Portraits in Steel ,1993 This powerful book documents in images and words the unsettling experience of a dozen men and women workers who lost their jobs in the steel mills in Buffalo New York and then had to fashion new lives for themselves It is the fruit of a collaboration between the celebrated documentary photographer Milton Rogovin and Michael Frisch a leading figure in American oral history Portraits in Steel David H. Wollman,Donald R. Inman,1999 Portraits in Steel is the authors effort to help explain and to save something of the heritage of a once vital company and to portray its wide ranging impact on the local and national community BOOK JACKET Portraits in Steel ,1993 This powerful book documents in images and words the unsettling experience of a dozen men and women workers who lost their jobs in the steel mills of Buffalo New York and had to fashion new lives for themselves A stunning collection of revealing narratives that bears witness to wrenching changes in the American economy Photographs **Hands** Janet Zandy,2004 In linking forms of cultural expression to labour occupational injuries and deaths this title centres what is usually decentred the complex culture of working class people *The hundred greatest men: portraits, reprod. from steel engravings* Hundred greatest men,1885

Portraits of Industry Lorie A. Annarella,2004 The fourteen paintings reviewed in this study chronicle industrial artist Howard L Worner s interpretation of the steel industry By employing ethnographic techniques to his art Worner contributed much to the understanding of the culture of work This book will provide students of art education a better understanding of the genre through artistic ethnography and interpretation as well as an excellent overview of industrial art An Illustrated Dictionary of British Steel Engravers Basil Hunnisett,2021-06-23 First published in 1989 An Illustrated Dictionary of British Steel Engravers contains more than 600 entries and an extensive plate section providing examples of work referenced in the text and adding a clear chronological dimension to the subject The book makes use of an array of surviving accounts and correspondence of engravers and publishers and adopts a comprehensive and systematic approach to identifying different types and variants of steel engravings over time Equipped with a detailed introduction to the history of steel engravings An Illustrated Dictionary of British Steel Engravers will be of great use to those interested in illustration graphic art Victorian literature and the history of printing *American Publishers' Circular and Literary Gazette* ,1857 **American Literary Gazette and Publishers' Circular** ,1869 **A Town Without Steel** Judith Modell,2014-11-30 Photographs by Charlee Brodsky In 1986 with little warning the USX Homestead Works closed Thousands of workers who depended on steel to survive were left without work A Town Without Steel looks at the people of Homestead as they reinvent their views of household and work and place in this world The book details the modifications and revisions of domestic strategies in a public crisis In some ways unique and in some ways typical of American industrial towns the plight of Homestead sheds light on social cultural and political developments of the late twentieth century In this anthropological and photographic account of a town facing the crisis of deindustrialization A Town Without Steel focuses on families Reminiscent of Margaret Byington

and Lewis Hine's approach in Homestead Charlee Brodsky's photographs document the visual dimension of change in Homestead. The mill that dominated the landscape transformed to a vast empty lot; a crowded commercial street turns into a ghost town and an abundance of well-kept homes become an abandoned street of houses for sale. The individual narratives and family snapshots Modell's interpretations and Brodsky's photographs all evoke the tragedy and the resilience of a town whose primary source of self-identification no longer exists. *Carroll's Literary Register*, 1865 *The Reference Catalogue of Current Literature*, 1906 **The Arabian nights' entertainments.
