Pastoral Care And Liberation Theology:

Pastoral Care and Liberation Theology Stephen Pattison, 1994-03-10 This is the first book to show how Latin American liberation theology can be applied to and can transform pastoral care in countries such as Britain and the USA Hitherto pastoral care has tended to concentrate on looking after individuals Stephen Pattison suggests that much of the suffering endured by individuals is actually socially and politically caused and so is avoidable if the appropriate action is taken The author argues that what we now require is a socio politically aware and committed pastoral care which makes an option for oppressed and poor people and engages in practical struggle against the forces of injustice and oppression Focussing as it does especially on mentally ill people and on women the book will be of interest to all those who want to broaden their vision and knowledge of liberation theology or pastoral care whether theologians pastors students for ministry members of caring professions or users of the services they provide Pastoral Care and Liberation Theology Stephen Pattison, 1997 This book shows how Latin American liberation theology can be applied to and can transform pastoral care in countries such as Britain and the USA Hitherto pastoral care has tended to concentrate on looking after individuals Stephen Pattison suggests that much of the suffering endured by individuals is actually socially and politically caused and so is avoidable if the appropriate action is taken The author argues that what we now require is a socio politically aware and committed pastoral care which makes an option for oppressed and poor people and engages in practical struggle against the forces of injustice and oppression Focussing as it does especially on mentally ill people and on women the book will be of interest to all those who want to broaden their vision and knowledge of liberation theology or pastoral care whether theologians pastors students for ministry members of caring professions or users of the services they provide Pastoral Theology in an Intercultural World Emmanuel Y. Lartey, 2013-03-13 In today s world the challenge of care is how to respond to people s emotional as well as their economic circumstances How can we be respectful of the individual and the community in ways that affirm both How are we to live respectfully with difference and ambiguity Where shall we find our models of life and care from the dominant Western or else some kind of global perspective that includes indigenous knowledge In our theologies do we continue to privilege the study of abstract conceptual theory or do we give place to pragmatic aesthetic and nonverbal forms In the face of increasing extremism terrorism and violence is it possible to make a sensible choice between radical relativism and absolute essentialism Are we to be drawn towards the various expressions of religion or to the opportunities and ambiguities of spirituality as it is called upon in many societies today With the scarce resources available or allocated to health care in many national budgets across the world shall we give greater attention to the eradication of disease through increasingly advanced technologies and therapeutic strategies or to the promotion of health through primary health care and public health education Pastoral Theology in an Intercultural World presents practical theological resources for the broad vision deep passion and thoughtful action needed for pastoral care in the twenty first century **Pastoral Care and Counseling**

Helsel, Philip Browning, 2019 Addresses the critique that pastoral care is indistinguishable from secular psychotherapy by placing a person's relationship to God at the center of pastoral care International Perspectives on Pastoral Counseling Richard L Dayringer, 2014-06-03 Gain fresh perspectives on pastoral care and counseling from international experts This informative book will show you how pastoral care and counseling are viewed and practiced in Africa India Korea Hong Kong the Philippines Central America South America Germany and the United Kingdom You ll find new perspectives on theoretical and practical aspects of pastoral care and counseling as well as fascinating case studies and unique insights on how culture affects this type of ministry In his Preface Dr Howard Clinebell Professor Emeritus of Pastoral Psychology and Counseling at the Claremont School of Theology explains the need for this book In the radically new world of the 21st century pastoral counselors of all races and ethnic backgrounds will be challenged by a growing need to provide competent help to burdened individuals couples families and communities of different cultural backgrounds and worldviews than their own International Perspectives on Pastoral Counseling gives you an intimate view of counseling models from the United States that are being adapted to the realities of urban Korean life pastoral care and counseling in African and multicultural contexts counseling issues arising from urban realities in Pretoria South Africa the state of pastoral counseling and the impact of globalization and international markets on pastoral theology in Brazil care and counseling models from Holland and the United States that are being imported for use in Indonesia how the realities of life in Singapore relate to pastoral care and therapeutic conversations the needs of women and the historical development and meaning of pastoral care and counseling in the Philippines the meaning of forgiveness from an intercultural perspective spiritual philosophical and other perspectives on Chinese cultures the pitfalls of individualistic models of pastoral care and counseling in poverty stricken regions of Latin America the unique challenges of delivering care and counseling in Asian Pacific cultures Care of Souls, Care of Polis Ryan LaMothe, 2017-07-25 In the fields of pastoral care and pastoral theology there are times when a book signals a paradigm shift This is one such book LaMothe develops a political pastoral theology that is used to examine critically political economic and societal structures and practices In the first part of the book LaMothe argues that care and pastoral care are political concepts which along with the notion of justice can be used as a hermeneutical framework to assess macropolitical and macroeconomic realities Included in this section is the notion of civil and redemptive discourse necessary for the survival and flourishing of persons and polis The last section of the book examines U S Empire capitalism class classism and other pressing political issues using the hermeneutical lens of care African American Pastoral Care and Counseling: Edward P. Wimberly, 2006-05-01 Ed Wimberly's important book links politics and pastoral care two practices I haven t seen connected very often Wimberly's book comes at a critical time in the life of theological education and religious practice in America There is a raging debate afoot within black church culture about the appropriate balance of personal and political construal of the Christian message This book could advance a much needed approach to a complicated conversation about the kind of

pastoral care best suited for people who have known racism sexism poverty and religious abuse Wimberly's dedication warmth intelligence and charisma will transform this book into a tool for opening closed minds and closing open arguments that do not liberate Robert M Franklin Presidential Distinguished Professor of Social Ethics Candler School of Theology Emory University It is because pastoral care and counseling facilitate person agency and efficacy personal social and political empowerment and transformation that African American pastoral care and counseling are inherently political processes contends Edward Wimberly In African American Pastoral Care and Counseling The Politics of Oppression and Empowerment Wimberly outlines the theological anthropology that undergirds the practices of care and the practices of self as holistic processes Wimberly shows those who engage in pastoral counseling with African Americans how to navigate around the negative self images identities and stories into which they have been recruited in order to liberate themselves to discern how to best make use of their personal and political agency and efficacy **Liberation Theology and Pastoral Theology** Rebecca S. Chopp, 1990 In Living Color Emmanuel Y Lartey, 2003-03-15 The meaning of pastoral care in modern multicultural societies is challenged and re examined from a pluralistic global perspective in this book Lartey stresses the importance of recognizing different cultural influences on individuals in order to effectively counsel guide and empower them He provides a concise history of pastoral care Moving Beyond Individualism in Pastoral Care and Counseling Barbara J. McClure, 2010-01-01 Despite astute critiques and available resources for alternative modes of thinking and practicing individualism continues to be a dominating and constraining ideology in the field of pastoral psychotherapy and counseling Philip Rieff was one of the first to highlight the negative implications of individualism in psychotherapeutic theories and practices As heirs and often enthusiasts of the Freudian tradition of which Rieff and others are critical pastoral theologians have felt the sting of his charge and yet the empirical research that McClure presents shows that pastoral counseling practitioners resist change Their attempts to overcome an individualistic perspective have been limited and ineffective because individualism is embedded in the field's dominant theological and theoretical resources practices and organizational arrangements Only a radical reappraisal of these will make possible pastoral counseling practices in a post individualistic mode McClure proposes several critical transformations broadening and deepening the operative theologies used to guide the healing practice expanding the role of the pastoral counselor reimagining the operative anthropology reclaiming sin and judgment nuancing the particular against the individual rethinking the ideal outcome of the practices and reimagining the organizational structures that support the practices Only this level of revisioning will enable this ministry of the church to move beyond its individualistic limitations and offer healing in more complex effective and socially adequate The Challenge of Practical Theology Stephen Pattison, 2007-01-15 This engaging collection of essays showcases the ways broad sweep of his scholarly and personal interests and experiences and is a key instalment in his prolific literary output which will be of interest well beyond the confines of academic theology. The challenging and sometimes controversial ideas

contained in this book represent a way forward for practical theology not because readers will necessarily agree with them but because of their potential for stimulating lively debate The lucidity and accessibility of Pattison's style and the clear passion he has for his subject mean that these ideas are destined to penetrate non theological and non academic circles making this book a fitting embodiment of the public theology which its author seeks to promote International Journal of Public Theology Regardless of our beliefs the meaning of life becomes more profound during an episode of suffering Pattison has found a paradigm that allows practitioners to integrate personal intellectual and theological perceptions hence the term practical theology He critically explores the use of terms such as mission vision and hope that have been transferred from religious parlance into the world of health service management Managers wanting change sell this message with evangelistic fervour to convert staff and bring them on board Nursing Standard This collection of key writings by Stephen Pattison examines the implicit and explicit beliefs and value systems that guide practice in both religious and non religious organisations Pattison draws on experience from his work in many different settings including community service volunteering working as a psychiatric hospital chaplain NHS management and lecturing on pastoral studies to promote a personal practical political and popular approach to theology which stresses the importance of responsibility and contemporaneity Broadly themed sections address issues of ethics and value in practice organisation and management Christian thought and practice theology and the Christian tradition and pastoral and practical theology studies The author takes a critical stance towards traditional religious thought and practice and argues the need for reform to make theology more generally accessible and relevant This volume will be inspirational reading for among others care workers clergy managers nurses counsellors and doctors as well as students and those involved in the academic study of theology

Beyond the Walls of Separation Tobias Brandner,2013-12-03 Beyond the Walls of Separation is an essential and easy to read guidebook for chaplains and volunteers working in the context of prison and for all those who are professionally or through family links related to those in prison The book tells the story of what life behind bars is and how inmates experience transformation through Christian faith People at the crisis points of their life where they are shattered and where little is left of what made them may experience life as fragile and as a transparent filter for the mysterious Yet they also may experience God s life giving presence Love expressed in forgiveness against all odds against all merits and previous experiences lies at the root of many stories of transformation that emerge from prison The book guides visitors to approach inmates without condescension with an awareness of the social dimension of power and inequality and with sensitivity to the suffering and alienation that individual prisoners experience The many years of prison ministry in different cultural contexts and with inmates from all nations have taught the author that Christ does not need to be brought to prison through visitors through evangelistic events or through Christian outreach He is already powerfully present in prison

A Critique of Pastoral

Care Stephen Pattison, 2000 A Critique of Pastoral Care is firmly established as a classic text in the field of pastoral theology

The book is now reissued in a third edition which contains a significant new concluding chapter articulating the author s vision for the field pastoral theology should be a lively ecstatic theology transforming individuals and communities alike Such a theology will also be subtle and allusive including doubt darkness and shadow as well as assertion and light Finally it should be an imaginative creative activity which enters the public consciousness and changes lives and practices well beyond the confines of the church Stephen Pattison is a pastoral theologian passionately concerned for the place and future of theology in the world and in this one of his finest books he advances a powerful case for a re energized committed public Transforming Practice Elaine theology alongside a politicized and compassionate form of pastoral care Graham, 2002-03-21 This book is an attempt to address the relationship between the contemporary crisis of Western culture and the future of Christian theology from the vantage point of pastoral practical theology In an age of uncertainty the authority and status of the sources and norms of Christian pastoral care and social action can no longer be taken for granted The traditional models of human nature value and community drawn from Scripture and tradition appear anachronistic especially in the light of postmodern insights into identity power and knowledge The purpose of this book is therefore to reconstruct the values by which Christian practice may be guided in a pluralist and fragmented society and to identify a model of pastoral theology for a postmodern age Can a reconstructed pastoral theology regulate the relationship between theory and practice and construct a relevant but authentic practical wisdom It is possible to maintain the boundaries of coherent community with binding truth claims whilst remaining open to the horizons of diversity and provisionality Pages 2 3

theology is to regain its relevance to the church today theologians must utilize ethnographical tools in order to provide more accurate disciplined research that is situated in real contexts Using ethnography in its broadest sense encompassing any form of qualitative research this volume proposes that the church is both theological and social cultural which implies the need for a methodological shift for researchers in theology Contributions from twelve scholar practitioners lead the way forward Contributors Luke Bretherton Paul S Fiddes Nicholas M Healy Mary McClintock Fulkerson Alister E McGrath Richard R Osmer Elizabeth Phillips Christian Scharen John Swinton Pete Ward Clare Watkins John Webster
