Dijkstra,2012-09-28 Patent literature has always been a mine of information but until recently it was difficult to access Now
with the Internet access to all patent documents is almost instantaneous and free However interpreting the technical
information provided by patent literature requires a certain skill This monograph aims to provide that skill by explaining
patent jargon and providing background information on patenting Patents dealing with edible oil processing are used to
explain various aspects of patenting To make the explanations less impersonal some have been larded with personal remarks
and experiences Accordingly this monograph is intended for scientists and engineers dealing with edible oils and fats who
