Pater Bernhardus Franz Posset, 2018-08-09 Collected Works Vol 1 The Two Fold Knowledge Readings on the Knowledge of Self and the Knowledge of God Vol 2 Pater Bernhardus Martin Luther and Bernard of Clairvaux Vol 3 Luther's Catholic Christology According to His Johannine Lectures of 1527 *Dictionary of Luther and the Lutheran Traditions*, 2017-08-22 In the five hundred years since the publication of Martin Luther's Ninety Five Theses a rich set of traditions have grown up around that action and the subsequent events of the Reformation This up to date dictionary by leading theologians and church historians covers Luther's life and thought key figures of his time and the various traditions he continues to influence Prominent scholars of the history of Lutheran traditions have brought together experts in church history representing a variety of Christian perspectives to offer a major cutting edge reference work Containing nearly six hundred articles this dictionary provides a comprehensive overview of Luther's life and work and the traditions emanating from the Wittenberg Reformation It traces the history theology and practices of the global Lutheran movement covering significant figures events theological writings and ideas denominational subgroups and congregational practices that have constituted the Lutheran tradition from the Reformation to the present day *Martin Luther as Comforter: Writings on Death* Neil Leroux, 2007-06-30 What was Martin Luther's teaching regarding death and to what extent did his own fears of and experiences with death manifest themselves in his writings What influence did the medieval preoccupation with a good death have upon him How did Luther counsel those facing death to meet it with acceptance or resistance or both Using meticulous rhetorical analysis of select sermons pamphlets and letters of consolation this book examines how Luther offered comfort to those who were facing their own death or who were coming to terms with the death of loved ones Thus the book makes an important contribution to existing scholarship on Luther and the formation of an early modern Protestant ethos surrounding death bereavement and burial *Luther@500 and Beyond* ATF Press, 2019-09-13 The Luther 500 anniversary may be behind us but Luther stands ahead of us in many ways The essays in this volume by an international group of scholars begin with a contextual discussion of Luther's definitive contribution to the Wittenberg Reformation and its significance for us today New light is shed on old issues across a range of topics But these essays do not stay in the past Many also engage critically with contemporary issues in Luther interpretation and a few boldly trace the trajectory of Luther's reformational theology into the future **Luther's Lectures on Genesis and the Formation of Evangelical Identity** John A. Maxfield, 2008-10-01 Martin Luther's lectures on Genesis delivered at the University of Wittenberg during the last decade of his life and later published by his students allow modern readers to view a sixteenth century professor engaging his students with the text of scripture and using that text to form them spiritually The lectures show how Luther attempted to form in his students a new identity an Evangelical identity enabling them to make sense of the rapidly changing society and church in which they were being prepared to serve primarily as pastors in the developing territorial churches of the Reformation This study uses the text of the lectures to

outline the contours of the new identity that Luther laid out through his exposition of Genesis They include how Luther approached and taught his students to perceive the text of holy scripture how that text unveiled for Luther the nature of Christian life in the world and how Luther taught his students to view the past the present and the future of the church and the world through the book of Genesis Whether in the published editions of the lectures the historic Luther was actually misunderstood or was transformed in some way into the prophetic Luther of later memory the text reveals the Luther that his students heard and subsequent generations read

Honey and Salt St. Bernard, 2007-05-01 Bernard of Clairvaux the twelfth century monk who wrote that Jesus is honey in the mouth melody in the ear a cry of joy in the heart was both a mystic and a reformer His writings reveal a mystical theology that Thomas Merton a monastic heir to Bernard's Cistercian reform says explains what it means to be united to God in Christ but also shows the meaning of the whole economy of our redemption in Christ Critical of the monastic opulence of his times Bernard exhorted his monks to consider that Salt with hunger is seasoning enough for a man living soberly and wisely Martin Luther believed that Bernard was the best monk that ever lived whom I admire beyond all the rest put together Bernard's zeal and charisma led to the reform of Christian life in medieval Europe Today it is reported that Pope Benedict XVI keeps Bernard's treatise Advice to a Pope close at hand for spiritual support Honey and Salt is an original selection for the general reader of Bernard's sermons treatises and letters

The Front-Runner of the Catholic Reformation Franz Posset, 2017-03-02 Johann von Staupitz is generally acknowledged as one of the most important influences on Martin Luther convincing him of the sin remitting grace of God It was this revelation that was to spur Luther to formulate his theology of salvation by faith alone which was to lead to his break with the Catholic church When Luther was brought to task by the church authorities for his heretical views it was Staupitz who was deputed to remonstrate with him and it was Staupitz who sent a copy of his theses on indulgences to the Pope Despite Luther's defection from Rome he was to remain on good terms with the orthodox Staupitz who was consistently at the forefront of reformation within the Catholic Church This book sheds light on the spiritual and theological beliefs of Staupitz placing him in the midst of the late medieval reform efforts in the Augustinian order It argues that as reformer sermonizer and friend of humanists Staupitz was a major player in the world of early sixteenth century theology who had a profound influence on the course of the Reformation

Luther's Theology of the Cross Dennis Ngien, 2018-06-11 Luther was fundamentally a preacher pastor a care taker of souls whose ingenuity lies in his usage of the biblical message as a source of pastoral encouragement This book seeks to capture the often overlooked pastoral side of the Reformer through an examination of his sermons on John's gospel The sermons on John show the intrinsic close and causal link between doctrine and consolation They are an exercise of his vocation as a pastor or more precisely as a theologian of the cross who seeks to inculcate the good news of justification by faith in his people leading them to experience it within the dialectic of law and gospel St John said Luther is the master in the article of justification Luther's theological method namely his theology of the

cross permeates and governs the exposition of the text and all major themes of his theology Christology Trinity and soteriology appear in his exegesis of John **The Two-Fold Knowledge** Franz Posset,2018-08-09 Collected Works Vol 1 The Two Fold Knowledge Readings on the Knowledge of Self and the Knowledge of God Vol 2 Pater Bernhardus Martin Luther and Bernard of Clairvaux Vol 3 Luther s Catholic Christology According to His Johannine Lectures of 1527

Renovatio Phil Anderas,2019-06-17 Much mainstream Luther scholarship and Lutheran theology holds that Martin Luther downplayed denied derided or just plain ignored the holiness without which no one shall see the Lord Heb 12 14 Phil Anderas advances a revisionist thesis from the first inklings of his Augustinian turn c 1514 to his death in 1546 Luther held and taught a robust theology of progressive renewal in holiness carefully calibrated to the sober reality of residual sin and the astonishing gospel of grace in Jesus Christ As it is set forth in the works that embody Luther s most considered judgments c 1535 46 this gospel centered and irreducibly trinitarian dogmatics of real renewal in holiness is Augustinian and evangelical in equal parts As such it commands the regard of theologians who stand in the tradition of the Church s doctor gratiae The argument proceeds in three steps first an exposition of the mature Luther s dogmatics of sin grace and holiness second an investigation of the roots of this dogmatics in the theology of the 420s Augustine with whom a younger Luther was busily engaged c 1514 16 third an account of the continuities and discontinuities that characterize the development of Luther s theology from its embryonic state in the mid 1510s through the breakthroughs of the 1518 21 period to the settled position of the old Doctor **In the Spirit** Candace L. Kohli,2024-11-14 How does the Christian produce good works in service of her

neighbor after justification In Martin Luther s famous 1520 treatise The Freedom of a Christian the Reformer claimed that Christ s love springs spontaneously from the Christian s soul as good works In Luther s late medieval theological context however this statement was incoherent with philosophical theories of moral action which required an interplay between the soul and body This problem persists in Lutheran theology today where human passivity in justification is extended over the Christian s entire temporal life Yet Luther seemed to find solutions to this question in his late controversies with Johann Agricola over law and gospel This study looks to pneumatological developments in that controversy for resources that support a more coherent view of moral action in the Christian life **Protestants and Mysticism in Reformation Europe**

Ronald K. Rittgers,Vincent Evener,2019-03-25 Edited by Ronald K Rittgers and Vincent Evener Protestants and Mysticism in Reformation Europe offers an expansive view of the Protestant reception of medieval mysticism from the beginnings of the Reformation through the mid seventeenth century Providing a foundation and impetus for future research the chapters in this handbook cover diverse figures from across the Protestant traditions Lutheran Reformed Radical summarizing existing research analysing relevant sources and proposing new directions for study Each chapter is authored by a leading scholar in the field Collectively Protestants and Mysticism in Reformation Europe calls for a comprehensive reassessment of the relationship of Protestantism to its medieval past to Roman Catholicism and to the enduring mystical element of Christianity

Respect for the Jews Franz Posset, 2019-09-30 Eight different historical theological studies are assembled here under the title *Respect for the Jews* They focus primarily on positive Catholic attitudes toward Jews during the turbulent years of the first half of the sixteenth century The number of authors and texts are relatively small but need to be brought out into the open For the first time a speech in praise of the language of the Jews by the early ecumenist Georg Witzel 1501 1573 is made available in English Other Catholic Hebraists who are featured include Johann Reuchlin 1455 1522 Matthaeus Adrianus ca 1470 1521 Robert Wakefield died 1537 and Nicolaus Winmann ca 1500 1550 Their brilliant works are presented in front of the sinister backdrop of the vicious attacks against the Jews by the well educated Catholic convert of Jewish descent Johann Pfefferkorn ca 1469 1521 a self appointed Catholic missionary to the Jews and also against the background of the scandalous outbursts of the Grobian Reformer Martin Luther 1483 1546 Volume 4 of the author's *Collected Works* fosters the idea that Jews and Christians are study partners rather than antagonists as visualized in the new statue *Synagogue and Church in Our Time* as shown on the cover

Volume 4: Kierkegaard and the Patristic and Medieval Traditions Jon Stewart, 2016-12-05 This volume features articles which employ source work research to trace Kierkegaard's understanding and use of authors from the Patristic and Medieval traditions It covers an extraordinarily long period of time from Cyprian and Tertullian in the second century to Thomas Kempis in the fifteenth Despite its heterogeneity and diversity in many aspects this volume has a clear point of commonality in all its featured sources Christianity Kierkegaard's relation to the Patristic and Medieval traditions has been a rather neglected area of research in Kierkegaard studies This is somewhat surprising given the fact that the young Kierkegaard learned about the Patristic authors during his studies at the University of Copenhagen and was clearly fascinated by many aspects of their writings and the conceptions of Christian religiosity found there With regard to the medieval tradition in addition to any number of theological issues medieval mysticism medieval art the medieval church troubadour poetry and the monastic movement were all themes that exercised Kierkegaard during different periods of his life Although far from uncritical he seems at times to idolize both the Patristic tradition and the Middle Ages as contrastive terms to the corrupt and decadent modern world with its complacent Christianity While he clearly regards the specific forms of this Medieval appropriation of Christianity to be misguided he is nonetheless positively disposed toward the general understanding of it as something to be lived and realized by each individual

God Has Spoken Gerald Bray,2014-10-31 Christian theology didn't develop in a vacuum Understanding the story behind the doctrines that have been debated defined and defended throughout history is crucial for truly understanding the doctrines themselves In this groundbreaking resource professor Gerald Bray traces the history of Christian theology from the early church to the modern era Structured to parallel the order in which orthodoxy gradually matured in response to challenges from both within and without the church this volume tells the story of how Christians have struggled to understand confess and worship the triune God through the centuries **The Power of the Cross** Graham

Tomlin,2007-03-01 In a postmodern world the church cannot escape the question of power The contemporary critique of the church suggests that it reigned for so long in Western society not because it was more true than its rivals but because it was more powerful Is the Christian claim to truth merely a veiled bid for power Has not the church regularly abused its power during the years of Christendom Does Christian theology have the resources to answer these charges This book argues that it does in the quiet but recurrent theme of the theology of the cross It explores the origins and contours of this kind of theology in three of its major exponents St Paul Martin Luther and Blaise Pascal showing how each of them turned to a theology of the cross to combat the abuse of power within the church It concludes by considering how such theology might do the same in the postmodern context Of interest to anyone concerned with the role of the church in a postmodern world or in the theology of the cross itself this book explores vital themes for the church's life and thought both today and in the future **Joseph**

Ratzinger and the Healing of Reformation-Era Divisions Emery de Gaál ,Matthew Levering,2019-11-01 Edited by Emery de Gaál and Matthew Levering Joseph Ratzinger and the Healing of Reformation Era Divisions examines Joseph Ratzinger Pope Benedict XVI's manifold contributions to Catholic Protestant theological reflection The collection opens with an introduction comparing Ratzinger's approach to ecumenism to that of Karl Rahner Rahner argues that the structural uniting of Protestants and Catholics should take place now without worrying about doctrinal differences In contrast Ratzinger argues that unity in Christ requires probing the doctrinal differences and seeking a deeper understanding of the reasoning of each side on the grounds that the truth of the Gospel that each side desires to preserve will ultimately be the basis for the only kind of Christian ecclesial unity worth having namely a unity of the basis of the truth of the Gospel of Jesus Christ Detailed essays follow treating a number of loci including papal primacy ecumenical principles liturgy evangelization Mariology Christ's birth and the celebration of Christmas public theology Christocentrism Martin Luther charity conscience missiology justification the reception of Ratzinger Benedict in Radical Orthodoxy and Scripture and Tradition These essays run the full gamut of Ratzinger Benedict's major themes and preoccupations Ten of the essays are by Catholic scholars and seven by Protestant scholars Contributors include many of the world's leading Ratzinger experts and the volume opens with an essay
