growth of geographical knowledge **The Song of Songs** Ariel Bloch, Chana Bloch, 1998-01-01 Quite simply the best version in the English language Its poetic voice intimate dignified and informed by meticulous scholarship carries us into the Eden of the original Hebrew text a world in which the sexual awakening of two unmarried lovers is celebrated with a sensuality and a richness of music that are thrilling beyond words Stephen Mitchell Ariel and Chana Bloch have succeeded in an extraordinarily difficult task This is the best and most enjoyable translation of the Song of Songs that I know Their notes too offer excellent insights to readers who know Hebrew and for that matter to those who do not Elaine Pagels This translation is lucid and direct and has a lyrical purity that is delightful It seems to me a model of how such work may be done

appropriations found in literary texts comic books and film The most remarkable feature of popular adaptations of the poem is that its monsters frequently victims of organized militarism male aggression or social injustice are provided with strong motives for their retaliatory brutality Popular adaptations invert the heroic ideology of the poem and monsters are not only created by powerful men but are projections of their own pathological behavior At the same time there is no question that the monsters created by human malfeasance must be eradicated *Caribbean Without Borders* Gabriel J. Jiménez

Fuentes, Gabriel Mejía González, Marisol Joseph Haynes, 2015-09-04 One of the most salient issues in Caribbean studies is the region's linguistic and cultural fragmentation as a result of European colonization More than five centuries later the islands and American countries whose shores touch the Caribbean Sea still echo such maladies The title of this book is a call towards unity a unity that in the words of Barbadian poet historian and critic Kamau Brathwaite is submarine In the past nations borders were established based on the distance a cannon ball was able to cover when fired from land out to sea It is time to go beyond the cannon ball distances out into uncharted territories beyond the canon and thus beyond the cannon's range This book features a selection of essays presented at the fifth annual Caribbean Without Borders conference at the University of Puerto Rico Río Piedras It critically delves into the fields of linguistics history literature philosophy politics feminism cultural studies music film and art among many others as a means to re-visit re-view re-envision re-read re-interpret and thus re-create a Caribbean aesthetics that looks to submarine unity a unity that defies spatial temporal and social borders The book conveys the limitless nature of the Caribbean and its rich culture making it an appealing transdisciplinary source for a multidisciplinary academic audience *The Challenge of Coleridge* David P. Haney, 2010-11 Interweaving past and present texts *The Challenge of Coleridge* engages the British Romantic poet critic and philosopher Samuel Taylor Coleridge in a conversation in Hans Georg Gadamer's sense with philosophical thinkers today who share his interest in the relationship of interpretation to ethics and whose ideas can be both illuminated and challenged by Coleridge's insights into and struggles with this relationship In his philosophy poetry theology and personal life Coleridge revealed his concern with this issue as it manifests itself in the relation between technical and ethical discourse between fact and value between self and other and in the ethical function of aesthetic experience and the role of love in interpretation and ethical action Relying on Gadamer's hermeneutics to supply a framework for his approach Haney connects Coleridge's ideas with among others Emmanuel Levinas's other-oriented notion of ethical subjectivity Paul Ricoeur's view about the other's implication in the self reinterpretations of Greek drama by Bernard Williams and Martha Nussbaum and Gianni Vattimo's post-Nietzschean hermeneutics Coleridge is treated not as a product of Romantic ideology to be deconstructed from a modern perspective but as a writer who offers a challenge to our modern tendency to compartmentalize interpretive issues as a concern for literary theorists and ethical issues as a concern for philosophers Looking at the two together Haney shows through his reading of Coleridge can enrich our understanding of both **Poetry's Knowing Ignorance** Joseph Acquisto, 2019-09-19 What kind of

knowledge if any does poetry provide Poets make poems but they also make meaning and craft a kind of learned and creative ignorance as they provide infinitely revisable answers to the question of what poetry is That question of poetry's definition invites broader ones about the relationship of poetry to other lived experience Poetry thus implies something like a way of life that is resistant to definitive statements and conclusions and the creation of communities of readers and writers that live in ever renewed questioning To resist concluding is to embrace a kind of productive ignorance a knowledge that is first and foremost aware of poetic knowledge's own limits Poetry's Knowing Ignorance shows through an examination of French poetry how it is this dialogue in response to a constant questioning to an answer turned question that continues to blur the boundary between poetry and writing about poetry between poetry and criticism and between poetry and other kinds of experience

Wordsworth and Beginnings of Modern Poetry Robert Rehder, 2016-06-17 First published in 1981 this study sees Wordsworth's work as part of the continuous European struggle to come to terms with consciousness The author pays particular attention to Wordsworth's style and investigates the unstated and unconscious assumptions of that style He discusses the conflicting feelings that shaped Wordsworth's changing conception of The Recluse offers a new interpretation of his classification of his poems and examines the meaning of one of his favourite images the panoramic view of a valley filled with mist While the emphasis is on Wordsworth's greatness as a poet the book stresses the importance of significance of his relation to European literature and poetry

The Poetry of Eavan Boland Pilar Villar-Argaiz, 2008 Pilar Villar Arg iz's sustained meticulous and exacting study of Eavan Boland opens up and articulates in a fresh way the key dimensions of her poetry It succeeds not only in tracking the far reaching ramifications of Eavan Boland's politicized aesthetic as a postcolonial writer but in urging us to revisit the crystalline and precisely etched poems of one of the most significant artists in contemporary Irish culture Professor Anne Fogarty University College Dublin from the Introduction This monograph is an original and important contribution to the growing body of critical studies devoted to one of Ireland's major living poets Eavan Boland see Haberstroh 1996 Hagen Zelman 2005 It details the controversies that were prompted by the inclusion of Ireland in a postcolonial framework and then tests the application of an array of cogent theories and concepts to Boland's work In an attempt to explore the richness and complexity of her poetry Villar Arg iz discusses the contradictory pulls in her desire to surpass and yet at the same time epitomize Irish nationality Boland's remarkable achievement as a poet lies in her ability to stretch by constant negotiations and re appropriations the borderlines of inherited definitions of nationality and femininity Chapters include Re examining the postcolonial Gender and Irish studies Towards an understanding of Boland's poetry as minority postcolonial discourse A post nationalist or a post colonial writer Boland's revisionary stance on Mother Ireland To a third space Boland's imposed exile as a young child The subaltern in Boland's poetry Boland's mature exile in the US An Orientalist writer and Conclusion Review This rigorous and informative exploration of the poetry of Eavan Boland by Pilar Villar Arg iz proves the validity of drawing upon the resources of postcolonial theory to illuminate her work Through

the lens of postcolonialism the deep seated preoccupations and complex imaginative foundations of Boland's writing are carefully excavated and interpreted Villar Argiz moreover in her observant close readings of poems from different phases of the author's oeuvre reveals how recurrent issues such as the problem of national and cultural identity the ethical responsibility of engaging with the past and the quest for fluidity and openness are variously engaged with both aesthetically and philosophically Villar Argiz's sustained meticulous and exacting study of Eavan Boland opens up and articulates in a fresh way key dimensions of her poetry It succeeds not only in tracking the far reaching ramifications of Eavan Boland's politicized aesthetic as a postcolonial writer but in urging us to revisit the crystalline and precisely etched poems of one of the most significant artists in contemporary Irish culture Professor Anne Fogarty Department of English University College Dublin Ireland About the Author Dr Pilar Villar Argiz lectures in the Department of English Philology at the University of Granada Spain where she obtained a European Doctorate in English Studies Irish Literature She is the author of Eavan Boland's Evolution As an Irish Woman Poet An Outsider within an Outsider's Culture The Edwin Mellen Press 2007 She has also published extensively on the representation of femininity in contemporary Irish women's poetry on cinematic representations of Ireland and on the theoretical background and application of feminism and postcolonialism to the study of Irish literature In addition Dr Villar Argiz has co edited two books on English literature Irish Research Series No 51

Twentieth-Century Russian Poetry Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation's culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandelstam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of

the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date *Hovering at a Low Altitude* Dalia Ravikovitch, 2009 Ravikovitch's song is both ancient and new and it is unutterably poignant Stanley Kunitz
