Mellott,2009-10-01 There are a variety of people practices and celebrations in the Catholic Church At times some of these can be dismissed too easily as extreme superstitious or uninformed Such is the case with the Penitentes of New Mexico In *I Was and I Am Dust* David M Mellott shares his experiences of the Penitentes as an outsider He explains their struggles with the institutional church and some of the seemingly extreme rituals they facilitate during Holy Week Through the voice of Larry Torres one of the senior members of the Penitentes Mellott poignantly provides readers with a more intimate picture of this community of practitioners Yet so much more than an analysis written by an outsider this work attempts to understand the experience of those within a group whose practices are considered outside the mainstream With Mellott and Torres readers may be surprised to discover a depth of meaning in these practices and to realize the beauty of being dust David M Mellott is assistant professor of practical theology and director of ministerial formation at Lancaster Theological Seminary where he teaches courses in philosophy ethnography and theology of ministry He is committed to supporting and nurturing Christian communities that empower people to live more authentically as they seek to love God neighbor and self more deeply **The Passionists of the Southwest, Or the Holy Brotherhood** Alexander M Darley,2015-08-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [A Contest of Faiths](#) Susan Mitchell Yohn,1995 Susan M Yohn here reconstructs the interactions between Presbyterian women missionaries in the southwest and the native Hispanic Catholic people they set out to Americanize between 1867 and 1924 In the process she reveals how many Protestant women reformers shared a series of experiences that contributed to a national dialogue about cultural pluralism
