Publishing Unwins

Philip Unwin

Publishing Unwins:

The Publishing Unwins Philip Unwin, 1972 This autobiography reflects the author's personal reminiscence of his years in the publishing business. He relates his memories of his working relationship with two famous publishers his uncles T Fisher Unwin and Stan Unwin.

A History of British Publishing John Feather, 2003-09-02 This comprehensive history first published in 1987 covers the whole period in which books have been printed in Britain. Though Gutenberg had the edge over Caxton, England quickly established itself in the forefront of the international book trade. The slow process of copying manuscripts gave way to an increasingly sophisticated trade in the printed word which brought original literature, translations, broadsheets and chapbooks and even the Bible within the purview of an increasingly broad slice of society. Powerful political forces continued to control the book trade for centuries before the principle of freedom of opinion was established. In the nineteenth and early twentieth centuries the competition from pirated USA editions where there were no copyright laws provided a powerful threat to the trade. This period also saw the rise of remaindering, cheap literature and many other modern features of the trade. The author surveys all these developments bringing his history up to the present age.

The Printing Unwins: A Short History of Unwin Brothers Philip Unwin, 2023-10-13 First published in 1976. The Printing Unwins is the story of the firm of Unwin Brothers, the saga that began with the enterprise of Jacob Unwin who started the business which grew over the years into the Gresham Steam Press and under his sons George and Edward into Unwin Brothers of London and Woking. The social and economic changes of the years are not overlooked and the book shows vividly the ebb and flow of fortune in a family firm with its strong strain of Nonconformity. With sympathy and humour the character and foibles of the various partners are described alongside their constant striving to satisfy customers, achieve technical advance and adequate financial return. The book will be of interest to students of literature and history as well to any professional in the world of printing.

Books As Weapons John B. Hench, 2016-10-15 Only weeks after the D Day invasion of June 6, 1944, a surprising cargo of crates of books joined the flood of troop reinforcements, weapons and ammunition, food and medicine onto Normandy beaches. The books were destined for French bookshops to be followed by millions more American books in translation but also in English, ultimately distributed throughout Europe and the rest of the world. The British were doing similar work which was uneasily coordinated with that of the Americans within the Psychological Warfare Division of General Eisenhower's Supreme Headquarters Allied Expeditionary Force under General Eisenhower's command. Books As Weapons tells the little known story of the vital partnership between American book publishers and the U.S. government to put carefully selected recent books highlighting American history and values into the hands of civilians liberated from Axis forces. The government desired to use books to help disintoxicate the minds of these people from the Nazi and Japanese propaganda and censorship machines and to win their friendship. This objective dovetailed perfectly with U.S. publishers' ambitions to find new profits in international markets which had been dominated by Britain, France and Germany.

before their book trades were devastated by the war Key figures on both the trade and government sides of the program considered books the most enduring propaganda of all and thus effective weapons in the war of ideas both during the war and afterward when the Soviet Union flexed its military might and demonstrated its propaganda savvy Seldom have books been charged with greater responsibility or imbued with more significance John B Hench leavens this fully international account of the programs with fascinating vignettes set in the war rooms of Washington and London publishers offices throughout the world and the jeeps in which information officers drove over bomb rutted roads to bring the books to people who were hungering for them Books as Weapons provides context for continuing debates about the relationship between government and private enterprise and the image of the United States abroad

Bedford's Victorian Pilgrim Michael Brealey, 2014-07-08 A close reading of the life and letters of William Hale White shows that some misunderstandings have arisen in the interpretation of this important figure The book offers such significant issues as doubt loss of faith and crises over vocation and church This work represents a revisionist approach to William Hale White It corrects previous studies at some important points questions existing interpretations and employs new theoretical strategies alongside fresh research in primary sources

Authors and Audiences Clarence Karr, 2000 From the 1890s through the 1920s the best selling fiction of Ralph Connor Robert Stead Nellie McClung Lucy Maud Montgomery and Arthur Stringer was internationally recognized In this intriguing cultural history of the conception production and reception of popular fiction Clarence Karr challenges the common assumption that best sellers are a conservative cultural influence reflecting and promoting traditional values By focusing on a society and its cultural leaders at a period when they were coming to grips with modernity Karr provides a new perspective on popular culture and the interaction between readers and popular authors

Paper Empires Craig Munro, Robyn Sheahan-Bright, 2010-07 This new volume in UQP's History of the Book in Australia series explores Australian book production and consumption from 1946 to the present day In the immediate postwar era most books were imported into a colonial market dominated by British publishers Paper Empires traces this fascinating and volatile half century using wide ranging research

Publishing in the First World War M. Hammond, S. Towheed, 2007-05-16 This book explores the publishing and reading practices formed and changed by the First World War From an exploration of British and Australian trench journals to the impact of war on the literary figures of the home front the essays provide new information about the production circulation and reception of reading matter during this time

A Bibliography of Bertrand Russell: Separate publications, 1896-1990 Kenneth Blackwell, Harry Ruja, 1994 Provides for the first time a full descriptive bibliography of Russell's writings Textually orientated it will guide the scholar collector and the general reader to the authoritative editions of Russell's works

Encyclopedia of Literature and Criticism Martin Coyle, Peter Garside, Malcolm Kelsall, John Peck, 2002-09-11 This Encyclopedia is the most comprehensive guide yet both to the nature and content of literature and to literary criticism In ninety essays by leading international critics and scholars the volume covers both traditional topics such
