Public Service Provision And Urban Development:

Public Service Provision and Urban Development Andrew Kirby, Paul Knox, Steven Pinch, 2017-10-12 Originally published in 1984 The authors of this study address a number of major themes related to the analysis of public services the role of public choice theory the importance of professors and organisations the value of neo Marxist theories and the importance of space These issues are considered in the context of case studies of school closures the provision of medical care the relationships between Federal outlays and presidential politics the provision of nurseries demand making in local government and the fiscal crisis facing many American cities The subject of public service provision is of great interest not only to political scientists but also to geographers and to sociologists This book presents a great deal of new thinking and new research from both North America and Britain

Harnessing Big Data in Urban Public Space Wanzhen Chen, Xue Wang, 2025-09-01 This book advocates new and advanced methods of big data technology so as to analyze the current status of the public space development in China In the eight chapters of this book it introduces the theories to develop urban public space the tools for analytics and evaluation the cases from China especially Shanghai and global With analytics and evaluation tools for its scale space layout and planning it aims to improve the quality efficiency and balanced development of public services such as healthcare and elementary education serving as the reference and support for decision making of governments

Smart Urban Development Vito Bobek, 2020-02-19 Debates about the future of urban development in many countries have been increasingly influenced by discussions of smart cities Despite numerous examples of this urban labelling phenomenon we know surprisingly little about so called smart cities This book provides a preliminary critical discussion of some of the more important aspects of smart cities Its primary focus is on the experience of some designated smart cities with a view to problematizing a range of elements that supposedly characterize this new urban form It also questions some of the underlying assumptions and contradictions hidden within the concept

Public Service Innovations in China Yijia Jing, Stephen P. Osborne, 2016-12-25 This edited volume presents case studies of the transformation of China's public services over the past decade in China As the country has experienced fundamental changes in its demographic economic social and environmental structures demands on public services have been increasing tremendously and have become unprecedentedly diverse In response innovations to provide new services expand service recipients adopt new technologies engage partners and streamline service processes have been employed widely in China to increase service efficiency enhance quality enlarge coverage and improve citizen satisfaction This book examines prominent cases of public service innovations in China disclosing their causes patterns diffusion and effects These cases provide interesting evidence about the nature and effectiveness of public service innovations in China while highlighting to what extent these innovations can be explained by accepted theories and whether new theory building is needed This book will be of value to academics and policymakers seeking to understand the evolving Chinese political system

Effective Supply Mechanism of Urban Public Goods

Baijun Wu, Maogang Tang, Zhen Li, 2025-03-17 This book meticulously elaborates on the theory of public goods supply delving into government supply market private supply voluntary supply and multi stakeholder cooperative supply mechanisms It conducts a comparative analysis of public goods supply and supply mechanism reforms across various countries Not only does the book establish a model illustrating the relationship between public goods supply and economic growth but it also examines the historical evolution of China's urban public goods supply mechanism reform specifically within Chinese cities Through this work the book distills the unique characteristics of China's urban public goods provision and uncovers the underlying issues and influential factors in public goods supply Additionally it explores the evolutionary trajectory of urban public infrastructure and public services analyzing supply mechanisms and performance Ultimately the book delves into the policies governing urban public goods supply analyzing the decision making mechanisms and influencing factors of these policies and offering insightful suggestions for ensuring the effective supply of urban public goods in China **Annual**

Report on Urban Development of China 2013 Jiahua Pan, Houkai Wei, 2015-04-14 This book focuses on China's urban development In China the process of allowing more rural migrants to become registered city residents in urban areas remains stagnant despite its importance to the Chinese government and the existence of a national consensus about it Cities can compulsorily purchase land from farmers at low or even no costs and most farmers whose families have relied on the land to make a living for generations do not profit from increases in land value Breaking down the established distributive system of rights and privileges requires legislation and law enforcement To this end we need to break through the current pattern of interests and respect the citizenization relevant rights of rural migrant workers The New Urban Economics

H.W. Richardson, 2013-04-15 This book was first published in 1977 Urban economics is a relatively young field of economics hardly existing except perhaps in real estate and land economics curricula before the 1960s Within the last few years especially after 1971 there has been a growth of interest in urban economic theory strong enough even to attract the attention of general economic theorists These new theoretical writings have been named the New Urban Economics NUE for short The aim of this monograph is to survey and assess NUE to evaluate its contribution to urban economics to offer a few extensions and to say something about the future direction of the subfield **Decentralizing Urban Development**

Programs Dennis A. Rondinelli, 1989 **Cities and Services** Steven Pinch, 2012-12-06 Caught between the twin pressures of rising public expectations and falling resources public services have become the subject of intense academic scrutiny and public debate Much of this controversy has been fuelled by a growing realisation that where people live has an important influence upon their access to services The so called postcode lottery The first part of this book considers what is meant by the term collective consumption and discusses the main differences between the British and American local government systems It examines various geographical schools of analysis which focus on jurisdictional partitioning locational efficiency externalities and locational conflict Subsequent chapters explore the relevance of public choice neo Weberian and neo

Marxist theories for an understanding of collective consumption The final section looks at ways in which spatial perspectives can be linked with broader theoretical approaches in the context of modern developments This book was first published in its current form in 1985 Planning Support Systems for Sustainable Urban Development Stan Geertman, Fred Toppen, John Stillwell, 2013-06-20 This book collects a selection of the best articles presented at the CUPUM Computers in Urban Planning and Urban Management conference held in the second week of July 2013 in Utrecht the Netherlands The articles included were selected by external reviewers using a double blind process
