Puede Prestarnos A Su Marido:

Puede prestarnos a su marido? Graham Greene, 2004

¿Puede prestarnos a su marido? Graham Greene, 2012-10-01

Doce historias con un tema común en las que Greene despliega algunas de sus mejores armas para llevar a cabo una aguda crítica de los tabúes de la mojigatería y la hipocresía de ciertos ambientes sociales. Toda la obra de un clásico del siglo XX al fin reunida en una colección. Greene supo aunar como nadie la intriga, la tensión narrativa y una profunda comprensión del ser humano.

Graham Greene's Narrative in Spain Mónica Olivares Leyva, 2015-10-13 This volume provides a detailed description of the literary contact between Graham Greene and Franco's Spain. Part I describes the most significant political events that affected the Spanish book industry under this regime with the first chapter offering an account of the methods of control created to exercise authoritative influence over the cultural scene. Part II explores critical studies of Greene's artistic output in Franco's Spain and the second chapter investigates literary critics' evaluations of the author as published in the national press, magazines and journals as well as in the prologues, introductions and prefaces to his books. Parts III and IV study the role played by the book industry in the reception of the writer in Spain as well as the obstacles it faced at the censorship office. Accordingly, chapters three to six provide the names of the publishers and booksellers who attempted to disseminate his work throughout the country. Using the censorship files, these chapters measure with great precision publishers' interest in Greene's works and establish the power Franco's censorship wielded over the reception of his literature in Spain. The final section of the book brings together a number of significant conclusions developed throughout this study. As such, Graham Greene's *Narrative in Spain* provides the reader with a comprehensive overview of the roles played by national literary criticism and the book industry in the reception of the author's works in Franco's Spain as well as of the influence exerted by the regime throughout the whole publishing process.

¿Puede prestarnos a su marido? y otras comedias de la vida sexual Graham Greene, 1999 Graham Greene 1904-1991 es uno de los grandes creadores del thriller y en su obra está el germen de todas las derivaciones que posteriormente ha tomado el género. Entre sus obras más exitosas se cuentan *Nuestro hombre en La Habana*, *El factor humano*, *El americano impenetrable*, *El poder y la gloria*, *El tercer hombre* o *El consuelo honorario*.

El agente

confidencial Graham Greene, 2012-11-01 Green escribió esta novela negra en solo seis semanas en 1938 y confiesa en el prólogo: *El agente confidencial* es uno de los pocos libros que he escrito que me ha interesado volver a leer tal vez porque no es realmente mío. Fue como si lo vampirizara. El libro avanza con rapidez porque no tuve que lidiar con mis propios problemas técnicos. En el fondo estaba vampirizando la novela de un viejo escritor que murió poco antes de que él estudiara en que yo trabajaba volando por el aire. Todo lo que puedo decir como excusa y con gratitud hacia una sombra honorable es que *El agente confidencial* es mejor novela de intriga que la que escribí. Ford Madox Ford cuando intentó el género en *Vive Le Roy*. Inspirada en la Guerra Civil española la protagoniza un profesor de literatura que debe conseguir carbón para el gobierno.
