Mary on the Eve of the Second Vatican Council John C. Cavadini, Danielle M. Peters, 2017-05-15 The Blessed Virgin Mary is uniquely associated with Catholicism and the century preceding the Second Vatican Council was arguably the most fertile era for Catholic Marian studies In 1964 Pope John Paul VI published the Dogmatic Constitution on the Church or Lumen Gentium LG the eighth chapter of which presents the most comprehensive magisterial teaching on the Blessed Virgin Mary As part of its Marian Initiative the Institute for Church Life at the University of Notre Dame invited scholars to a conference held at Notre Dame in October 2013 to reflect the rich Marian legacy on the eve of the Second Vatican Council The essays unanimously stress that the Blessed Virgin Mary is not merely a peripheral figure in Christian faith and in the panorama of theology More than fifty years after Lumen Gentium students of theology as well as Marian devotees take their bearings from this document in order to promote the person of Mary and the study of Mariology as well as grow in authentic Marian piety This book will have great appeal to students and scholars of Catholic theology and history particularly those interested in Mariology Contributors Ann W Astell Peter Casarella John C Cavadini Lawrence S Cunningham Brian Daley S J Peter J Fritz Kevin Grove CSC Msgr Michael Heintz Matthew Levering Danielle M Peters James H Phalan CSC Johann G Roten S M Christopher Ruddy Troy Stefano and Thomas A Thompson S M **The Art of Preaching** Daniel Cardo, 2021-08-27 The Art of Preaching A Theological and Practical Primer explores the theological understanding of the homily lessons from classical and contemporary rhetoric the relevance of preaching for the life of the Church highlighting recent teachings of the Magisterium and it presents the incarnation as the foundation for preaching understood as an essential aspect of the priestly life and mission This primer offers a simple and effective method for the preparation and delivery of homilies The book also provides a selection of homilies from the great preachers of the Church organized

chronologically with brief introductions and commentaries that highlight what those homilies teach us for preaching today

Bishops, Authority and Community in Northwestern Europe, c.1050-1150 John S. Ott, 2015-12-01 This important study of episcopal office and clerical identity in a socially and culturally dynamic region of medieval Europe examines the construction and representation of episcopal power and authority in the archdiocese of Reims during the sometimes turbulent century between 1050 and 1150 Drawing on a wide range of diplomatic hagiographical epistolary and other narrative sources John S Ott considers how bishops conceived of and projected their authority collectively and individually In examining episcopal professional identities and notions of office he explores how prelates used textual production and their physical landscapes to craft historical narratives and consolidate local and regional memories around ideals that established themselves as not only religious authorities but also cultural arbiters This study reveals that far from being reactive and hostile to cultural and religious change bishops regularly grappled with and sought to affect positively and to their advantage new and emerging cultural and religious norms

The Ministry of the Shepherd and the Church in Africa, 2017-01-25 With over two million church leaders working in the more than ten million parishes congregations seminaries and houses of religious formation around the world it is important that all the people of God of every church have selfless church leaders who reflect the mind of Christ But how can church leaders learn to be true shepherds like Jesus whose selfless sacrifice of his life for his people set the standard for the pastoral ministry The Ministry of the Shepherd and

the Church in Africa draws on a wide range of Old and New Testament texts to develop the biblical theology of the shepherd Ministry which encourages right shepherding and evangelization in the world of self serving leadership styles Focusing especially on the example of pastoral ministry in Africa author and priest Cletus Chukwudi Imo explores some of the underlying attitudes of the pastor and the laity and challenges church leaders to adopt a role as shepherds and servants not as self serving masters so that they can lead guide and teach their congregations as Christ would Because it can be easy for church leaders to get wrapped up in the sociocultural political and economic concerns of their parishes it is important for these church leaders to shed an undue focus on these concerns instead of shepherd their flocks By modeling their lives and leadership on the ideals of Jesus church leaders including priests religious lecturers seminarians and even lay Christian parents alike can become true servants and shepherds honoring the example of Jesus the Good Shepherd
