Beyond the Iceberg Christiana Onu PhD,2012-11-05 Beyond the Iceberg A Case for Emotional Healing presents a step by step investigation into human nature considering why so many people get angry producing an intense response without any good reason Through her experience and professional studies author Dr Christine Onu offers antidotes to those hidden

reasons causing people appear to be sick when there is no actual sickness There are many problems plaguing society today for which the root causes are not self evident We are naturally inclined to think and care for ourselves and our own safety more than we think or care for others But nobody is an island we need each other for life to be more meaningful While there is absolute need for each of us to take proper care of ourselves we should also be interested in the needs and progress of others Beyond the Iceberg explores the value of psychology as a necessary tool to deal with and understand human behaviors and the problems that arise in interpersonal relationships so that we are better able to resolve conflicts when they arise Each of us creates our own life story and reality who we are as human beings Beyond the Iceberg considers the hidden emotions that create problems in our relationships at work and at home while examining the causes for our psychological challenges and possible solutions

Using Scripture in the Grief Process Willie L. Johnson, 2010-02-01 The Hilltop United Methodist Church of Columbus Ohio directly inspired this project because of the significant loss of elderly membership The elderly were dying at an alarming rate It became necessary to aid the church with grief counseling Many members of the church were still grieving over lost loved ones and needed healing to move on with their lives church life and private life The author and context associates agreed on the design and implementation of the model to be used for grief healing The methodology to be used was a tool for pastoral counseling and focused on grief issues The design and implementation included seven sermons five lectures and three interviews Pre and post questionnaires were distributed before and after each sermon After each lecture time was allotted for questions and answers Both questionnaires were used to measure responses of the listeners A final evaluation was made to determine overall effectiveness

A Flickering Flame Curtis L. Whitney, 2019-06-28 While reading this book and something unexpected happens how would you respond Who would you look to for help There are a vast number of people stranded on life's highway struggling for help to resolve the difficult crises they face day to day The goal is to assist in a manner that enables them to endure with dignity and hope Think of the many crises you have faced and where you would have ended up had someone not stopped and shared a helping hand Crises can either bring out the best in us or the worse depending on one's ability to cope A Flickering Flame is a metaphor suggesting that when unexpected events occur the source of light is affected resulting in a flicker Viewed through the physical lens during a storm or power surge the lights might flicker Similarly in the emotional realm severe losses leave people bereft of vital sources of emotional supplies and typically produce grieving reaction flickering flames There will be times when your light will flicker but someone will show up to keep it aglow Equipping and empowering congregational leaders is a model that produces creative strategies for caregiver intervention
