With Sixty Fine Portraits on Steel Frank MOORE,1864 **Portrait and Biographical Record of Waukesha County, Wisconsin** ,1894 **Colonels in Blue--Illinois, Iowa, Minnesota and Wisconsin** Roger D. Hunt,2019-07-05 The sixth in a series documenting Union army colonels this biographical dictionary lists regimental commanders from Illinois Iowa Minnesota and Wisconsin A brief sketch of each is included many published here for the first time giving a synopsis of Civil War service and biographical details along with photos where available **Portrait and Biographical Record of Berrien and Cass Counties,Michigan** ,1893 **Portrait and Biographical Record of Winona County, Minnesota** ,1895 **Portrait and Biographical Record of the State of Colorado** ,1899 **Portrait and Biographical Record of Lancaster County, Pennsylvania** ,1894 Portrait and Biographical Record of Denver and Vicinity, Colorado ,1898 *Portrait and Biographical Record of Jasper, Marshall and Grundy Counties, Iowa* ,1894 **The University of Kansas; a History** Clifford Stephen Griffin,1974 Here is a through assessment of the development of the University of Kansas during its first century Clifford S Griffin traces the University from little more than a high school or preparatory school to a college and then to a major institution No mere chronicle of the University s triumphs and progress this book gives equal attention to the many disappointments and frustrations over the years Griffin concerns himself not only with the physical growth of the institution but with the nature of the University s goals and character as well From John Fraser to W Clarke Wescoe each Chancellor of the University of Kansas faced unique problems in shaping the destiny of the ever expanding institution They struggled with the perils of an unstable economy enrollment crises departmentalization disagreements with faculty and regents disputes over open admission and the importance of scholarly research demands for higher salaries and alteration of the curriculum and even grasshopper plagues Each administration competed for legislative appropriations status and public support Anyone who has been associated with the University will find in this history many of the things he remembers best its social organizations athletic contests student pranks class feuds and campus politics Colorful Mount Oread personalities are described leaders scholars politicians and benefactors Thirty six photographs trace different phases of the University s growth Even those individuals well informed concerning the history of the University will learn much about its past and its potential for the future In addition Griffin explores ideas about the purposes and practices of higher education including the concept of the American state university as a servant of society In many respects the development of the University

paralleled the growth of the state itself this book is therefore a valuable contribution to the cultural and intellectual history of the nineteenth and twentieth centuries in Kansas **Portrait and Biographical Record of Johnson and Pettis Counties, Missouri** ,1895 Portrait and Biographical Record of Orange County, New York ,1895 **American Misfits and the Making of Middle-Class Respectability** Robert Wuthnow,2020-08-04 How American respectability has been built by maligning those who don t make the grade How did Americans come to think of themselves as respectable members of the middle class Was it just by earning a decent living Or did it require something more And if it did what can we learn that may still apply The quest for middle class respectability in nineteenth century America is usually described as a process of inculcating positive values such as honesty hard work independence and cultural refinement But clergy educators and community leaders also defined respectability negatively by maligning individuals and groups misfits who deviated from accepted norms Robert Wuthnow argues that respectability is constructed by othering people who do not fit into easily recognizable socially approved categories He demonstrates this through an in depth examination of a wide variety of individuals and groups that became objects of derision We meet a disabled Civil War veteran who worked as a huckster on the edges of the frontier the wife of a lunatic who raised her family while her husband was institutionalized an immigrant religious community accused of sedition and a wealthy scion charged with profiteering Unlike respected Americans who marched confidently toward worldly and heavenly success such misfits were usually ignored in paeans about the nation But they played an important part in the cultural work that made America and their story is essential for understanding the othering that remains so much a part of American culture and politics today *Portrait and Biographical Record of Cook and Dupage Counties, Illinois* ,1894
