than all the thrones of the earth

The Library of Choice Literature and Encyclopedia of Universal Authorship Ainsworth Rand Spofford, 1894 Democracy in America Alexis de Tocqueville, 1882 *The World's Great Classics: Democracy in America*, by A. de Tocqueville Timothy Dwight, Julian Hawthorne, 1899 Library Committee Timothy Dwight Richard Henry Stoddard Arthur Richmond Marsh A B and others Illustrated with nearly two hundred photogravures etchings colored plates and full page portraits of great authors Clarence Cook art editor Essays in Christian Politics and Kindred Subjects William Temple, 1927 The Fortnightly Review, 1874 *A Passion for God's Reign* Jürgen Moltmann, Nicholas Wolterstorff, 1998 This is a print on demand book and is therefore non returnable In the challenging dialogue of this book three of today's most respected Christian thinkers explore the role of theology the task of Christian learning and the meaning of the self in our contemporary Western society Jürgen Moltmann builds a case for the public nature of Christian theology and explores how expressions of faith from both the church and the academy relate to significant aspects of modernity Responses by Nicholas Wolterstorff and Ellen T Charry provide a provocative engagement with Moltmann's views Passion for Creation Matthew Fox, 2000-01-01 Matthew Fox's comprehensive translation of Meister Eckhart's sermons is a meeting of true prophets across hundreds of years that results in a spirituality for the new millennium A brilliant interpretation of Eckhart's teachings on creation spirituality *Passion for Creation* formerly Breakthrough is Matthew Fox's comprehensive translation of and original commentary on the critical German and Latin texts of 37 sermons by Meister Eckhart the noted 14th century Dominican priest preacher and mystic The goodness of creation the holiness of all things the divine blood in each person the need to let go and let be these are among Eckhart's themes themes that the best selling author Matthew Fox brilliantly interprets and explains for today's reader *Passion for Creation* will be embraced by theologians students and all seekers of truth It will be especially welcomed by those interested in creation spirituality which Eckhart advocated six centuries ago and which Matthew Fox has promoted as a spiritual path for the new millennium Simply put this book is a meeting of two prophets across hundreds of years The outcome of that meeting is a fount of wisdom The republic of the United States of America, and its political institutions Alexis de Tocqueville, 1890

The Leadership Passion David Loye, 1998-12 In *The Leadership Passion* David Loye has created a penetrating analysis of ideology and its function in both individual psychology and leadership styles In his book Loye discusses the historical sources of left right motivations reexamines the theories of Hegel Nietzsche Freud and Marx among others and analyzes a wide range

of historical and contemporary relevant research Variables receiving attention include liberalism conservatism risk taking alienation anomie extremism and activism Results are then used to shape original studies of campus leadership elites and older men and women during an election campaign Loye's findings suggest an important new model of ideological functioning and provides a framework for a dialectical theory of personality and social change
