*Franchising McChurch* Thomas White,Jon Mark Yeats,2011-05-01 We live in a fast food nation where the service is efficient the products are peer tested and size is king And this consumer driven approach is seeping into the church Across the country churches are creating entertaining pop culture savvy services that feel more market driven than ministry On the menu A proven blend of dynamic music high tech dazzle and topical teachings And just like any successful product churches are launching campuses that build on their brand But is the franchised church of today leading to the disenfranchised

believers of tomorrow Though thousands flock to these services how many lives are truly being changed Have we traded real truth for relevancy Franchising McChurch takes an honest look at the rise of consumer minded ministries Authors Thomas White and John Yeats tackle a spiritual shift that is raising provocative issues such as The blurry line between entertainment and evangelism A marketing approach to ministry The warped yardstick for measuring church success Feel good messages that avoid tough truths Candid and compelling Franchising McChurch calls us back to the heart of Christ's church and shares the Biblical design for delivering meaningful life changing ministry in a fast food world

**Toward a Twenty-First Century Biblical, Apostolic Church** SuYeon Yoon, 2019-09-19 This book explores biblical values that critique the ecclesiology of the New Apostolic Reformation Church NARC and compares the ecclesiology to other missional movements in the North American context A biblical exegesis of Ephesians 4:11-13 as well as C. Peter Wagner's conceptualization of an apostle and apostolic ministry allow the author to demonstrate the gap between the biblical perspective and Wagner's concept of an apostle The biblical role of an apostle is to make the church missional by emphasizing the concept of sending whereas Wagner sees the apostle as a church leader Based upon interviews and participant observation in three NARCs SuYeon Yoon describes the leadership and ecclesiology based on their own self descriptions This book then demonstrates the gap between the biblical and conceptual ideals and the reality of ecclesial practice The author argues that the NARC serves as a charismatic manifestation of a similar cultural response to establish a relational structure for church communities that can appropriately reflect upon and identify with the contemporary context This implies that each movement needs to be biblically sound faithful to its conceptualization and relevant to the context in order to cultivate its own way of being the church
