Reed,2011-01-27 More kids are dying right now in obedience to the Jehovah s Witness ban on blood transfusions than perished in the fire at Waco Texas says former Witness elder David A Reed How can

a major sect with headquarters in New York City and twelve million attending its religious services worldwide quietly lead victims to early deaths without public outcry Reed cites dozens of well documented cases media reports naming victims doctors and hospitals issuing their death certificates as he blows the whistle on a deadly cult that secretly instructs members to kidnap children from hospital beds and teaches children to resist doctors violently and give false testimony in court This former minister now widely recognized as an authority on the sect explains his own role in bringing new members under mind control With captivating anecdotes he details an enforcement apparatus that reaches even into clinics and hospitals He brings to light secret instructions for hospital employees to turn over confidential patient records to the church and tells how the hierarchy conducts bedside trials of members who accept forbidden medical treatment Reed joined the sect as a naive young adult and rose through the ranks until he learned how the secretive leadership operated Realizing that his friends were dying for beliefs supposedly channeled from God but actually fabricated by the church hierarchy After leaving the sect he spent years researching its history and activities evidence revealed here for the first time Reed's warning cannot be ignored
