The Christ Conspiracy Acharya S.,2012-09-04 In this highly controversial and explosive book archaeologist historian mythologist and linguist Acharya S marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret societies mystery schools and religions in order to unify the Roman Empire under one state religion In developing such a fabrication this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era and reworked them for centuries into the religion passed down to us today Contrary to popular belief there was no single man who was at the genesis of Christianity Jesus was many characters rolled into one These characters personified the ubiquitous solar myth and their exploits were well known as reflected by such popular deities as Mithras Heracles Hercules Dionysos and many others throughout the Roman Empire and beyond The story of Jesus as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior gods Krishna and Horus who for millennia preceding Christianity held great favor with the people The Christ Conspiracy shows the Jesus character as not unique or original not divine revelation Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces The result of this myth making has been The Greatest Conspiracy Ever Sold

Sacred Places Europe Brad Olsen,2007-02-01 Combining current trends academic theories and historical insights this travel guide brings both lesser known and famous European spiritual locales into perspective by explaining the significance of each sacred site The cultural relevance history and spirituality of each site including Stonehenge the Acropolis Mont Saint Michel Pompeii and Saint Peter s Basilica are explained creating a moving and artistic travel experience Each destination with selections spanning more than 15 countries throughout Europe is accompanied by easy to follow maps and directions
