Adventure Works Announces Quarterly Earnings Results

Earnings stronger than corresponding quarter for previous fiscal year.

Seattle, July 23, 2004: Adventure Works today announced net income of \$1.2 million, or \$.06 per share, for its sixteen-week fourth quarter of FY 2004 ended June 30, compared to a loss of \$2.3 million, or \$.57 per share for the last quarter of FY 2003. Sales were \$48.1 million, a decrease from the \$49.0 million reported for the same quarter a year ago.

The company's consultancy service unit reported EBITDA* of \$.8 million, a 5.5% improvement, even though contracts decreased compared to the same quarter last year. "Adventure Works continues to improve its services," said Annik Stahl, Chair of the Board and Chief Executive Officer of Adventure Works.

"A positive service shift contributed to fourth quarter results as did Adventure Works' continued operational improvements. Adventure Works' growth in branded consulting was offset by declines in our Web design service sector. It is encouraging to note that Adventure Works experienced improvement in our synergy service division toward the end of the quarter," Stahl noted. Adventure Works is nearly finished rolling out a new style of consulting services geared to start-up businesses.

Adventure Works' management anticipates that next quarter's earnings will be nearer to targeted growth levels of .5% to 1% in design services and 2% to 4% in consulting services. Adventure Works continues to expect EBITDA for 2004 of \$4.2 million to \$5.1 million and earnings per share for the year of \$.20 to \$.26

Adventure Works will broadcast its quarterly conference call over the Internet at 10:30 A.M. (Pacific) July 24, 2004 at <http://www.adventure-works.com>. The call will be archived on the site as well.

Headquartered in Bothell, WA, Adventure Works is one of the nation's leading consultancies and design firms specializing in synergy services.

Adventures in Misplaced Marketing Herbert Rotfeld,2001-09-30 The modern marketing concept with its focus on creating consumer satisfaction makes marketing seem beyond reproach Instead of its successes and failures Rotfeld focuses on the uses and frequent abuses of marketing analysis His book a collection of clearly observed and forceful case studies drawn from his personal research and study deals with the pragmatic realities of marketing and its limitations He argues that marketing can only serve consumer predispositions It cannot guarantee satisfaction When marketers lose sight of this they actually ignore their market Rotfeld takes the unusual approach of providing a fundamental view of the relationship between marketing and its customers He shows what can happen when that relationship is misperceived or its implications are mistaken Marketing gets misplaced For marketing practitioners and academics his book is a unique study of how marketing and consumers interact As Rotfeld explains Misplaced Marketing is a term I coined using marketing to refer to the marketing analysis of consumers and misplaced to mean either lost or ignored Many firms misplace marketing in the sense of losing track of what it is and what it can do many not for profit organizations do not use marketing in a way that could improve the results of their efforts Just because marketing is satisfying consumers does not mean it is above reproach since Al Capone satisfied many consumers too Moreover there are critics who fear marketing power and feel that any service to consumers is a problem for society This is misplaced marketing in the sense that it is misused abused or tied to products that do not serve society s interests Just because marketing perspectives are misplaced does not mean a product or service will fail nor does it mean it should be banned My book gives a perspective to understand the view of business critics and ways to improve business decision making The book also provides an unusual examination of the entire relationship of business to its customers
