Public Papers Of The Secretaries General Of The United Nations Vol 6 U Thant 1961 1964

Kevin A. Spooner

Public Papers Of The Secretaries General Of The United Nations Vol 6 U Thant 1961 1964:

Public Papers of the Secretaries General of the United Nations Andrew Cordier, Wilder Foote, 2010-06-01 **Public Papers of the Secretaries General of the United Nations** Andrew W. Cordier, Max Harrelson, 2010-06-01 **Public Papers of the Secretaries General of the United Nations** The UN Secretary-General and the Security Council Manuel Fröhlich, Abiodun Williams, 2018-03-16 The United Nations Secretary General and the United Nations Security Council spend significant amounts of time on their relationship with each other They rely on each other for such important activities as peacekeeping international mediation and the formulation and application of normative standards in defense of international peace and security in other words the executive aspects of the UN's work The UN Secretary General and the Security Council fills an important lacuna in the scholarship on the UN system Although there exists today an impressive body of literature on the development and significance of the Secretariat and the Security Council as separate organs an important gap remains in our understanding of the interactions between them Bringing together some of the most prominent authorities on the subject this volume is the first book length treatment of this topic It studies the UN from an innovative angle creating new insights on the autonomous policy making of international organizations and adds to our understanding of the dynamics of intra organizational relationships Within the book the contributors examine how each Secretary General interacted with the Security Council touching upon such issues as the role of personality the formal and informal infrastructure of the relationship the selection and appointment processes as well as the Secretary General's threefold role as a crisis manager administrative manager and manager of ideas **The UN Secretary-General and Moral Authority** Kent J. Kille, 2007-10-29 Once described by Trygve Lie as the most impossible job on earth the position of UN Secretary General is as frustratingly constrained as it is prestigious The Secretary General's ability to influence global affairs often depends on how the international community regards his moral authority In relation to such moral authority past office holders have drawn on their own ethics and religious backgrounds as diverse as Lutheranism Catholicism Buddhism and Coptic Christianity to guide the role that they played in addressing the UN's goals in the international arena such as the maintenance of international peace and security and the promotion of human rights In *The UN Secretary General and Moral Authority* contributors provide case studies of all seven former secretaries general establishing a much needed comparative survey of each office holder's personal religious and moral values From Trygve Lie's forbearance during the UN's turbulent formative years to the Nobel committee's awarding Kofi Annan and the United Nations the prize for peace in 2001 the case studies all follow the same format first detailing the environmental and experiential factors that forged these men's ethical frameworks then analyzing how their inner code engaged with the duties of office and the global events particular to their terms Balanced and unbiased in its approach this study provides valuable insight into how religious and moral leadership functions in the realm of international relations and how the promotion of

ethical values works to diffuse international tensions and improve the quality of human life around the world

Hammar skjöld Roger Lipsey, 2013-03-18 Drawing from little explored archives and personal correspondence chronicles the life of the second secretary general of the United Nations who was killed in 1961 while en route to ceasefire negotiations in the Congo

A Concise Encyclopedia of the United Nations Helmut Volger, 2021-12-28 This English edition of the German Lexikon der Vereinten Nationen provides concise and comprehensive information not only about the structure of the UN system its goals and functions but about recent developments and reform efforts in the face of global opportunities and challenges The contributing authors are academic scholars of international law economics and political sciences active and former diplomats and UN officials journalists and members of non governmental organizations NGOs and offer a variety of interesting perspectives The entries are provided with Internet addresses for further information and are supplemented in the annex with a trilingual list English French German of the most important institutions and items of the official terminology and a list of information facilities concerning the UN Readership scholars and students of international law international economics and political sciences teachers journalists diplomats and politicians in the parliaments of the UN member states This new encyclopedia on the United Nations is a welcome addition to the works of academic research and political analysis covering the organization its complex goals in the post cold war era and its ever broader role in the new millennium While taking stock of more than half a century s achievements and setbacks the encyclopedia also reflects the many ways in which the United Nations touches the lives of people everywhere from the Preface by UN Secretary General Kofi Annan

Pearson's Peacekeepers Michael K. Carroll, 2010-01-01 In 1957 Lester Pearson won the Nobel Peace Prize for creating the United Nations Emergency Force during the Suez crisis The award launched Canada s enthusiasm and reputation for peacekeeping Pearson s Peacekeepers explores the reality behind the rhetoric by offering a detailed account of the UNEF s decade long effort to keep peace along the Egyptian Israeli border While the operation was a tremendous achievement the UNEF also encountered formidable challenges and problems This nuanced account of Canada s participation in the UNEF challenges perceived notions of Canadian identity and history and will help Canadians to accurately evaluate international peacekeeping efforts today

Canada, the Congo Crisis, and UN Peacekeeping, 1960-64 Kevin A. Spooner, 2010-01-01 In 1960 the Republic of Congo teetered near collapse as its first government struggled to cope with civil unrest and mutinous armed forces When the UN established what would become the largest peacekeeping operation of the Cold War the Canadian government faced a difficult decision Should it support the intervention As Kevin Spooner demonstrates Canada s involvement in the mission was not preordained The Diefenbaker government became enmeshed in a complex web of foreign and defence policy determinants that caused it to have immediate and ongoing reservations reservations that challenge cherished notions of Canada s commitment to the UN and its status as a peacekeeper This book offers one of the first detailed accounts of Canada s involvement in UN peacekeeping It will appeal to those interested in Canadian foreign policy and

relations with Africa in particular and the Congo crisis and United Nations peacekeeping more generally Public Papers of the Secretaries-General of the United Nations Vol.6 - U Thant 1961-1964 United Nations. Secretary-General, 1972
