Writing Passion: A Catullus Reader 1st Edition Ronnie Ancona, **Power and Passion** Donald Miller, 2019-07-11 Diane Howard holds a strange secret that not even she understands As the great great granddaughter of abolitionist general Oliver Otis Howard the contemporary student believes it is her calling to address the unresolved issues of Jim Crow left over from her ancestor s time Though African American progress has been in hibernation for a century she witnesses its resurgence in her time But even more intriguing whenever her father tells stories of the Civil War she feels a blinding sometimes painful sense of D j vu Like she was not only tethered to that age of black carriages and hoop skirts but played an integral role Days after president Kennedy s death Diane meets Cleveland high school student Erich Metzger as the result of a car accident Their quirky not exactly traditional boy meets girl moment establishes a life affirming counterpoint to the tragedy that has gripped the nation Drawn into the 1960s like matter to a black hole a road map has been drawn for the most incredible adventure of their lives Yet as her boyfriend is stubbornly skeptical of her belief in a past life He realizes that as his coming of age grows out of the golden era of rock n roll her transformation seems to have begun much earlier exactly one century earlier **Catalog of Copyright Entries. way that was previously unknown Massignon traveled throughout the Middle East and western India to gather and authenticate al Hallaj's surviving writings and the recorded facts. After assembling the extant verses and prose works of al Hallaj and the accounts of his life and death Massignon published *La Passion d'al Hallaj* in 1922. At his death in 1962 he left behind a greatly expanded version published as the second French edition 1975. It is edited and translated here from the French and the Arabic sources by Massignon's friend and pupil Herbert Mason. Volume 1 gives an account of al Hallaj's life and describes the world in which he lives; volume 2 traces his influence in Islam over the centuries; volume 3 studies Hallajian thought; volume 4 contains a full biography and index. Each volume contains Massignon's copious notes and new translations of original Islamic documents. Herbert Mason is University Professor of Religion and Islamic History at Boston University. He is also poet and novelist; his version of the *Gigamesh* epic was a nominee for the National Book Award in 1971.

The 11 short stories in this collection range from those with the Wessex setting familiar from Hardy's novels to aristocratic historical fantasies set in the 17th and 18th centuries and tragic or ironic contemporary dramas. Enormously readable in their own right, the stories can also be seen as a rich testing ground for ideas and themes that receive more sustained treatment in Hardy's most innovative and controversial novels.

Trinity of Passion Alan M. Wald, 2011-04-01. The second of three volumes by Alan Wald that track the political and personal lives of several generations of U.S. left-wing writers. *Trinity of Passion* carries forward the chronicle launched in *Exiles from a Future Time*. The Forging of the Mid-Twentieth Century Literary Left. In this volume Wald delves into literary, emotional, and ideological trajectories of radical cultural workers in the era when the International Brigades fought in the Spanish Civil War 1936-39 and the United States battled in World War II 1941-45. Probing in rich and haunting detail the controversial impact of the Popular Front on literary culture, he explores the ethical and aesthetic challenges that pro-Communist writers faced. Wald presents a cross-section of literary talent from the famous to the forgotten, the major to the minor. The writers examined include Len Zinberg, a.k.a. Ed Lacy, John Oliver Killens, Irwin Shaw, Albert Maltz, Ann Petry, Chester Himes, Henry Roth, Lauren Gilfillan, Ruth McKenney, Morris U. Schappes, and Jo Sinclair. He also uncovers dramatic new information about Arthur Miller's complex commitment to the Left. Confronting heartfelt questions about Jewish masculinity, racism at the core of liberal

democracy the corrosion of utopian dreams and the thorny interaction between antifascism and Communism Wald re creates the intellectual and cultural landscape of a remarkable era

Passion Is the Gale Nicole Eustace,2012-12-01

At the outset of the eighteenth century many British Americans accepted the notion that virtuous sociable feelings occurred primarily among the genteel while sinful and selfish passions remained the reflexive emotions of the masses from lower class whites to Indians to enslaved Africans Yet by 1776 radicals would propose a new universal model of human nature that attributed the same feelings and passions to all humankind and made common emotions the basis of natural rights In *Passion Is the Gale* Nicole Eustace describes the promise and the problems of this crucial social and political transition by charting changes in emotional expression among countless ordinary men and women of British America From Pennsylvania newspapers pamphlets sermons correspondence commonplace books and literary texts Eustace identifies the explicit vocabulary of emotion as a medium of human exchange Alternating between explorations of particular emotions in daily social interactions and assessments of emotional rhetoric s functions in specific moments of historical crisis from the Seven Years War to the rise of the patriot movement she makes a convincing case for the pivotal role of emotion in reshaping power relations and reordering society in the critical decades leading up to the Revolution As Eustace demonstrates passion was the gale that impelled Anglo Americans forward to declare their independence collectively at first and then finally as individuals
