The Whirlwind of Passion Petar Penda,2016-04-26 The Whirlwind of Passion New Critical Perspectives on William Shakespeare is a combination of critical linguistic stylistic translation and performance interpretations providing a fresh insight into Shakespearean studies It encompasses many different aspects of the Bard s oeuvre and thus explores various interpretative possibilities of the texts under scrutiny The freshness of this book also lies in the fact that it deals with comparative analyses of both Shakespeare and

his contemporaries as well as in the fact that it emphasises the playwright's relevance today. All the contributors to this volume are distinguished scholars and academicians with extensive experience of teaching and writing on Shakespeare. A Passion for Paris David Downie, 2015-04-28. A top notch walking tour of Paris. The author's encyclopedic knowledge of the city and its artists grants him a mystical gift of access doors left ajar and carriage gates left open, foster his search for the city's magical story. Anyone who loves Paris will adore this joyful book. Readers visiting the city are advised to take it with them to discover countless new experiences. Kirkus Reviews starred. A unique combination of memoir, history and travelogue, this is author David Downie's irreverent quest to uncover why Paris is the world's most romantic city and has been for over 150 years. Abounding in secluded atmospheric parks, artists' studios, cafes, restaurants and streets little changed since the 1800s, Paris exudes romance. The art and architecture, the cityscape, riverbanks and the unparalleled quality of daily life are part of the equation. But the city's allure derives equally from hidden sources: querulous inhabitants, a bizarre culture of heroic negativity and a rich historical past supplying enigmas, pleasures and challenges. Rarely do visitors suspect the glamor and chic and the carefree atmosphere of the City of Light grew from and still feed off the dark fountainheads of riot, rebellion, mayhem and melancholy and the subversive literature, art and music of the Romantic Age. Weaving together his own with the lives and loves of Victor Hugo, Georges Sand, Charles Baudelaire, Balzac, Nadar and other great Romantics, Downie delights in the city's secular romantic pilgrimage sites, asking: Why Paris not Venice or Rome, the tap root of romance or Berlin, Vienna and London where the earliest Romantics built castles in the air and sang odes to nightingales? Read A Passion for Paris, Romanticism and Romance in the City of Light and find out.
