Public Research University Serving The Public Good In New Times:

Privatization and Public Universities Douglas M. Priest, Edward P. St. John, 2006 A timely book on an important subject for the future of higher education in America

Higher Education: Handbook of Theory and Research John C. Smart, Michael B. Paulsen, 2012-04-25 Published annually since 1985 the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic The Handbook focuses on twelve general areas that encompass the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world

American Higher Education, Leadership, and Policy P. Pasque, 2010-06-07 In this critical look at contemporary higher education Pasque argues that if a more thorough understanding of leaders perspectives is not offered then the dominant perspectives within academic discourse will continue to perpetuate the current ideas of higher education s relationship with society

Higher Education for the Public Good Adrianna Kezar, Anthony C. Chambers, John C. Burkhardt, 2015-06-22 This important book explores the various ways that higher education contributes to the realization of significant public ends and examines how leaders can promote and enhance their contribution to the social charter through new policies and best practices It also shows how other sectors of society government agencies foundations and individuals can partner with institutions of higher education to promote the public good Higher Education for the Public Good includes contributions from leaders in the field many of whom participated in dialogues hosted by the National Forum on Higher Education for the Public Good These leaders are responsible for creating successful strategies programs and efforts that foster the public s role in higher education

Re-Envisioning the Public Research University Andrew Furco, Robert H. Bruininks, Robert J. Jones, Kateryna Kent, 2021-12-24 This volume explores the numerous and competing demands that face America s public research universities and considers how institutions and their leaders can best navigate this challenge to ensure longevity relevance and success on the local national and global stage Today s public research universities have the unique challenge of responding to new societal pressures and policies while remaining true to their core educational missions and values Highlighting the multiple roles that universities must now fulfil as institutions of higher learning as research bodies as institutions with global reputations and as organizations that serve the public the volume asks how they can best evolve in the rapidly changing education landscape Tackling subjects such as faculty culture the role of technology financial sustainability institutional identity diversity and organizational development chapters identify innovative and transformative mechanisms for acclimatizing the public research university to current educational academic and societal needs This text will

benefit researchers academics and educators with an interest in higher education educational reform and policy and the sociology of education more broadly *Engaged Research and Practice* Betty Overton, Penny A. Pasque, John C. Burkhardt, 2023-07-03 What practices can researchers use to gain a more nuanced understanding of educational issues in the community and be part of the solution to those issues Engaged Research and Practice is about two prevailing and complementary ideas that have surfaced in the higher education arena engaged research and higher education for the public good Engaged research is scholarship that not only attempts to open up new knowledge but it does so with a sense that the new knowledge insight and directions have a direct relationship to needs and problems within our communities institutions and policy arenas Engaged actionable or participatory research and scholarship attempts to tackle the identified issues of our communities and society This handbook offers important insights and tangible examples of how higher education leaders may work directly with communities and in policy settings to understand the deeper meanings often lost in conversations about educational opportunity Each chapter addresses the ways in which faculty community and administrative leaders may connect research and practice through unique research projects The authors offer clear explanations of how their engaged research was conducted to illustrate explicit pathways for practitioners This book also includes short narratives where authors involved with this research reflect on their experiences and the lessons they have learned while immersed in community and policy related work *The New Balancing Act in the Business of Higher Education* R. Clark, 2006-01-01 the stature of the authors who include prominent university presidents and chancellors as well as leading researchers on the business of higher education makes this a worthwhile read Not to be missed are the chapters on how three Virginia universities are redefining what it means to be a public university and an interesting and provocative look at the looming financial crisis in higher education and how it can best be addressed Highly recommended F Galloway Choice *The New Balancing Act in the Business of Higher Education* is a must read for higher education leaders It captures the major challenges of balancing enhancement of revenues to sustain mission and core values with containing costs to keep tuition for students affordable At the same time given the changing nature of the faculty colleges and universities must respond by developing more flexibility within faculty careers And presidents must lead their institutions through transformative changes that require trust and credibility among the stakeholders Now is the time for strong collaborative and decisive leadership Claire Van Ummersen Vice President and Director American Council on Education US This volume is an important read for those responsible for working through an environment in which change is the one true constant Richard D Legon President State Higher Education Executive Officers US *The New Balancing Act in the Business of Higher Education* clearly indicates the world's finest system of higher education as we have so long claimed is undergoing an identity crisis Stan Ikenberry begins by pointing with alarm to an eroding social compact the once well understood reciprocal responsibilities between higher education and society Then other leaders in a series of thoughtful essays outline the dimensions of our situation They

warn of the risks of pursuing new revenues without a firm grasp on core values and explore the challenges of rebuilding trust the centrality and growing marginalization of faculty academic leadership the pernicious effects of inertia the urgency of innovation and change and the evidence of successful leadership and adaptation Global forces have made success in higher education indispensable to almost all of the American people Without compromising on quality the nation needs substantially more widespread educational attainment We are in a crisis business as usual is entirely unacceptable The New Balancing Act in the Business of Higher Education is a step beyond denial toward essential change Paul E Lingenfelter State Higher Education Executive Officers US The nation s leadership in higher education is on the line and colleges and universities need tools and insights to remain competitive The New Balancing Act in the Business of Higher Education should be part of their toolkit Travis Reindl Director of State Policy Analysis and Assistant to the President American Association of State Colleges and Universities US In The New Balancing Act in the Business of Higher Education senior insiders and noted scholars assess the economic conditions facing America s universities and colleges in the 21st century The picture they paint is not bright In forthright and unflinching but far from despondent language the authors consider many important issues that must be addressed even as they are often wishfully overlooked stagnating college enrollment rates the need for cost containment and systemic reorganization institutional inertia contingent and contract faculty and the decline in state funding This volume is full of useful insights and clear interpretations to aid policymakers and scholars in shaping a more optimistic future for higher education in the US Clive R Belfield Queens College City University of New York US This volume part of the TIAA CREF Institute Series on Higher Education is based on a national conference The New Balancing Act in the Business of Hig

Inequality in the 21st Century David Grusky,Jasmine Hill,2018-05-15 This book provides selections from the seminal works of Karl Marx Max Weber W E B Du Bois and Charlotte Perkins Gilman that reveal some of the reasons why class race and gender inequalities have proven very adaptive and can flourish even today in the 21st century *History of Universities* Mordechai Feingold,2005-05 Volume XX 1 of History of Universities contains the customary mix of learned articles book reviews conference reports and bibliographical information which makes this publication such an indispensable tool for the historian of higher education Its contributions range widely geographically chronologically and in subject matter The volume is as always a lively combination of original research and invaluable reference material Critical Approaches to Women and Gender in Higher Education Pamela L. Eddy,Kelly Ward,Tehmina Khwaja,2017-01-12 This volume provides a critical examination of the status of women and gender in higher education today Despite the increasing numbers of women in higher education gendered structures continue to hinder women s advancement in academia This book goes beyond the numbers to examine the issues facing those members of academia with non dominant gender identities The authors analyze higher education structures from a range of perspectives and offer recommendations at individual and institutional levels to encourage activism and advance equality in academia
