## **Passions Triumph:**

**Passion's Triumph over Reason** Christopher Tilmouth, 2010-11-11 *Passion's Triumph over Reason* presents a comprehensive survey of ideas of emotion, appetite, and self-control in English literature and moral thought of the sixteenth and seventeenth centuries. In a narrative which draws on tragedy, epic poetry, and moral philosophy, Christopher Tilmouth explores how Renaissance writers transformed their understanding of the passions, re-evaluating emotion so as to make it an important constituent of ethical life rather than the enemy within which allegory had traditionally cast it as being. This interdisciplinary study departs from current emphases in intellectual history, arguing that literature should be explored alongside the moral rather than political thought of its time. The book also develops a new approach to understanding the relationship between literature and philosophy. Consciously or not, moral thinkers tend to ground their philosophising in certain images of human nature. Their work is premised on imagined models of the mind and presumed estimates of man's moral potential. In other words, the thinking of philosophical authors, as much as that of literary ones, is shaped by the pre-rational assumptions of the moral imagination. Because that is so, poets and dramatists, in their turn, in speaking to this material typically do more than just versify the abstract ideas of ethics. They reflect directly and critically upon those same core assumptions which are integral to the writings of their philosophical counterparts. Authors examined here include Aristotle, Augustine, Hobbes, and an array of lyric poets, but there are new readings too of *The Faerie Queene* and *Paradise Lost*, *Hamlet*, and *Julius Caesar*. Dryden's *Lucretius* and *Etherege's Man of Mode*. Tilmouth's study concludes with a revisionist interpretation of the works of the Earl of Rochester, presenting this libertine poet as a challenging, intellectually serious figure. Written in a lucid, accessible style, this book will appeal to a wide range of readers. *Perpetua's Passions* Jan N. Bremmer, Marco Formisano, 2012-02-09 *Perpetua's Passions* is a collection of studies about Perpetua, a young female Christian martyr who was executed in 203 AD. Like her spiritual guide, Saturus, Perpetua left a diary, and a few years after their deaths, a fellow Christian collected these writings and supplied them with an introduction and epilogue, the so-called *Passion of Perpetua*. The result is one of the most fascinating and enigmatic works of antiquity, which the present volume examines from a wide range of perspectives: literary, narratological, historical, religious, psychological, and philosophical. Viewpoints follow upon a newly edited text and English translation by Joseph Farrell and Craig Williams. This innovative treatment by a number of distinguished scholars not only complements its unique subject but constitutes a kind of laboratory of new approaches to ancient texts.

**A Passion for Cultural Studies** Ben Highmore, 2017-09-16 The culture that infiltrates our lives can provoke a range of feelings and afflictions; culture can move you, get under your skin, and stir up your emotions. Ben Highmore uses these feelings or passions to explore the culture that surrounds us and uses it as a basis to introduce and explain the key ideas, debates, and theories that are central to cultural studies. Impressively accessible and packed with absorbing examples from everyday life, this compact book is the ideal entry point into cultural studies. The

chapters examine problematic and complex issues that are core to cultural studies looking at the experience of migration the nature of the media the lure of commodities the world of taste and the culture of love Cleverly written in a way that is easy to follow and enjoyable to read the text gives a sense of the discipline as a way of thinking rather than an amalgamation of theories and whets the appetite of all those interested in cultural studies Whether you are a student who is new to the field or a seasoned scholar seeking a fresh idea about what cultural studies can do this clear and concise text encourages you to become truly passionate about cultural studies

**Affective Authority: Passions, Morality and Governance in Early Modern England** Linda A. Linda Pollock, 2025-06-10 Throws new light on the history of emotions as well as on cultural norms and elite governance in early modern English society This book investigates the intimate connection between emotion and morality in the landed ranks in England from 1580 to 1700 reintegrating the artificially separated spheres of emotions and ethics It argues that long before the modern eighteenth century emotions lay at the core of early modern ethics virtues and passions were fused and affect underpinned authority Passions affections and ethics were intertwined and must be understood together feelings enabled and constituted ethical conduct and were often mandated obligations while cultural norms were based on affective concepts Through a detailed analysis of four key affective values love gratitude repentance and obedience the book throws new light on the history of emotions as well as on cultural norms and elite governance in early modern English society The book merges social cultural and intellectual history It explores how ideals and concepts were practiced in daily life emphasizes the importance of the domestic familial world for the understanding and exercise of public authority and governance and insists on the centrality of the passions and affections to early modern morality It contributes to the history of emotions by reconnecting affect and ethics advances the history of English society by showing how authority was based on affect thus demonstrating the relevance of emotion to larger historical issues

**The Millennial Harbinger**, 1865 **The Life of Napoleon III** Blanchard Jerrold, 1877 **Miscellanies [containing Discourses, Reviews, and Sermons]. Second edition** William R. WILLIAMS (D.D.), 1850 *Miscellanies* William R. Williams, 1851 **The Method of Teaching and Studying the Belles Lettres** Charles Rollin, 1737 **Religion and the Enlightenment, 1600-1800** William Gibson, 2007 This book considers how Early Modern England was transformed from a turbulent and rebellious kingdom into a peaceable land By considering the history of Taunton Somerset the most rebellious town in the kingdom it is possible to see how the emerging features of the Enlightenment moderation reason and rational theology effected that transformation The experience of Taunton in the seventeenth century was marked by economic fluctuations of the cloth trade and military struggles in the Civil War the Monmouth Rebellion and the Glorious Revolution The primary motivation for the citizens was zealous Puritanism It inspired support for Parliament and rebellion against James II But in the final quarter of the century a new rational and moderate Protestantism emerged from the largest Nonconformist congregation in the country and from a distinguished dissenting academy The study shows that both the militancy of the

seventeenth century and the enlightened moderation of the eighteenth century were principally inspired by religious rather than secular values This book contributes to our understanding of England s transformation and of the religious factors that stimulated it
