Public Policy Toward General Aviation Studies In The Regulation Of Economic Activity:

Railroads, Freight, and Public Policy Theodore E. Keeler, 2010-12-01 This book examines railroad regulation and public policy regarding the freight industry

The Economic Effects of Airline Deregulation Steven Morrison, Clifford Winston, 2010-12-01 In 1938 the U S Government took under its wing an infant airline industry Government agencies assumed responsibility not only for airline safety but for setting fares and determining how individual markets would be served Forty years later the Airline Deregulation Act of 1978 set in motion the economic deregulation of the industry and opened it to market competition This study by Steven Morrison and Clifford Winston analyzes the effects of deregulation on both travelers and the airline industry The authors find that lower fares and better service have netted travelers some 6 billion in annual benefits while airline earnings have increased by 2.5 billion a year Morrison and Winston expect still greater benefits once the industry has had time to adjust its capital structure to the unregulated marketplace and they recommend specific public policies to ensure healthy competition

Public Policy Toward General Aviation Jeremy J. Warford, 1971 Study of government policy on the financing of airports and services in the USA used by commercial air transport companies and civil aircraft proposes a method of charging for such services that would achieve greater productivity and a more equitable distribution of costs between general aviation commercial airlines and the general taxpayer References and statistical tables
