**Jainism: A Guide for the Perplexed** Sherry Fohr, 2015-01-29 Jainism is arguably the most non violent and austere religion in the world While lay Jains attempt to never harm humans or animals the strict non violence followed by the highly revered monks and nuns also proscribes harm to any living being even a microscopic organism And while laywomen and a few laymen undergo long

and difficult fasts the longest being for one month renouncers austerities also include pulling their hair out by the roots two to five times a year walking bare foot throughout India most of the year and in the case of some monks not wearing any clothing at all Jainism A Guide for the Perplexed is a clear and thorough account of this fascinating tradition explaining many basic Jain values beliefs and practices in the same way they are taught to Jains themselves through the medium of sacred narratives Drawing from Jainism s copious and influential narrative tradition the author explores the inner logic of how renouncers and laypeople s values and practices depend on an intricate Jain worldview **Jainism and Ecology**

Chandler-Smith,2024-01-12 The Wanderer in African American Literature highlights an enduring feature of African American letters From the slave narrative to Afrofuturism the literature is populated driven and emboldened by wanderers who know no bounds Gena E Chandler argues that wanderers and the theme of wandering push the limits of narrative forms and challenge assumptions about the African American experience The slave narratives of Olaudah Equiano and Harriet Jacobs echo eighteenth and nineteenth century literary traditions and chronicle journeys toward freedom and faith Equiano traces his changing identity integrating his native African culture with his adopted European one Jacobs addresses the gender restrictions she faces as a slave and then a free woman whose progress in life remains uncertain and ongoing Langston Hughes and Nella Larsen chronicle real and imagined journeys during the Harlem Renaissance and the Great Migration Hughes s autobiography I Wonder as I Wander 1956 traces his global travels in the 1930s highlighting his unique identity as a black American Larsen s novel Quicksand 1928 follows its biracial heroine as she travels throughout the United States and to Denmark while navigating matters of race and gender The protagonist of Richard Wright s The Outsider 1953 seeks individual freedom and a new identity but is constrained within the boundaries of an American nation and a Western ideal that continuously views the black subject as outside and distinct from the modern project of advancement and freedom In James Baldwin s Giovanni s Room 1956 the white protagonist flees America for France yet cannot escape difficult questions about sexuality and race Finally John Edgar Wideman s The Cattle Killing 1996 tells the story of two wanderers an itinerant preacher spreading God s word during the Great Awakening and a twentieth century writer on a journey of self discovery about his identity and vocation The former experiences a crisis of his Christian faith and the latter endures a crisis of faith in his literary abilities Tying these diverse threads together Chandler

demonstrates the power of the black narrative to assimilate and redeploy the literary trope of wanderlust exchanging its premise of rootless drifting for something altogether more mobilizing

**Finding Global Balance** Katherine Marshall, Lucy Keough, 2005 This book relates the latest chapter in the story of a remarkable partnership between the worlds of faith and development, launched in 1998 by Jim Wolfensohn and then Archbishop of Canterbury George Carey when they convened a meeting of faith and development leaders in Lambeth Palace. The intervening years have seen the growth and enhancement of a network of world faith and development leaders who share a common passion to eradicate global poverty, extend social justice, and ensure global security for all of the world's people. Periodically, this group of leaders gathers together to debate issues of common concern and global significance. The most recent meeting took place in Dublin, Ireland, in January 2005. Debates over two days were rich and provocative, examining issues ranging from the recent Asian tsunami to HIV/AIDS, gender and youth, and the roots of conflict, all viewed through the lens of equity. References to the ethical dimensions of poverty alleviation and the need for a strong moral underpinning as a foundation for equitable and sustainable development lay at the heart of every session. The uniqueness of this partnership is the fresh perspective it offers on critical development issues and the opportunity for faith leaders and development leaders to seek new avenues for collaboration. This book tells the story of this partnership within the context of the Dublin meeting.
