Passions And Politics A Biography Of Versailles:

Passions and Politics Joseph Barry, 1972 **Presidential Temples** Benjamin Hufbauer, 2005 This book explores the visual and material cultures of presidential commemoration memorials and monuments libraries and archives and the problematic ways in which presidents themselves have largely taken over their own commemoration The author sees these various commemorative sites as playing a key role in the construction of our collective political and cultural self images and as another sign of our preoccupation with celebrity culture Ultimately he contends these presidential temples reflect not only our civil religion but also the extraordinary expansion of executive authority and presidential self commemoration since FDR

Napoleon and His Parents Dorothy Carrington, 1990 Carrington's revisionist account of Napoleon's first sixteen years distinguishes and compares two stories One is the traditional tale derived as much from hearsay as from contemporary evidence and buttressed by memoirs of the Bonaparte family and their reported sayings The other story is based on the hitherto unexploited archives of the Bonaparte family and scattered documents mostly in Corsica that have remained neglected or ignored Annotation copyrighted by Book News Inc Portland OR **The Publishers' Trade List Annual**, 1974
